Newton Dramatic Club Presents "Whose Bride"

Audience Enjoys Merry Comedy
By Amateur Actors

The Newton Dramatic Club gave on March 26th a merry comedy, "Whose Bride," which was full of clever situations and mystery suspense and which kept the large audience in laughter from beginning to end. The two bachelors, Messrs. Griffin and Pleper, were confronted with the sudden appearance in their apartment of Marie Duquesne (Narcissa Varney) who burst on their amazed vision in a long white satin wedding gown with exquisite Brussels wedding veil and carrying a huge bridal bouquet of lilies of the valley and orchids. She had fled on the roofs from the altar and begged protection for a few days from the irate bridegroom. That she discovered in the meanwhile the hidden safe and the jewels and later signalled into the street convinced the audience that they were admitted into a neat crook game. Complications followed quickly with the appearance of each character, the Inspector (Donald Wilbur), Pelham (Edgar Swail), Dr. Sanborn (Irving Locke), and O'Brien (Jack Allen). Of course the aunt of the bachelor, Miss Travers (Mrs. Railshack), and the butler James (Don Cummings), were beyond suspicion as they so carefully safeguarded the interests of the house. When in the last act the butler with his pistol leveled on Marie proposed to her as she covered him with her pistol the conjectures of the audience as to the criminal went all awry. Marie as detective suddenly admits the inspector and at final curtain the romance which had begun when the younger bachelor first saw her was consummated.

The cast was cleverly selected for its ability. Mrs. Railshack, always a finished actress, gave an excellent impersonation of Miss Travers. Miss Varney carried the audience with her as she gave to her part first charm and magnetism and then fell into a crook's lingo and actions, finally returning to her true part of charm. Mr. Edward Griffin, always favorite with Newton audiences, was irresistible as the crocky Mortimer, who finally unfolds to romantic benevolence under the steady attack of the designing Marie. Robert Pleper was excellent as the younger brother in an exacting role. Don Cummings, as suave butler and crook elicited applause, and the work of Messrs. Wilbur, Swail, Locke and Allen was heartily approved by the audience. The play was coached by Mrs. Everett W. Varney, who gave a finish and perfection to a difficult task.

There was dancing following the play.

LEAVES \$5000 TO BOSTON
COLLEGE

The will of the late Mrs. Mary Logan of College road, Chestnut Hill, has been probated and shows that she left an estate of \$82,000. Apart from bequests to relatives she left \$5000 to Mary F. Carey of this city, a life-long friend, and \$5000 to Boston College, in memory of her husband, the late James F. Logan.

Start Now—Don't Wait!

Most people agree that everyone should save money. Some immediately start to accumulate their funds. Others let the precious months and years slip by, expecting, always expecting, they will start soon. Early middle age, middle age, late middle age and old age creep in upon them. Will the passing years find you well on your way toward your money goal? We hope so. No time like the present! Start Now!

Welfare Clothing Chest Meets Demands

Closed After Three Months Work
On Unemployment Relief

The Clothing Chest which the Newton Federation of Women's Clubs maintained in rooms provided by the Mayor's Relief Committee and in cooperation with the Newton Welfare Bureau was closed on March 13th after having been in operation on five afternoons of every week since December 15th. The heavy demands for winter clothing for Newton's needy citizens have been met, pressure on the staff of the Bureau is less, and the time has come when the distribution of clothing can be better and more unobtrusively done by the Newton Welfare Bureau as it has been done for many years.

During the three months of the operation of the Clothing Chest, clothing was given to 316 families, some of them 3, 4 and even 5 different times. Over 10,000 articles of clothing were given out by the 75 women who at different times worked there. \$2200 was spent in new clothing by the Mayor's Relief Committee which was, of course, included in the 10,000 and over.

The Newton Federation of Women's Clubs wished to thank the many club women who put their time and strength, patience and good will into the tasks of collecting, sorting and distributing so many hundreds of garments. It also thanks the general public who have given it coats and suits, dresses and hats, shoes and underwear in great quantity and often of high quality. Acting merely as middleman, the Federation has helped in this way to maintain the morale of the working men and women and to send the children to school.

However, many many of the 316 families are still in arrears for rent, for fuel and for food and will continue to need help in the way of clothing for spring and summer. As the house wife puts away winter garments and takes out those of light weight let her not forget this need but send every thing that the children have outgrown or that she and her husband can spare to the Newton Welfare Bureau, 12 Austin St., Newtonville. The old friends of the Bureau can be depended upon and the many new ones it has made by its fine work this winter will want to continue their support of it.

ELECTED TO SAFETY COUNCIL

The Massachusetts Safety Council, of which General John H. Sherburne of Brookline is the president, has elected Alfred N. Miner as chairman of its Newton committee. The Council has 105 members in this city affiliated with its Safe Roads Federation branch, and is to expand this to 500 as a part of its spring campaign for the reduction of motor vehicle accidents. The city is to be well represented in the State Safety Conference to be held at the Hotel Statler, Boston, April 29 and 30. Professor Ernst Hermann is to speak on "Vacation Schools without Books," representing the playground directors of the state, and Professor Gordon B. Wilkes is on one of the luncheon meeting programs. Several Newton clubs are sending delegates to the conference, which will be addressed by Governor Joseph B. Ely and several experts in highway and industrial accident problems.

Newton Students Get High Marks In Exams

Newton Leads Country In College
Entrance Tests

Students of the Newton High school were among the leaders of the public and private schools both in this country and abroad in obtaining high ratings in the College Entrance Examinations held last June.

Robert Kengott, Newton High '30, and now a member of the freshman class at Massachusetts Institute of Technology, received a mark of 99% in Plane Trigonometry. This was the highest mark received by any of the 1930 students taking this examination. Herbert Walley, a junior at Newton High school but a sophomore when he took the examination, was one of three students who received a rating of 90% in Botany, the highest among ninety-six candidates throughout the country. Incidentally this is the second year Newton High has had a student making the highest rating in this study.

These individual records are unusually outstanding in that they are the best records from the 1930 schools, public and private, representing 23,478 students and 72,337 different College Board Examinations taken last June. These examinations are recognized as the highest entrance standards in the country.

The Newton High School was also first among all the public schools in cities of its size or smaller in the number prepared for these examinations. Only two public high schools in the country out of a total of 1115 have sent more students to college through these examinations. These two schools, Boston Public Latin and New Haven High School, are located in cities considerably larger than is Newton.

Of the twenty-five Newton High graduates who entered college through the College Board Examinations seventeen entered with honor grades and all candidates passed 96% of the examinations taken. The record for the country was 69%. These students entered the following colleges: Vassar 2, Mount Holyoke 6, Radcliffe 5, Wheaton 1, Wellesley 6, Smith 3, Connecticut 1, and Brown 1.

The highest individual records of candidates who took three or more examinations were:

First, Robert Kengott '30, winner of the Meserve Scholarship — English C. 90, Math D 94, Math E 99, Physics 88, average 88.5%. Second, Harrison Carlson '30 — English C. 90, French B 82, Math D 97, Math E 88, Physics 92, average 85.3%. Third, Richard Jarrell '31 — French C. 75, Math A 82, Math C 99, Average 85.3%. Fourth, Helen Brooks '30 — English 88, History D 83, Lat. C. 94, French B 80, Physics 78, Average 83%. Fifth, Lois Stafford '31 — History A 87, Lat. C. 80, Math A 81, Math C 75, Average 80.75%.

Unemployment Relief For 300 Workers Ends

Committee To Continue To Function
And Form Plans

Tuesday, March 31st terminated the employment afforded to nearly 300 men during the winter months through the medium of the Mayor's Relief Committee. At the request of the Mayor the Board of Aldermen had appropriated over \$100,000 for work on playgrounds, at the water reservation and for other purposes. Considerable money was also donated by individuals and organizations to relieve persons in want because of the long continued depression. It is the hope of the Mayor that business conditions will improve and that the men assisted through the Relief Committee will be able to obtain employment through private sources.

The Relief Committee will continue to function and will keep up its activities through the coming months at its office, 1351 Washington street, West Newton. The Chairman of the Committee, Leon B. Rogers will be at the office on certain days of each week and the secretary, Harold F. Young, will give a portion of his time to the work. A regular force will be maintained at the office and residents of Newton are urgently requested to call upon the office whenever they have work to be done. Men are available for work of any type. The office telephone is West Newton 2700.

Mayor Weeks has appointed a special committee to formulate plans to permanently assist persons in this city seeking employment. Leon B. Rogers has been designated chairman and other members of this committee are Elliott B. Church of the Newton School Committee, Roy V. Collins, president of the Board of Aldermen; Rev. Timothy Curtis of Sacred Heart Church, Newton Centre; Ruth Chapin, secretary of the Newton Welfare Bureau. This committee will make a study of the consolidation of all charitable activities in the city, the establishment of an employment bureau and the reorganization of Soldiers Relief work.

SPORT NOTES

Andres Not On Trip South

Hal Andres, three-sport Dartmouth athlete, did not accompany the baseball squad on its spring southern trip which began the end of last week. Andres, although second string catcher, played many games in the outfield the past two years but with the graduation of Bart McDonough, 1930 captain and star catcher, the Newtonville youth may win the regular berth behind the bat. If he will undoubtedly patrol one of the sectors in the outer gardens when the team returns the middle of next week.

Kollmyer Fit Again

Hamilton Kollmyer, former Newtonville youth and Newton high and Exeter Academy track athlete, now a sophomore at Harvard, is in shape for active participation during the coming outdoor season. Kollmyer was expected to be a mainstay of the Crimson varsity mile relay team this past winter but a long siege of illness kept him out of competition. Practice at Harvard began this week with the athletes working under the added incentive of a trip to England with members of the Yale squad to meet the Oxford and Cambridge teams.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

TO PLAY PRACTICE
GAME AT WELLESLEY

Newton High and Wellesley have scheduled a practice game at Claffin Field for tomorrow morning at ten o'clock at which time Coach Sullivan of the orange and black will get a chance to see his charges under pressure. Several informal games have been played during the past ten days between two teams from the Newton squad but facing strange pitchers will give the locals far better preparation for the opening game with Woburn High a week from tomorrow afternoon.

Coach Sullivan has little worry regarding his battery this coming season unless sore arms or other unforeseen incidents crop up to alter the situation. Behind the bat Tommy Lyon and George Hildreth are running neck and neck for the first call with two other promising candidates pressing them all the time. This latter pair is Bill Lansen, former Our Lady High catcher, and Norbert Champagne, Newton junior. Lyons looks exceptionally good while Hildreth was the regular receiver last year. It is possible that the Newton mentor may yet switch Hildreth to the outfield in view of the available material for service behind the bat.

George Kraber and Tommy Rhodes are the leading pitchers although recognition must be given Jimmy MacAdams and Phil Giles. Kraber pitched several victories last year and with these to give him confidence should add to his list this season. He has lots of stuff on the ball and has control of it but is apt to lose confidence in his own ability when runners are on base or the situation becomes critical.

Emery F. Swan of Newton Centre was among athletes at Moses Brown School of Providence who were awarded minor letters in soccer recently.

Gets Letter to Moses Brown

Emery F. Swan of Newton Centre was among athletes at Moses Brown School of Providence who were awarded minor letters in soccer recently.

Warren To Play Shortstop

The keystone pair on the Yale varsity infield this season will both be Newton high school stars of a few years ago. The Eli ballplayers started on its annual southern trip this week with Edgar Warren listed as shortstop and Allie Fletcher at second base. Warren, a junior, was the varsity third baseman last year, a position which he held on the 1928 Newton high Suburban league championship nine. He has been moved to shortstop this year, chasing Albie Booth to the outfield and turning over his old position at the hot corner to Dick Kimball, former Andover star.

In 1929 Warren led the Blue squad at bat and his fielding was so consistent that Coach Wood cannot afford to keep him on the bench. Fletcher captained the 1929 Newton high Suburban league nine and was a sensation at second on the Eli yearling nine last season. He also played second on the team with Warren in 1929. The two Newton boys should go well together this year. Fletcher will bat fifth in the order and Warren seventh.

Yale Wins Opener

With Allie Fletcher and Edgar Warren playing important roles Yale opened its 1931 baseball season with a 4 to 0 shutout of Virginia yesterday to start its southern trip in victorious manner. Yale made ten hits four of which were by Fletcher and Warren with two apiece. Fletcher scored twice and Warren once to chalk up three-quarters of the Blue's runs. In the field Warren had four assists and one putout and Fletcher had one assist and three putouts. Neither made an error. Fletcher started one double play with Warren taking the ball at second and whipping it to first to retire the second man.

Charley Butler, veteran first baseman, will in all probability hold down the initial sack again as his six feet five inches is valuable at that position.

He improved considerably towards the end of last season with the bat and should be well up with the leaders this year. If he needs relief it will be either Bill Terry, former Newton Upper Falls A. A. first baseman, or Al Robinson, intermediate first-sacker in 1930 who will get the call. Terry may be switched to an outfielder because of his batting strength. At second Warren Colby is all set for a great season. He led the Newton team with the stick last year and will without doubt be in the cleanup position in the batting order this season. He has improved considerably at handling the ball and can be relied upon for his share in possible double plays as either the pivot or in getting them started in the right fashion. Colby's teammate in the middle of the infield will be Warren Huston, another sophomore. Huston has a considerable amount of natural ability which relieves the pressure of inexperience with varsity baseball. His work in the infield practice to date has been reminiscent of Frank Spain although Huston is a heavier youth than the present Dartmouth freshman star was when he broke into the Newton line-up and soon forged his name among leading Newton high baseball players. Little is known of Huston's ability with the stick but he has shown up fairly well in batting practice. Norman Appliance, substitute infielder last year, has the lead in the race for the hot corner position. He possesses a strong arm and has improved some.

RIVERSIDE GOLF ASSOCIATION
MEETS

A meeting of the Riverside Golf Association was held Monday night at the home of the President, C. Alden Specht of Auburndale. The chairman of the various committees presented full and completed outlines of work to be done this season including the tournaments to be held. Plans were made for an open tournament on April 19. Mr. Abrams, Secretary of the Association, led an interesting discussion regarding the playing of golf on Public Courses on Sunday. The Association voted to acknowledge the fine co-operation and excellent work done by Captain Garrett of the Metropolitan Park Commission and all his employees at the Riverside Public Links.

HUNNEWELL CLUB

A wrestling exhibition, open house and smoker was held last Saturday evening at the Hunnewell Club under the direction of the entertainment committee. In the first bout Alzer and Marchiondi wrestled thirty minutes to draw. The second bout between Big Boy Peterson of Boston and Davis, ex-Tufts coach, went to the former with two falls out of three. Davis won the first fall after a little more than thirty-three minutes of constant action and Peterson took the second fifteen minutes and thirteen seconds later. Davis sprained his wrist slightly and Peterson finished the bout with a fall in four minutes and two seconds. Ned Greene refereed the bouts. Dr. S. N. Loveland was the timekeeper and Ralph Emery was the radio announcer. Nearly one hundred and fifty members and guests of the club were present.

MAY HAVE INFORMAL
SPRING FOOTBALL

Hall Wins More Honors

Charlie Hall, ex-Newton captain and now an M. I. T. freshman, has won another honor to those he earned during the past winter indoor track season. He was recently judged the high total point scorer of a seven-event track and field affair on freshman physical training competition with a total of 533 points out of a possible 700. The septagon is an experiment by track coach Oscar Hedlund among freshmen substituting track for compulsory physical training. Hall's performances in seven out of eight possible events were: shot put 32' 9", scoring 20 points; broad jump, 18' 7", 70 points; 60-yard hurdles, 7' 2/8s, 90 points; 50-yard dash, 5 4/5s, 90 points; 440-yard run, 55 4/5s, 79 points; 880-yard run, 2m 5 1/5s, 81 points; one-mile run, 4m 39 3/5s, 83 points. The point system is based upon 100 points for a record performance. Hall's time in the mile was one of four new freshman records. The Newton year did not compete in the high jump, the eighth event, although his total was higher than 519 that of the winner of last year's competition. Hall led his nearest competitor, E. E. Lockhart, by sixteen points.

Prospects for intensive spring football practice at Newton High under the newly appointed coaches, Ralph Sanborn and Charles Considine, are remote although it is quite possible that a few informal sessions will be held. Head coach Sanborn will handle the intermediate varsity baseball team again this season which will confine his football activities to a minimum. The problem of uniforming a squad and provision of a playing field other than the new gridiron are other insurmountable obstacles. With three baseball teams occupying practically all of the Claffin Field available the only space that could be used is the new gridiron which would suffer considerable damage if used extensively this spring. Still another factor which precludes much football work is the fact that most of the candidates for football next fall are now actively participating in either baseball, tennis, golf, and other sports and any group reporting would necessarily be confined to those not now active which would bring out but a small group. Were it not so late it is possible that Coach Sanborn would consider the idea of occupying the few weeks between the close of the hockey and basketball seasons and the opening of baseball with football practice. Any practice that is held during the next week or two will be entirely informal and will mean but little.

Coach Sanborn is highly pleased at the prospects of having ten lettermen from last year's squad available for the 1931 season which in addition to players with some experience last year will give practically a veteran for every position. The new coaches, Sanborn and Considine, have the best wishes of all those interested in high school athletics.

SPORT NOTES

Wilson On Third

When Arthur Wilson takes the field at third base for Boston University in its game with Harvard at Soldiers Field he will be the second Newton High athlete to make a college varsity nine this year as a sophomore. Wilson played third base on Captain Allie Fletcher's 1929 Suburban league championship outfit and was the outstanding member of the Terrier yearling nine last year. Captain Jack McCullough, also an ex-Newton captain, will play left field. Victor Stout, a former Newton high infielder, and Leslie Church, former Newton high pitcher, are reserve pitchers on the Pioneer squad. Last year Stout was used as a utility player by the B. U. coaches because of his ability with the stick. The chances are that he will be given the opportunity to pinch-hit occasionally.

Whirlwinds Win

The Newton Whirlwinds, Newton's entry in the intermediate division of the Boy's Club of Boston basketball tournament now going on, won its first round game Wednesday night against the Pleasant A. C., 68 to 9. Gallagher and Gramzow of the Our Lady High five and Kaspar of the Y five the past season, tallied ten points each for the Whirlwinds. Lansen led the local quintet with sixteen points and was followed by Pattison who divided the time at centre with Lansen, with twelve points.

Smith Loses To Anderson

M. H. Smith of Country Day School and J. F. Anderson of the Harvard Business School met Wednesday in the final round of the Class D. individual state squash racquets tournament at the Union Boat Club. Anderson won the match which went to four games with Smith taking the opener.

Win National Mixed Doubles

Miss Sarah Palfrey and Lawrence Rice, the latter a Newton Centre man, won the national indoor mixed doubles tennis championship at Longwood last Saturday. The pair defeated Mrs. Geo. W. Wightman and Henry Guild in straight sets, 6-4, 6-4. The Wightman-Guild team had reached the semi-final round on a default of a quarter-final match by Margaret Blake and Richard Harte, defending champions. Harte is an alderman from Chestnut Hill and a former star Harvard athlete. Mr. and Mrs. Malcolm T. Hill of Waban were another local pair in the tourney. They were eliminated in the quarter-final round by Miss Katherine Winthrop and Arthur Ingraham, who in turn were defeated in the semi-finals by the Wightman-Guild team.

ROTARY CLUB

A hog is a grown-up pig and pigs are little hogs, according to Mr. George C. Griffith, who addressed the Rotary Club at the weekly meeting. Rotarians learned a great deal about pigs and were not a little amused at much of Mr. Griffith's talk. The speaker has a very large farm at Reading for the raising of pigs and is a member of the Reading Rotary Club classifying as "Pig-Raising." His account of the breeding of his special bluish colored pigs called "Saphires," the blacks and whites named "Fifty-fifty," and the red-heads answering to the name of "Ruby" was most interesting. At the close of the talk a sample of each of these little fellows was produced, and being well-groomed and well-trained, they seemed to feel quite at home on the carpet of the Woodland Club.

Mr. Griffith was a Harvard student for three years in the late nineties and was expected, he said, by his parents to take up one of the learned professions, but the call of the farm and the out-of-doors was too loud. Incidentally, his interest in pigs led him to a study of eugenics, and he closed his address by some wise observations on the value to society of selective human breeding and the avoidance of propagation of the unfit which are now so great a menace to our civilization.

DOG THAT BIT BOY HAD RABIES
A police dog which bit William Coutage, 8, of 50 Rangeley road, West Newton, last Sunday and which was shot at Weston the next day, had rabies. The head of the dog was sent to State chemists for examination and Newton officials were notified Wednesday that the dog had the dread disease. The boy is undergoing Pasteur treatment. The dog wore no collar and its owner is not known.

N. V. A. SUPPORTS WORTHY CAUSE

To those members in need the N. V. A. stands for all that is benevolent and merciful. Without the aid extended by this powerful organization the lot of a distressed member of the profession would indeed be desperate. The very nature of their employment leaves them helpless when their earning capacity ceases.

BROWN—WOODS

Miss Helen Woods, daughter of Professor and Mrs. Frederick S. Woods of 123 Sumner street, Newton Centre, was married to Charles Jefferson Brown, son of Mr. and Mrs. Charles C. of 151 Allerton road, Newton Highlands, on Saturday evening, March twenty-eight, at eight o'clock at the First Church in Newton, Newton Centre. The ceremony was performed by Rev. Dwight Bradley. The church was decorated with ferns and candles. Mr. D. Ralph Maclean played the wedding music.

Miss Emily Woods, sister of the bride, of Newton Centre, was the maid of honor. The other attendants were Mrs. Ralph D. Thompson, Mrs. Walter Payne Raynor, Mrs. Hans Kurt Fischer, all of Newton Highlands; Miss Eloise Andrews and Miss Kathleen Andrews both of West Newton, and Mrs. Benton M. Spruance of Germantown, Pennsylvania.

Mr. Philip D. Hardy of Newton was the best man. The list of ushers included Milton Forde of Naugatuck Conn., Henry Lawson of New York City, George Kelley of Brooklyn, John Gray Hardy of Newton and Portland, Maine, Russell W. Clarke of Boston and Dr. Ralph D. Thompson of Newton Highlands.

The bride's gown was of white satin in empire style and her veil of Brussels lace. She carried lilies of the valley and pink sweetheart roses. Her attendants were all gowned in pink ruffled taffeta with narrow velvet

sashes of lavender and carried old-fashioned bouquets of lavender sweet peas, violets and pink sweethearts roses.

A reception was held at the Brae Burn Country Club which was attended only by close friends and relatives. The couple were assisted in receiving by their parents.

After a wedding trip to the South Miss and Mrs. Brown will reside at 60 Waldorf road, Elliott.

The bride attended Mr. Holyoke and the groom is a graduate of Brown University, class of 1927.

NEWTON STUDENTS RANK HIGH

(Continued from Page 1)

The following students obtained seventeen marks of high honor grade 90-100% in one or more subjects:

Helen Brooks '30

Inez Buckingham '31

MORAL DELINQUENCY

During the past few weeks rumors have been circulating about the city regarding moral delinquency among pupils of the Newton High school. Like all rumors the further they go the more exaggerated they become. Having once been a Newton High School pupil we rise to the defense of the present student body which we believe has similar principles and ideals to those of ten, twenty, thirty or more years ago.

At the present time over twenty-five hundred pupils, approximately equally divided between boys and girls, are enrolled in the high schools. Naturally it would be impossible for anyone, even a school official, to state that there was no moral lapse on the part of one or more of this number. It is just as impossible to give credence to the various exaggerated reports. The one case called for investigation upon the part of school authorities has not been established as definite. During the past seven years there has been but one other such incident which, as a matter of fact, was not traceable to school conditions.

Among educators it is believed that the public schools of Newton are not excelled anywhere. This fact is responsible for Newton's high scholastic ranking, which we have commented upon in the past. Such a standard certainly could not be maintained over a period of years with the moral conduct of the pupils below par. Neither would there be the opportunity for immoral conditions to prevail with one teacher to every twenty-three or twenty-four pupils, as Superintendent Wheeler states. We unhesitatingly express our belief that moral conditions at Newton High school are as excellent as in any other city or town.

PLACING THE RESPONSIBILITY

When the subject of the previous editorial is discussed it is well to keep in mind two of the most important factors. Today school enrollment is far greater than in past generations and yet, we believe, the standard of morality is proportionately as high. Today many of the pupils of high school age operate their own automobiles, witness certain types of motion pictures and are otherwise freed from parental restraint by comparison with their ancestors. They have more opportunity to meet and are more frank and plain spoken, yet are not necessarily any the worse.

They are under the supervision of their school teachers but little more than five hours on five days of the week. With these things in mind it is difficult to understand why the school is charged with the responsibility of moral delinquency. In maintaining a high standard of morality the school needs the co-operation of the parents for in the final analysis the larger measure of responsibility lies with the parents in knowing to some degree at least what use is made of the hours after school is over.

IMPORTANT HEARINGS

Considerable interest is being manifested in three of the public hearings to be held by the Board of Aldermen at its regular meeting next Monday evening. One of the subjects to be discussed is the advisability of making Washington Park, Newtonville, a one-way street between Park Place and Walnut street. The restriction would be to prohibit traffic from turning into Washington Park from Walnut street. A second hearing on the subject of traffic will be held on the proposal to make Crescent Ave., Newton Centre, a one-way street between Beacon St. and Norwood Ave., with traffic being prohibited from coming out onto Beacon street. The third important hearing is the result of agitation of residents of the Newton Corner section in the vicinity of the Boston Elevated car tracks who seek alleviation of the noise made by the cars now in use on all-night runs.

CONCLUSIVE EVIDENCE

We do not need to comment again on the high scholastic ranking of Newton High school students, but we would call the attention of every reader to the first page article on the results of the college entrance examinations last June. Such results are conclusive evidence of Newton being a good place in which to live that the children may attend the Newton schools.

April showers bring May flowers.

UNDER THE GILDED DOME

The fate of the general appropriation bill, commonly known as the State budget, is to be determined next week. Governor Ely is not satisfied with the report of the Ways and Means Committee of the House which has failed to include in the general appropriation bill items for building construction which the Governor desired. The committee declares that it has allowed to remain in the bill items providing for building and has cut out those which may well be postponed. The bond issue favored by the Governor has been discarded by the committee which has also provided for an increase of \$1,000,000 in the State tax. The whole matter now appears to be in a chaotic state, but it would not be surprising if some agreement was reached between the Governor and the Ways and Means Committee whereby a clash would be avoided. Although the public may not be stirred to any great extent by the situation it is the main topic of discussion among legislators. There will be lively doings next week in any event.

The State Department of Public Works has resumed the monthly publication of the road map and detour bulletin which reveals conditions on through routes in the State. The April bulletin is now available and may be obtained on application at the State House unless you are fortunate enough to secure one through your local Senator or Representative.

The Attorney General has ruled against a referendum on the increase of one cent in the gasoline tax. He finds that it is not a measure that may be submitted to the voters. In consequence opponents have taken the matter to the Supreme Court. The increase begins May 1 when the tax will be advanced from two to three cents a gallon.

The bill to place employers of domestic servants under the State labor laws was killed in the Senate. The bill is introduced regularly each year and almost always passes the lower branch and is rejected in the upper. The same thing happened this year. Argument was offered by friends of the bill that domestic servants should be entitled to the same protection of the State's labor laws as are those employed in other pursuits. Newton's legislators in both branches were against the bill.

The Massachusetts Association of Boards of Health, of which Dr. Francis G. Curtis of the Newton Board is president, has started an investigation in an attempt to lessen the menace of rabies in Massachusetts. The menace of rabies in this State could be materially lessened if police of cities and towns would enforce the law relative to dogs being licensed and wearing a collar bearing the name and address of the owner.

Plans have been prepared for a wire fence around Boyd Park and it is expected that bids will be asked for within a week. Laundry Brook, which runs through Boyd Park playground, was covered by a large conduit last year and the park graded at an expense of over \$40,000. But, unless this playground is protected by a fence the ground will not have a chance to become properly grassed over and the playground equipment which might be placed at Boyd Park would, in all probability, be ruined as former equipment was by young rowdies from other sections who made a habit of congregating at the park nights.

Mayor Weeks promised last autumn that he would ask for an appropriation to build a fence around Boyd Park before the grass commenced to grow this Spring. And as the grass is about to start growing and the Mayor will leave on an extended trip next month, his recommendation for the Boyd Park fence should come before the Aldermen next Monday night, or at the following meeting. Boyd Park, graded, grassed over and properly protected from marauders should develop into one of the most largely patronized playgrounds in the city. It is located in the midst of a thickly settled district and was not popular before the brook was covered because of the danger the open stream presented to small children.

A final attempt was made without success in the Senate to kill the bill lengthening by one hour the time on Sunday afternoons during which sports may be played. The principal petitioners were those who want to see double-header baseball games Sunday afternoons which the present law does not allow for the reason that it is almost impossible to play two games between 2 and 6 p. m. The legislation passed this week means that games may be played from 1:30 to 6:30 which permits of double-headers. The playing of games is allowed on Sundays only in such cities and towns as have accepted the act by referendum. Newton is one of these.

An unsuccessful attempt was made to pass legislation creating a medical research board in the State Department of Health but the Senate voted against it, 17 to 6.

There is pending in the Ways and Means Committee of the House a recommendation of Governor Ely that a sum not exceeding \$10,000 be appropriated out of current revenue to be expended under the direction of the Governor for a proper representation of the Commonwealth at the Yorktown Sesquicentennial celebration of the surrender of the British army under Lord Cornwallis to the American Army under General Washington.

The much discussed legislation for the improvement of the Charles River basin for recreational and other purposes has been enacted. Before final action was taken an emergency preamble was attached which makes it possible that an early start be made on the extensive program of work.

Newton Lower Falls

—Mrs. D. J. Cooney of Moulton street has recovered from her recent illness.

—Many friends of Lieut. James Donahue of Walnut street extend their congratulations to him on his recent promotion.

The Wellesley Women's Catholic Club will hold a Bridge and Whist party in St. John's Hall on Thursday evening, April 16. Mrs. C. F. Lane will act as hostess.

—Mrs. George Edwin Peters and Mrs. Fred Leatherbee served as hostesses for the Junior Assembly which was held at the Neighborhood Club House on Berkeley street on last Saturday evening.

West Newton

—Miss Ann Rae, daughter of Mr. and Mrs. Benjamin G. Rae of 333 Otis street is taking a trip to Bermuda.

—On Easter Day the music of the Second Church will be sung by the Combined Choirs of over one hundred voices.

—Mr. Marshall Glazier, of 367 Walnut street is spending the remainder of the season at St. Petersburg, Florida.

—Mrs. George Edwin Peters and Mrs. Fred Leatherbee served as hostesses for the Junior Assembly which was held at the Neighborhood Club House on Berkeley street on last Saturday evening.

ABOUT TOWN

By Edw. H. Powers

Hon. Alvan T. Fuller who has been giving very positive opinions on matters economic and political indicated he may enter the political fray. Mr. Fuller recently said — "I have returned from Elba." Surely, he must know that "the return from Elba" was followed by Waterloo.

Along Tremont street, Newton, yesterday were newspapers and other debris scattered by the wind. This rubbish, blown from barrels and boxes, had scattered over neighboring lawns and certainly did not improve the appearance of the section. Such a sight is frequently seen in this city and can be attributed to carelessness persons who put out waste paper without taking any precaution to keep it from being blown out of containers.

The Metropolitan District Commission has had a crew of men transplanting hundreds of trees along Charles River Parkway between Newton and Fenway. This expensive job is made necessary because the huge 60-inch water main to be laid this summer through this city from West Newton to the Boston line will follow the parkway along the edge of the roadway where the trees formerly were located.

The new bath house at the Charles River between Newton and Fenway brings back memories to the old boys who went "swimmin'" down at the marsh when the Charles was a tidal stream up to the paper-mill dam at Watertown. The flood tide would bring up the gore from the Brighton abattoir, and the ebb tide would bring down films of tar from the gas works at Watertown; said tar frequently giving a sticky coat to some unfortunate kid who would then have a job scrapping it off. Despite these drawbacks, the water in the Charles in the old days was probably purer than it is during summer seasons now. The tides surely flushed out the river. There is so little flow of water in it during the summer months that the refuse from upstream gets into the basin below the Watertown dam and certainly does not make the water in the basin any purer.

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As God himself is good and in Spirit, goodness and spirituality must be immortal. Their opposites, evil and matter, are mortal error, and error has no creator. If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God," (p. 277).

increases the legal speed at which automobiles can be driven. Senator Hollis of Newton opposed this bill, calling attention to the 800 persons killed by automobiles in Massachusetts last year, largely due to speeding. He asserted the Legislators are catering to speed rather than to safety. Senators Holmes of Weymouth and Shanahan of Swampscott defended the bill, offering the brilliant argument that "all drivers must now operate with due regard for safety, and the proposed bill will prevent policemen from bringing motorists into court when they have not been driving dangerously."

There is a determined fight being waged to wipe out of existence the compulsory liability insurance in Massachusetts for automobiles. One of the big arguments against compulsory insurance is—that thousands of cars are being operated on highways on which registration has been revoked and insurance cancelled, but whose registration plates have not been returned. This is some argument. If the large force of the Registry of Motor Vehicles, together with the thousands of policemen in Massachusetts cannot get possession of number plates from car owners whose registrations have been revoked, and such individuals cannot be apprehended and punished, something is radically wrong. With more and more persons being killed and maimed by automobiles in Massachusetts, what a glorious thing it would be to remove from the public the protection afforded now by compulsory insurance. The much proposed demerit system whereby careless drivers would be punished would be about as practical as trying to fit a square peg in a round hole. The people of Massachusetts should insist on the retention of the Compulsory Insurance law and should also work to put a stop to the "fixing of cases" which allows speeders and other reckless autoists to escape punishment.

LADIES' AID SOCIETY ELECTS OFFICERS

The Ladies' Aid Society of the First M. E. Church, Upper Falls, held their annual luncheon and election of officers in the Parish Hall on Thursday.

Luncheon was served at one p. m. followed by the annual reports and election of officers. The following members were elected for the coming year:

President, Mrs. Frank Redman; 1st Vice President, Mrs. Chas. A. Chadwick; 2nd Vice President, Mrs. Wm. Kestle; 3rd Vice President, Mrs. Wm. Willard; Secretary, Mrs. Thos. E. Lees; Treasurer, Mrs. Samuel Oldfield; Work Committee, Chairman, Mrs. Arthur Martin, Mrs. C. R. Brown, Mrs. Susie Newcomb, Mrs. W. Crossley, and Mrs. Chester Nichols; Social Committee, Chairman, Mrs. Joseph Shaw; Mrs. Albert Proctor; Housekeeper, Mrs. Samuel Oldfield; Assistant Housekeeper, Mrs. Frank Mordo; Parsonage Committee, Chairman, Mrs. Frank Proctor; Mrs. John Proctor and Mrs. Agnes Atwell; Membership Committee, Mrs. Frank Jones; Auditor, Mrs. Frank Mordo; Morgan Memorial Director, Mrs. John Temperton; Deaconess Aid Director, Mrs. C. E. Stata; assistant, Mrs. Susie Newcomb.

REAL ESTATE

Burns and Sons report that they

have sold for Geneva S. Harlow her

colonial seven room home located,

44 Stearns street, Newton Centre.

With the house there are 12,000 square feet

of land and a two car garage.

The total value of the property is \$12,500.

Thomas Nihan was the purchaser and buys for a home.

In Newtonville they have sold for

Raymond F. Helslein to Catherine Donaldson the seven room semi-bungalow

type home bordering the Albemarle

road. With the house there are 6,000

feet of land, and the property is val-

ued at \$7,500.

CHRISTIAN SCIENCE

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 5, 1931.

The Golden Text is: "The things which are seen are temporal; but the things which are not seen are eternal" (II Corinthians 4:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people" (Matthew 9:35).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As God himself is good and in Spirit, goodness and spirituality must be immortal. Their opposites, evil and matter, are mortal error, and error has no creator. If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God," (p. 277).

The Lesson-Sermon also includes

CENTRAL CHURCH NEWTONVILLE

APRIL 5

9:45 A.M. Church School.
11 A.M. Morning Worship.
Rev. Arthur M. Ellis, D.D.,
will preach.
The Senior and Junior Choirs
will sing.

Newtonville

—Miss M. Eva Trask of Worcester is visiting friends in the city.
—Mrs. Wm. F. Ferrin of Walker street is visiting in Washington.
—Richard A. Spencer, a freshman at Yale, is spending his Easter vacation at his home on Walker street.
—Robert Hendrick of the University of Vermont is spending the Easter holidays at his home on Crafts street.
—Mr. and Mrs. Barlett F. Kenney of Woodlawn road are on a motor trip through the South.

—Edward J. O'Brien, son of Mr. and Mrs. Edward P. O'Brien of Watertown street, is at home from Worcester Academy for the Easter vacation.

—The last of the union Lenten services was held at the Central Congregational Church last Sunday evening. It was a service of song.

—Miss Betty Holmes of Kirkstall road and Miss Betty Muther of Newton Centre entertained at a bridge party and tea last Monday.

—Mrs. Pitt F. Drew of Grove Hill avenue and Miss Eleanor W. Weatherbee of Mt. Vernon street have returned from a trip to Atlantic City.

—Miss Constance Hartwell was captain of the junior first string basketball team in the recent inter-class series at Boston University.

—Mr. L. S. Andrews has resigned his position in Brooklyn because of illness and returned to his home on Washington street.

—Mr. and Mrs. Arthur Anderson and infant son of Oakland, Maine, were visiting at 933 Washington street over the week-end.

—Estelle Yates, R.N. of Washington street is rapidly recovering from a serious operation at the Newton Hospital.

—Mrs. John Daboll of Brookline Village is on a trip through Florida with a friend. Mrs. Daboll is the wife of the Rev. John Daboll formerly pastor of the New Church.

—Mary Olcott, a senior at Wellesley, and Martha Olcott, a freshman at Oberlin are home on vacation with their parents, Mr. and Mrs. John S. Olcott of Austin street.

—Vernor, David and Jack Morris of Bowdoin College are spending their Easter vacation with their parents, Mr. and Mrs. Frank E. Morris of Chesley avenue.

—Mrs. Sarah Hovenden of Austin street who has been at the Newton Hospital the past five weeks following an operation, has returned to her home very much improved in health.

—Mrs. William, M. Burr and Miss Esther Burz of Birch Hill road, have just returned from Philadelphia, where they have been visiting Mrs. J. Franz Winzurt, Jr., formerly Constance Burr.

—H. F. Argento, son of Rev. Francis C. Argento of Highland avenue, has won second honors in scholarship in the senior class at Harvard. It is considered a distinct honor to win a place in class II group.

—The final dance of the Junior Assembly was held on Friday evening at the Newton Club. The forty members of the class and their parents and friends had a very jolly time. The favors were hats for the boys and fans for the girls.

—On Wednesday evening the Mother Class presented "Saint Claudia" (a religious drama by Marshall N. Gould) in the Baptist Church auditorium.

—Miss Mary Bond, who is an athletic instructor at Miss Sayward's School, Overbrook, Pa., is spending her vacation with her family on Oxford road.

—Mrs. Randolph L. Eddy of Devon terrace, with Miss Grace Eddy and Master R. P. Eddy, were recent guests at the Hotel Roosevelt, New York City.

—The Hale Union members of the Unitarian Church attended the Federation Meeting in Woburn on Sunday afternoon. The speakers were Rev. Arthur Olsen and Rev. Edwin M. Slocombe.

—Miss Hannah L. Bond of Oxford road, who is a student at Bradford Academy, has as her guest a classmate (Miss Virginia Dyer of Sedalia, Montana) for whom she gave a tea on Saturday afternoon.

—Miss Virginia Milner of Oxford road is from Dana Hall.

—Mr. Albert J. Temperley, youngest son of Mr. and Mrs. Joseph Temperley of Ward street, is ill at the Newton Hospital with scarlet fever.

—Mrs. Richard Norton, Jr., and daughter Lucille of Oxford road have as their guests over the week end at their summer home at Cataumet, Mass., Mrs. John Milner and daughter Virginia of Oxford road.

—The influence of the Reformation on Modern Personal Religion" was the subject of the brief talk by Mr. Wm. Barkley at a meeting of Ki Ro (Christ First) the Older Young Peoples Group of Trinity Church.

—The Child Study Group organized by the Newton Centre School Association met Wednesday afternoon at 2:30 in the Mason School Library to discuss "Rules for Happy Parenthood." Mrs. H. Payne led the discussion.

—The Newton Centre Junior Garden Club met Wednesday, April 1st. The speakers were Mrs. F. C. Rising, who spoke on "Garden Planning and Planting," and Mrs. J. R. Lotz, who gave a talk on "Early Spring Flowers."

—Music lovers have recently been afforded a real treat hearing over station WBZ on the past few Sunday afternoons, the violin recitals of Miss Harriet Elkind, Miss Elkind, the daughter of Mr. and Mrs. David Elkind of 42 Vineyard road, Newton Centre, although still in her teens, handles her instrument with perfect ease and her warmth of feeling and masterly technique are seldom found in so young a player. Miss Elkind has studied under Felix Winternitz for the past seven years both in Boston and Europe and we predict a brilliant future for her in the music world and look forward to the pleasure of future broadcasts.

Recent Deaths

WILLARD D. TRIPP

Willard D. Tripp, formerly well known in Newton died on March 29th at his late home in Woburn. He was born in New Bedford 92 years ago and served in the Civil War, retiring with the rank of Lieutenant Colonel. He had been employed by the Commonwealth of Massachusetts for over 60 years. Mr. Tripp resided for over a half century on Boyd street, Watertown. He was formerly active in the affairs of Charles Ward Post, G. A. R., and was a member of Dalhousie Lodge of Masons of this city. His funeral service was held Wednesday at the Congregational Church in Woburn. Masonic services were conducted by officers of Dalhousie Lodge.

Rev. Robert M. Grey, pastor of the church, assisted. Delegations were present from Charles Ward Post and from other veteran and military organizations. Taps were sounded by a bugler from the Military Order of the Loyal Legion.

JOHN GORDON

Funeral services for John Gordon were held last Friday afternoon at the funeral parlor of Burt Rich, Centre Avenue, Newton: Rev. Mr. Pent of Watertown officiated. Burial was in the family lot at Newton Cemetery. Mr. Gordon died on March 25th at 525 Winchester street, Newton Highlands. He was born in Aberlour, Scotland, 82 years ago and had been a resident of Newton for 60 years. He was employed as a gardener for many years by Mr. Hatch of Waverley avenue, Newton. His wife died many years ago, and a daughter, Miss Jennie Gordon, formerly employed at the Newton Savings Bank died several years ago.

MRS. ANNIE BEARD

Mrs. Annie Beard of 277 Church St., Newton, widow of Richard Beard, died on March 31. She was born 77 years ago in Mullingar, West Meath, Ireland, and she had been a resident of this city for over 50 years. Her funeral services were held yesterday and burial was in Calvary Cemetery, Waltham. She is survived by two daughters, Mrs. Annie Goud of Newton and Mrs. John O'Callahan of Somerville, and two sons, Richard Beard of Brooklyn, New York, and Joseph Beard of Jersey City.

Newton

—Mr. H. W. Kimball of Washington street was recently registered at the Hotel Roosevelt, New York City.

—Mrs. Arthur Ingalls of Eliot Memorial road was a recent guest at the Hotel Roosevelt, New York City.

—Miss Elizabeth Colby of Farlow road is home for the spring vacation from the Emma Willard School, Troy, New York.

—Timothy Slattery, formerly employed at Chester Baker's drug store in Boston, has entered the employ of the Hudson Drug Store.

—Henry Brooks of 90 Dalby street, a resident of the Nonantum section for many years, died on March 31 in his 75th year. He was formerly employed by the city. His funeral service will be held today and burial will be in Calvary Cemetery, Wal-

tham.

—Miss Eleanor Hodges of 105 Waban Park, a sophomore at Jackson, Department for Women at Tufts College, is an English Major at Tufts.

—Mr. Robert Burnside of Lake avenue is spending his spring vacation at his home in Mexico, Spring.

—Mrs. Clarence Hickox of Walnut street is taking a course in short

store writing at Boston University.

—Mr. Robert Willard of Clark street is enjoying his spring vacation on a "hiking" trip in the Green Mountains.

—Miss Barbara Nichols of Norman road, who was home for her spring vacation, has returned to Smith Col-

lege.

—Mr. George Beale, who is a stu-

dent at Dartmouth College has re-

turned to college, having spent his va-

cation at his home.

—Miss Jean Manning of Chester street, who has been spending her

spring vacation at her home has re-

turned to Smith College.

—Mr. Frederick Johnson of Harr-

ison street has returned home from a

short stay with Mr. and Mrs. Robert

Johnson at Southboro, Mass.

—Miss Louise Hawkes of Sawyer

road is chairman of the committee in

charge of the benefit bridge to be

held at Hackettstown, New Jersey.

—Miss Margaret Osborne, daughter

of Mr. and Mrs. David S. Osborne, of

Boylston street, who has been visiting

her parents for a week, has re-

turned to Cornell University, where

she is assistant instructor in biology.

—Ernest G. Haggard, Brown Uni-

versity '31 of Chester street is a mem-

ber of the Brown University Musical

Club which has left on its annual

spring tour which will include con-

certs in Atlantic City, Washington

Philadelphia and New York City.

—Miss Catherine L. Thompson of

Walnut street directed the radio con-

cert broadcast by the Colby School

Glee Club last Friday afternoon. Miss

Thompson is a graduate of the Boston

Conservatory of Music and a member

of the music faculty at the Colby

School for Girls.

—James B. Colton of Walnut street

has been elected to Pi Delta Epsilon

at Bowdoin College, the national hon-

orary journalistic fraternity, the re-

quirements for election to which are

that the student must have been a

member of the staff of one or more

college publications for at least two

years.

—The engagement is announced of

Miss Virginia L. Frederick, daughter

of Mr. and Mrs. Walter T. Frederick

of Dorchester, Mass., to Frederick F.

M. McGill of Fisher avenue. Miss

Frederick is a Vassar graduate, class

of 1932, and Mr. McGill is a Harvard

man, class of 1925.

—Mr. and Mrs. Arthur Evans, who

formerly lived in Waban, but more

recently in Brookline, have taken up

their residence here again and are

located on Beacon street at

Donald G. Robbins, Jr., son of

Mr. and Mrs. Donald G. Robbins of

Ridge road, sailed recently on the

steamship *Platano* for the Honduras

with a group of students from Tabor.

—The ushers at the Union Church for the Easter Sunday are as follows:

Messrs. Robert J. Hamilton, L. W.

Minchin, Harold W. Noyes, H. G.

Murphy, Arthur A. Pollan, and Dr. Wm.

M. Jones.

—The next meeting of the Woman's

Auxiliary of the Church of the Good

Shepherd will be held on Wednesday,

April 8, from 10 to 4 p. m. Luncheon

at 12:15, under the auspices of Mrs.

J. E. Upham and Mrs. J. D. Seaver.

—Miss Charlotte Upham entered

a large group of friends at a

most delightful tea at her home on

Woodward street last Saturday after-

noon in honor of Miss Peggy Zimmer

of Indianapolis, who is a student at

Smith College.

—Sister Amy concluded her course

of interesting and absorbing talks on

Personal Religion at the home of Mrs.

Gifford Le Clear on Tuesday. There

has been a most satisfactory attend-

ance which was very gratifying to

those in charge.

—The Misses Phyllis Parker, Dor-

othy Thissell, Virginia Pettengill and

Jerideth Miller participated in a pro-

gressive dinner party last Saturday

evening later going to the home of

Miss Jane Nickerson in Newton Cen-

ter where dancing was indulged in.

—A memorial service was held by

the pupils of the Angier School on

Wednesday afternoon for their young

schoolmate, Karl Klotz, who passed

away recently at the Newton Hospital.

Mr. and Mrs. Klotz presented the

school with a radio in memory of their

son.

—On Wednesday morning, April

15th, at 10 o'clock, the Women's As-

sociation of the Union Church is having

a cooking demonstration and lecture.

For further information consult Mrs.

John E. Denham or Mrs. Clarence A.

St. Lawrence, who are in charge of

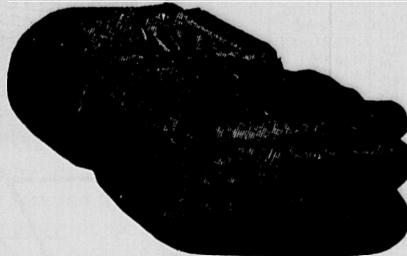

the affair.

WEST NEWTON YOUTH IN NEAR ROMANCE

Oliver Emery, 19, of 22 Jerome avenue, West Newton, was one of four young people who got into difficulties at Bangor, Maine, last Monday. Emery and Ruth Elson, 17, of Revere, went to the Bangor City Hall on Thursday, March 26, and filed marriage intentions. With them were Marlon Ragusa of Charlestown and Madeleine Murray of Somerville. The quartet remained in Bangor until Sunday, but Emery and his intended bride changed their minds about getting married. Sunday evening the four left Bangor headed for home. Their car became mired in a muddy road and they entered an unoccupied house. Neighbors seeing the house lighted, telephoned the police who came and arrested the four young folks. Emery telegraphed home for money and his father went to Bangor. In the Bangor court on Monday each of the four was fined \$5 for malicious mischief, as a result of breaking into the unoccupied house.

AUTOMOBILE ACCIDENTS

A pheasant ambling across Beacon street, near Hammondswood road, Chestnut Hill last Saturday afternoon caused a triple collision of three Buick cars. Dr. Louis Stein of 70 Glen avenue, Newton Centre, stopped his car rather suddenly to avoid running over the pheasant. A car owned by Dr. Albert Mackintosh of 39 Woodward street, Newton Highlands and driven by Mrs. Marcia Mackintosh was following the Stein car and crashed into it. Behind the Mackintosh car was a car owned by Dr. Charles Warner of 35 Hinckley road, Newton Highlands and driven by Mrs. Etta Warner. This car crashed into the Mackintosh car. The pheasant escaped.

A car driven by Elmer King of 38 Walnut place, Newtonville, was in collision with another car at Walnut street and Elm road, Newtonville, on Monday. Mrs. Margaret King and Alice Mahan of 40 Madison avenue, passengers in the King car, complained of slight injuries.

Cars driven by Ray Gelinias of Wollcott street, Auburndale, and Barnes Peters of 1561 Washington street, West Newton, collided Monday at Commonwealth avenue and Temple street, West Newton. Gelinias complained of receiving bruises on the body.

THE VILLAGE PLAYERS

Mrs. Verna Dynes, Mrs. Priscilla Pierce, Mrs. M. Montague P. Ford, Mrs. L. Sumner Prayne, Mr. Wesley Dynes, Mr. Ralph E. Stuart and Mr. Harry E. Moore are in the cast of "He and She," which is to be given by the Village Players, at the Unitarian Parish Playhouse, Wednesday, Thursday and Friday evenings, April 22nd, 23rd, and 24th. The production staff consists of Mrs. Hope Thaxter Spencer, Mrs. Frank A. Mason, Mrs. Grant B. Eustis, Mrs. Edward A. Andrews, Mrs. Frederick M. Sears, Mrs. Hazel Sands Welch, Mr. William H. Barkley, Mr. C. Rodrick Clifford, Mrs. Raymond R. Collins, Mrs. Charles P. Powers, Mrs. Frank L. Richardson, Mrs. Mabel Mason Webber and Miss Frances Penbrooke Boleman.

AUBURNDALE CLUB PLAYERS

"The First Year," by Frank Craven, will be given as the third presentation of the season on the evenings of April 6 and 7 at the Auburndale Club House. This hilarious comedy will conclude a season's program of widely diversified interest, and promises a most amusing evening. The cast includes: Helen Brown, Lorraine Foat Holmes, Priscilla Fortescue, Marjorie Auer, Ernest Braithwaite, E. Irving Locke, Allan Dunlop, Robert S. Hayes and Clifford P. Parcher.

SARAH HULL CHAPTER, D. R.

The annual Guest Night of Sarah Hull Chapter, D. R., will be held in the home of Mrs. Warren F. Gregory, 377 Walnut street, Newtonville, on the evening of Wednesday, April 8th, at 8 o'clock. Assisting the hostess will be Mrs. Francis Murdock, Miss Gertrude Ensign, Mrs. S. W. Shepardon, Mrs. W. L. Ratcliffe, Miss Ruth Richmond, and Mrs. Franklin E. Smith. Mr. Edward E. Whiting, noted columnist, will be the speaker and an interesting musical program has been arranged.

POLICE NEWS

William Schlinsmeyer of Cochituate was fined \$10 in the Newton court on Monday for speeding. Thomas Gill of Lynn was fined \$5 for not stopping at a through street.

Winfield Roop of 5 Birch Hill road, Newtonville, was found not guilty in the Newton court last Friday of driving under the influence of liquor. On the same day in the Newton court Michael Noonan of K street, South Boston, was fined \$100 for driving while under the influence of liquor. He was arrested on March 29 by Sergt. Crowley and Patrolman Brayton.

A woman judge officiated in the Newton court for the first time last Friday when Judge Emma Fall Schofield of Malden presided at the juvenile session. Before her appeared an 8-year-old boy charged with assault and battery on another child. This youngster was placed on probation for six months. Also before Judge Schofield appeared seven boys whose ages were 13 and 14. Six of these were charged with larceny and five of them were found guilty and placed on probation. The seventh, charged with receiving stolen goods, was found not guilty. These youngsters broke into the Atlas Film Company building at Newton Highlands, stole reels of film and other articles there and did much malicious damage. They were not compelled to make restitution. Special Officers Feely and Muller apprehended this gang.

Charles Armstrong of Walnut street, Watertown, was arrested last Friday night by Patrolmen Maloney and Stevens charged with driving while under the influence of liquor. He was in court Saturday and his case continued.

Automobile parts thieves were busy last Friday night when they took horns off three cars parked on Elm road, Newtonville. The cars were owned by William Chadwick, Oakland avenue, Auburndale; Albert Haberstrale, 99 Bowdoin street, Newton Highlands; Gilbert Chandler, 166 Parmenter road, West Newton. An ornament was also stolen from the radiator of Chandler's car.

Some thief stocked up on broadcloth shirts at the expense of two West Newton men on Monday night. The shirts were stolen off clothes lines. Horace Hood, 58 Rangeley road, had 13 shirts, size 14½, stolen. Stanley Rawstrom, 59 Northgate park, had 5 shirts, size 15¾, stolen.

The Newton police, following complaints, have notified Samuel Bowman of 27 Champa avenue, Upper Falls, to keep his dog restrained, and Alice Southgate of 79 Hancock avenue, Auburndale, to keep her dog restrained. A number of autolists were fined in the Newton court on Tuesday for violations of automobile and traffic laws. Helmer Johnson of Lynn and Wendell Ward of Natick were fined \$10 each for speeding. The following were fined \$5 each for not slowing down at intersecting streets: Kenneth Doe, Franklin; Richard Witt, Burr road, Newton Centre; James Gray, Walnut street, Brookline. Carwyn Savage of 34 Leslie road, charged with the same offence, had his case placed on file.

Another one of those brave "he-men" who snatch handbags from women jumped from an automobile opposite 200 Commonwealth avenue, Chestnut Hill, on Tuesday night and grabbed a handbag from Mrs. Helen Devir of 88 Manet road. He then got into the car. The bag contained 25 cents and a pair of eye-glasses.

DISTRIBUTING DOG TAGS

Metal tags to be worn by licensed dogs in Newton were received at the City Clerk's office on Monday of this week. According to law all dogs in this city must be licensed on, or before April 1. Dog owners who called at City Hall before Monday to pay the license fee will have a tag mailed to them. The number of the tag will correspond with the license number. These tags were obtained at the request of the Animal Rescue League to assist it in tracing the owners of lost dogs. Because of the rapid increase in rabies and in the number of persons bitten by dogs, it is probable that in the future police will pay more attention to unlicensed dogs than has been paid in the past.

MARCH BUILDING REPORT

The building situation in the Newtons took a decided spurt during last month. Permits issued for single dwellings totalled 41, with an estimated valuation of \$480,150. Other permits and their estimated valuations were: double dwelling, 1, \$9000; garages 15, \$7650; barn, 1, \$2000; court house \$123,700; police headquarters \$116,000; alterations on buildings, 23, \$52,845; signs, 2, \$550; miscellaneous, 4, \$560. The permits by Wards for the first three months of 1931 are—Ward 1, 21; Ward 2, 18; Ward 3, 28; Ward 4, 12; Ward 5, 55; Ward 6, 34; Ward 7, 6.

During the first three months of this year 174 permits valued at \$1,718,240 have been granted as compared with 190 permits valued at \$937,055 for the corresponding period in 1930. Much of the increase in value this year is caused by the erection of costly public buildings.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

Newtonville Woman's Club

Alice Cooper Bailey, the author of many charming books for children, will address the Newtonville Woman's Club on Tuesday, April 7, at 2:30 p.m., in the Central Congregational Church. Mrs. Bailey, who now resides in Weston, lived for a number of years in Hawaii, and her lecture is filled with fascinating tales of the Hawaiian people and their customs. Some exquisitely-colored slides on Hawaii will also be used for this lecture.

Mr. Philip Ireland, who was to have given the lecture on "Petra," at this meeting, is abroad and was forced to cancel his engagements.

The musical program promises to be an exceptionally splendid one. Rebecca MacDowell Reed, Contralto, has selected a group of desert songs, which she will offer, accompanied at the piano by Anne Nichols, a talented Club member. Mrs. Reed is a popular radio artist and a resident of Newtonville.

After the lecture and musical program, tea will be served informally. Mrs. Albert D. Auryansen, the president, will receive, assisted by Miss Estelle G. Marsh, Mrs. A. Cheston Carter, Mrs. Robert Whitehill, and Mrs. Clinton W. Kyle. Members of the Hospitality committee having charge of the tea include Mrs. A. Dudley Bach, Mrs. Edward P. Hendrick, and Mrs. H. Clayton Pearson. Those who will preside at the tea table are Mrs. Francis G. Ingraham, Mrs. Edmund W. Kellogg, Mrs. Eugene Rust and Mrs. Hartley W. Thayer.

The first meeting of the Hospital committee for the month of April will be held at the home of Mrs. William D. Walker, 15 Park place, on Thursday, April 9, at 1:30 p.m.

Woman's Club of Newton Highlands

Miss Eunice Harriet Avery will be the speaker at the next meeting of the Woman's Club of Newton Highlands on Tuesday, April 7, at 2:30 o'clock, in the Parish House of the Congregational Church. "Mediterranean Problems, with a bit of Italy, Spain and France," is the subject, which, in view of recent developments in these countries, promises to be of marked interest.

Newton Centre Woman's Club

Miss Kathleen Fuller, as president of the Junior Newton Centre Woman's Club, announces that on Wednesday, April 8, at 3:00 p.m., the Senior Club members are invited to be guests of the Junior Club. They will present Miss Amy M. Sacker, of Boston, who will speak on "Movies and Talkies, a Personal Experience with Hollywood Stars." Other Junior Clubs have been invited to attend. Tea will be served. Mrs. Fred D. Bond is the Senior Adviser of the Junior Woman's Club.

Mrs. Grace Morrison Poole will present the last of her lectures on Current Events which have been so greatly enjoyed by the Club on Thursday, April 9, at 10:30 a.m.

Mrs. Henry J. Ide, who has been appointed chairman of the Community Service committee to take the place of Mrs. Frank A. Campbell, reports that there is still need for children's and men's clothing for the Newton Welfare Bureau.

Mrs. George E. Squier, treasurer of the Ways and Means committee, makes the gratifying announcement that the net receipts to date from the Club dramatics, "The Alarm Clock," is \$1,169.10, with still more coming in.

Social Science Club

The next regular meeting of the Social Science Club will be on Wednesday, April 8, at 10 o'clock, at the Hunnewell Club, Newton. Mrs. Frank P. Scofield, a Club member, will read a paper on "The Danube." The hostesses are to be Mrs. Harry W. Pitts and Mrs. James A. Moyer.

Newton Community Club

The next regular meeting of the Newton Community Club will be at the Underwood School on Thursday, April 9. There will be a Flower Show under the direction of Mrs. P. S. Jamieson, from 2 to 3 p.m., and members and friends are invited to exhibit in the following classes: Class A—Arrangement of single rose, Class B—Unit, consisting of table, container and bouquet of contestant's own choice, Class C—Miniature garden in a bird bath, Class D—Arrangement of fruit and vegetables for a sideboard, Class E—For children, ages 5 to 8, 8 to 12, and 12 to 16. Arrangement of small bouquet. Exhibits must be ready to be judged at 12 o'clock.

Following the Flower Show a most enjoyable program is promised. Eleanor Stearns Martin will read "You and I," a play. Mrs. Wallace Wales

On the opening day, Tuesday, the 19th, at the afternoon session, Junior Membership will be featured. On Wednesday morning there will be section meetings of the various departments: Fine Arts, Education, American Home, American Citizenship, Public Welfare, etc., with a summary for each presented to the entire meeting.

Delegates, as usual, must make their own reservations at the hotel.

Rooms for double room, with bath, single beds, are eight dollars per day, per person; and for large room, with three single beds, seven dollars per day, per person.

The report of the Nominating committee, always anticipated with interest, announces three changes for officers, and five changes for District

will sing a group of garden songs composed by Mrs. Harry B. Stebbins of Park street, Newton.

Auburndale Woman's Club

The Auburndale Woman's Club will meet on Thursday afternoon, April 9, at 2:30 o'clock in the Auditorium of the Auburndale Club. The proposal to give up the first meeting in October and the second meeting in December of the coming Club year, which matter was presented at the last meeting of the Club, will be discussed at this time, and doubtless action will be taken. The money saved by eliminating these two meetings would be used in planning the remaining programs of the Club year.

The speaker for the afternoon will be Robert Lincoln O'Brien, former editor of the Boston Herald, and known nationally as a speaker of unusual interest because of his years of newspaper experience, his forceful personality, and his keen wit. His recent trip through Russia last summer will furnish material for his topic of "Russia."

Tickets for the Annual Meeting of the Club will be on sale at this time at seventy-five cents each, by the chairman of the Hospitality committee, Mrs. J. Warren Bucknam, and also by members of her committee. Tickets will also be on sale at Keyes Drug Store up to the evening of Monday, April 20, after which date none will be for sale.

West Newton Woman's Educational Club

April 10 is "Garden Day" at the West Newton Woman's Educational Club, when Mr. G. Howard Frost will be the speaker. Mrs. Willard C. Church, chairman of the American Home department, will have charge of the day. There will be a social hour, with music and tea. Mrs. Thomas Hayden and Mrs. Fred L. Trask will be hostesses.

The next meeting of the Travel Class will be April 13, at the home of Mrs. G. Howard Frost, 200 Fuller street, West Newton. Mrs. Willard C. Church will assist her.

State Federation

RADIO. Mrs. Azel A. Packard, General Federation director, will broadcast "Weighing the Present by the Future," from station WBZ, next Thursday afternoon, April 9, at 2:30 o'clock. Alden Edkins, bass-baritone, accompanied by the Tirrell ensemble, may be heard at 2:40 in a group of songs. Miss Ada E. Baldwin, Third District director, will be on the air at 2:50 with a broadcast on "Altruism in Club Life."

INTER-RACIAL UNITY CONFERENCE. The Annual State Conference of the Junior Members of the Women's Clubs of the Federation, Mrs. C. H. Danforth, chairman of the State Division of Intercultural Unity, announces a Conference in the nature of an "Experience Meeting," for Friday, April 10, at 9:45 a.m., in the ballroom of the International Institute House, at 190 Beacon street, Boston. Subjects to be discussed include "Interpreting the New in the Light of the Old," "The Second Generation," "The National Council on Naturalization and Citizenship," "Some Jewish Customs and Traditions," "The Negro as an American," "Indians of the Southwest," and "The Poles in America." The last hour of the Conference provides opportunity for Clubs, City Federations, and individuals to tell of their experiences in the understanding and working out of inter-racial problems. Speakers now listed include Miss Mary L. Guyton, Mrs. William Dennett, Miss Mary C. Wheelwright, Miss Georgia L. Ely, Mr. Louis Hurwitz, and Mrs. Meta Warwick Fuller.

ARTICLES of beauty and interest brought from the many homelands and helpful books will be on view. The afternoon program will open with music by an "inter-racial" ensemble from the Revere High School and close with a colorful Polish dance. Also an "episode" will be presented by Miss Helen Bistrick.

Clubwomen will find many attractive tearooms in the vicinity for a social get-together at the noon intermission.

ANNUAL MEETING AND NOMINATIONS. Announcement of the Annual Meeting for May 19, 20, and 21, at the New Ocean House, Swampscott, gives many details of plans for the meeting. The high light of the social events is Governor's Night on Wednesday, May 20, when Governor and Mrs. Ely will be guests of honor. What should be a most attractive feature of this evening, also, is the Club Presidents' Processional.

Other interesting events will be the Presidents' Luncheon on May 19, at 12:15 o'clock, reservations for which should be made with Mrs. Thomas J. Walker, 33 Pleasant street, Whitinsville; the Press Luncheon on Wednesday, the 20th, at 12:30 p.m., on the Lower Deck, tickets for which may be procured from Mrs. Charles Goodwin, 277 Pleasant street, Marblehead, before May 15, the Festival of Choruses, with nearly a thousand voices, for the evening session of Tuesday, the 19th, and a "tree planting" for 4:30 o'clock on Tuesday.

On the opening day, Tuesday, the 19th, at the afternoon session, Junior Membership will be featured. On Wednesday morning there will be section meetings of the various departments: Fine Arts, Education, American Home, American Citizenship, Public Welfare, etc., with a summary for each presented to the entire meeting.

Delegates, as usual, must make their own reservations at the hotel.

Rooms for double room, with bath, single beds, are eight dollars per day, per person; and for large room, with three single beds, seven dollars per day, per person.

The report of the Nominating committee, always anticipated with interest, announces three changes for officers, and five changes for District

directors: recording secretary to be Mrs. Edward M. Cox, of the Milton Woman's Club; corresponding secretary, Mrs. David A. Westcott, of the Dorchester Women's Club; clerk, Mrs. Hazel H. Albertson, of the West Newton Woman's Club; and directors for three years for districts two, four, six, twelve, and fifteen: Mrs. Herbert F. French, of the Philergians, Braintree; Mrs. Benjamin H. Currier, of Brookline Morning Club; Mrs. Frederick E. Judd, of Boston Woman's Civic Club; Mrs. Selden E. James, of Wellesley Hills Woman's Club; and Miss Carolyn Tucker, of the Ware Social Science Club. Other officers remain the same, including the president, Mrs. Schrader; the four vice-presidents; the treasurer, and directors of the remaining districts. It will be noted that Newton loses representation in the corresponding secretary, Mrs. Charles G. Wetherbee, of Newton Highlands, who, however, in accordance with the amendment to the by-laws last May, by which the Executive Board may appoint the chairman of the new Nominating committee, becomes this chairman, honored by the Executive Board, for the next year, 1931-1932. Newton also is affected as a member of the Twelfth district in charge of this director, Mrs. Horace B. Gale retiring, and Mrs. Selden E. James the new candidate. Once more Newton is represented, in the name of Mrs. Franklin E. Smith as one of the twelve candidates on the ballot for the new Nominating committee, from which six will be elected, by the delegates voting. Mrs. Smith is now president of the New England Women's Club.

BOOKS FOR MARINES. Members of the State Federation are co-operating in securing discarded books for the American Merchant Marine Library Association which has its Annual Book Week beginning April 20. Each Club president is asked to appoint a member to work in sympathy with the Junior League and with the local librarian of her town. Discarded books may be left at any Public Library for shipment to the central shipping office in the Boston Public Library. The purpose of this annual collection is to supply reading matter to the men of the Merchant Marine, and to those stationed at isolated lighthouses, life-saving stations, and on the Coast Guard's International Ice Patrol. Contributors are themselves becoming "life savers" when they give the solace and joy of reading matter to these men whose loneliness and isolation can hardly be realized, while serving monotonously but gloriously in protection of life.

JUNIOR CONFERENCE.

The Annual State Conference of the Junior Members of the Women's Clubs of the Federation, Mrs. Joseph Lelyveld, chairman, will take place at the Quincy Clubhouse on April 11, at 10 a.m. The Junior Club of Quincy, of which Miss Lucile Cook is president, will act as hostess, assisted by their adviser, Mrs. C. L. Homer, and Mrs. Charles W. Bailey, president of the Quincy Women's Club. Honor guests will be Mrs. Carl L. Schrader, president of the Federation, Mrs. Frank P. Bennett, Jr., Mrs. John H. Kimball, and Mrs. Heman A. Harding, vice-presidents, and Mrs. George Gomley, director of the district.

The presidents of the Junior Clubs will preside during the day and will give short addresses on the feature they consider the most outstanding in their club work. Fifteen will speak in the morning and fifteen in the afternoon.

A pilgrimage has been planned to visit the historical spots in the vicinity during the luncheon hour, and after luncheon coffee and ice cream will be served by the hostess club.

The Junior Monday Club of Weymouth will present a one-act play in the afternoon.

Each Junior is urged to remember the following instructions: Train leaves the South Station at 9:35 a.m. Each should wear a card bearing her name and that of their club. Bring her Adviser; bring her Year Book; bring her luncheon; bring a poem, if possible, for the General Federation of Women's Clubs Contest; and bring a pencil.

At 9 a.m. on April 11, three Junior presidents will broadcast with Miss Albee from WBZ.

RECENT EVENTS

Newton Community Club

The Newton Community Club at its meeting of March 26 enjoyed as its speaker Elsie K. Chamberlain, director of the Chamberlain School of Every-day Art. Her topic "Fashion in House Furnishings" was entertaining, instructive, and practical. Samples of wall paper and fabrics proved most interesting both during the lecture and during the social hour.

Mrs. Clara Sexton Crowley sang a

Quality Bodies for Quality Cars

NA SH employs the most advanced principle of steel, wood and composite construction—the same kind of construction used in bodies for the highest priced cars. Interiors are tailored in quality mohairs, whipcords, broadcloths or genuine leather. Seat springs are exceptionally deep and restful, while arm rests are so built as to afford unusual comfort. Interior and exterior hardware is executed in chaste design, complementing the body design as a whole. Insulation against heat in summer and cold in winter is of course provided. Come in—drive a Nash; but don't permit its remarkable performance to overshadow the equally notable excellence of its body.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Gazing out of the window of the Boston & Albany train that takes you to Boston, providing you're a North Side commuter, you will see building construction in progress on the banks of the Charles river near the Newton line at Faneuil. Possibly you have asked yourself and several other people what is going on anyway. Maybe they're building bathhouses and so forth, huh?

Now let me tell you all about it. The Metropolitan District Commission is doing things that were authorized by the Legislature of 1930. By the way, our own fellow citizen, Mr. Edwin H. Rogers, is Director of the Parks Division of the commission and it is under his skilled and experienced hand that the work is engineered. You'll admit that Mr. Rogers' connection with the enterprise means that it will be done as it should be.

Not only will the coming Summer witness the opening of bathhouses but there will be a strip of beach that will make the river at this point attractive to bathers. At present there is gravel piled up and ready to be placed on the banks of the river. Geographically, by the way, the new strip of beach, estimated at about 200 feet in length, is in Faneuil. But that doesn't mean anything to the commission which regards its reservations as a whole and not as part of this or that city or town.

Then there will be another beach in the vicinity of Soldiers Field and between the Metropolitan trotting park and the river. Here also, a bathhouse is to be built. It will be similar to that which is going up at Faneuil. The plans for the two structures are practically identical. The buildings are to be built of concrete blocks and the total cost will be \$10,000. Accommodations are to be provided for men and women.

Newton is going to find these bathing beaches, with their modern facilities for bathing, easily accessible. All one need do is to take the river boulevard, reached through Charlesbank road or by way of the Jefferson-Williams-Maple streets combination, and there you are.

Some day you're going to wake up and find there are only fifteen Congressmen in Massachusetts when you thought there were sixteen—that is, if you thought anything about it. I am sure there are people who are interested. I have heard them express their views and it has made me wonder why more people were not engaged in solving what really seems to be a gigantic puzzle—reducing the number of Massachusetts Congressmen by one and keeping everybody happy. Can it be done? I don't know, but I have an idea there will be plenty of agitation before any sort of settlement is reached.

A former member of the Legislature, whose opinion in these matters is highly regarded, has given me a written statement of his ideas. Whether you know much about the topic or not you'll see how able and studious this man is. He says:

"In the problem of redistricting the State into 15 Congressional districts, after determining the quota (15 in a total State population of 4,249,614) as 283,307 inhabitants per district, four elements stand out with distinctness. 'Suffolk, with 879,536, is entitled to three Congressmen (849,921) with 29,615 surplus to go into another district (Revere has 35,680 and may be used for this)."

"The sixth district (Andrew) with only 230,996, lacks 52,311. These can be taken only from the seventh district (Connelly). As the seventh district, with only 237,951, is already short 45,356, this additional shortage will make the district short 97,667. These can be had only from among the towns on the South and West, such as Revere, Everett and Malden (Underhill); Melrose and Wakefield (Dallinger); Reading, Wilmington, Andover and Methuen (Rogers) and towns ad-

joining them.

"The 16th district (Gifford) with only 257,070, lacks 26,230, and these can be had only from the 15th district (Martin) and the 14th (Wiggleworth). The 15th with only 224,448, already is 58,859 short and the 14th with 322,885 (minus ward 18 of Boston, if that is returned to Suffolk, 41,152) 281,733 has hardly enough, so that taking from either will force them to extend into the 13th district (Luce)."

"The 1st district (Treadway) with only 250,1931 lacks 32,386. These can be taken from the second district (Granfield). As this district with only 292,668 has only 8,750 to spare, this means that 23,627 must be taken out of the third district (Foss)."

"After this is done, what remains of Worcester, Middlesex and Norfolk counties may be divided among the districts now represented by Congressmen Holmes, Rogers, Luce, Dallinger and Underhill and there will be population only for four districts. One of these five Congressmen will have every reason to be proud.

It isn't quite clear to me why I still find myself seated at the speakers' table at dinner now and then.

There has been more shaking of heads among business and professional men this winter than has been

Studebaker is all set

No Mid-Year Model Changes

FREE WHEELING with positive gear control was introduced in The President and The Commander July 10, 1930. It was added to The Dictator Eight in September and to the Studebaker Six in January, 1931.

Today, every Studebaker model has this greatest automotive advancement since the electric starter, plus the utmost in chassis improvements and body refinements.

known for a number of years. They have been obliged to refuse so many requests for contributions to this and that worthy cause that they find themselves automatically muttering, "Sorry, but I cannot help you."

No situation as grim as this could exist in America without its humorous side. One man, who in the days of his greatest prosperity was never known to refuse a "touch" little or big, is now carrying as small an amount of ready money on his person as he can safely scrape along with. Furthermore, he carries no checkbook with him. Ordinarily generous to a fault he must now shake his head, although his heart is breaking. The answer is that he himself has been terribly hard hit and has been forced to retrench.

Another man I know possesses political aspirations and he for a long time thought he had to come across every time somebody asked him for money. He even had one of his clerks keep \$20 worth of 50-cent pieces and quarters handy until the line of "touch artists" became too long.

From here and there I learn of the problem that men of big business are confronted with, such as frequent calls from men and women appointed to solicit contributions in connection with "drives." A man of wealth, whom I happen to know fairly intimately, got himself into a tangle over this "please give to us" situation. His secretary told me that during an entire morning the boss had been seeing a string of callers, all of whom wanted him to give money to something or other.

Luncheon time came and still the man of big business was "tied up" with solicitors. Three-quarters of an hour after his ordinary hour for eating he decided to cut out all appointments. So he gave word that no more were to be admitted, put on his hat and coat and started out. In the outside office a man approached him, but the other would not allow him to speak and shouted, "Not a cent, not a cent, brushing his way to the elevator.

It happened that the caller came there on a matter that meant money

to the concern, but the secretary hasn't told the boss yet because he still hopes to patch the thing up and get the customer's order.

NEWTON BUICK TO ERECT NEW BUILDING

The many hundreds of Buick owners in the Newtons will be interested to learn that the NEWTON BUICK COMPANY is about to erect a modern salesroom. The building will be located at 377-381 Washington street, Newton, adjoining the present quarters of this company at 371 Washington street, corner of Thornton street. This well known automotive concern has been established for 15 years in this city and is in its 10th year as the official Buick agents for the Newtons.

The new salesroom will be modern in every respect and will afford proper facilities for the display of the very popular BUICK models. The closing of the Newton Centre branch of the NEWTON BUICK COMPANY and the volume of service business done by this concern make more room at its Newton headquarters necessary. The added space which will be acquired will not only give ample showroom area, but will provide additional service facilities.

The NEWTON BUICK COMPANY has earned an enviable reputation for honorable dealing with purchasers of

automobiles.

TO REPRESENT LOCAL RED CROSS

WOMEN'S CLUBS

(Continued from Page 10)

Newton Chapter, American Red Cross is planning for representation at the annual convention in Washington, April 13 to 16. Miss Claudia Goodrich, Miss Jean Harvey and Miss Priscilla Aurelio have been appointed delegates. Not only will the delegates receive first hand reports of drought relief operations but they will hear speakers who have actually been in the field during the recent emergency. The delegates will also bring back to Newton plans for local participation in a country-wide observance of the 50th anniversary of the founding of the American Red Cross to be held May 21.

Mr. Donald Angier, chairman of Newton Chapter, in announcing the plans for the annual convention, said: "The convention affords our Chapter its best opportunity to co-ordinate its own activities with the national program. It enables our people to gain from the experiences of others, and to appraise the chapter's strength and uncover any weaknesses it may have. The National gathering is a source of inspiration and help that carries through the ensuing twelve months."

"This year's meeting is of extraordinary importance, following as it does the most extensive disaster experienced in fifty years of relief tasks, and immediately preceding the golden anniversary celebration of May 21.

"The program includes such distinguished speakers as Judge John Barton Payne, Chairman of the American Red Cross; Hon. Ray Lyman Wilbur, Secretary of the Interior; T. P. Sylvan, Vice President of the New York Telephone Company; Dr. F. J. Kelly, of Chicago University; James L. Flesher, Vice Chairman of the American Cross in Charge of Domestic Operations; James K. McClintock, Vice Chairman for Finance; Miss Grace Abbott, Chief of the Children's Bureau, Department of Labor; Miss Elizabeth G. Fox, Executive Director, Visiting Nurse Association, New Haven, Conn.; Col. M. A. DeLaney, medical aide to the Governor General of the Philippine Islands; Miss Mabel T. Boardman, National Secretary and Director of Volunteer Service; Mrs. August Belmont, member of the Central Committee; Dr. Livingston Farrand, President of Cornell University; Brigadier General Frank T. Hines, administrator of the Veterans Bureau; Dr. William A. White, superintendent of St. Elizabeth's Hospital, and James T. Nicholson, manager of the Chicago Chapter."

P. A. ANDERSON of N. E. LAUNDRIES TO HEAD MASSACHUSETTS ASSOCIATION

At the annual convention of the Massachusetts Laundryowners Association, held March 27th, Paul A. Anderson, General Manager of the New England Laundries, Inc., was elected President.

The convention was held at the Hotel Statler, Boston.

From the obscure position held by laundries of not so many years ago, the laundry industry today ranks high in relation to other industries of the country. Progressive methods and scientific study are responsible in large measure for the growth of the industry.

Frank J. Huebsch, owner of two of the largest laundries on the Pacific coast, and President of the National Association, was a speaker of the convention, and told of the educational work the Association was doing all over the United States and Canada.

The American Institute, which is affiliated with the National Association at Joliet, Illinois, is said to be the finest laundry in the world, and is called the million dollar proving plant of the laundry industry. The officers elected at the Massachusetts convention are: Paul A. Anderson of Winchester, president; Edward L. Traver of Somerville, vice-president; Russell Hovey of Worcester, secretary; John Campbell of Cambridge, treasurer; Joseph Schaefer of Boston, Arthur Branen of Brookline, Russell P. Dale of Springfield, Frank Legro of Lynn, and Arthur C. Hyden of Cambridge, members of the executive board.

POLICE DOG BITES BOY

William Coutnage, 8, son of Ralph E. Coutnage of 50 Rangeley road, West Newton, was bitten Sunday while near his home by a police dog. Monday, a police dog was observed acting peculiarly on South avenue, Weston, near the Newton line. Patrolman Upham of the Weston police was notified and went to the yard where the dog was and shot the animal. It wore no collar so its ownership is unknown. The head of the dog was sent to Boston for examination by State chemists. Several dogs with which it had come in contact have been quarantined.

WOMAN'S ASSOCIATION OF CENTRAL CHURCH

The monthly all-day meeting was held on Wednesday April first. During the morning the members made layettes for the Welfare Bureau, and surgical dressings under the direction of Mrs. A. E. Vose. Mrs. George W. Auryansen is chairman of the work committee. At one o'clock luncheon was served with Mrs. Donald Hill chairman. Tables were attractively decorated in pink and orchid by the serving committee, Mrs. H. H. Lounsbury chairman.

After the luncheon the members adjourned to Social Hall where the meeting was held. Mrs. R. E. Chambers presided and Mrs. Charles Frailey led the devotional exercises. The recording secretary, Mrs. H. M. Waybright, and the treasurer, Miss Emma Miller, gave their reports. Mrs. R. W. Conant, chairman of the finance committee, presented the outline of the budget, which was accepted by the Association. The benevolences included in the budget are: Salary of Miss Abbe Wallace, \$1000; Allen and Nagle memorials, \$100; Lincoln University, \$400; Talladega college, \$150. It was reported that the profits from the November bazaar totaled \$1800, of which \$1000 has been appropriated to church improvement fund and dining room equipment. Mrs. D. Brewer Eddy gave a notice of the novel form the meeting will take next Wednesday afternoon. A Friendship Tour will include the Art Museum where the Chinese collection will be noted, and the Dennis House where speakers will talk on "Being Neighbors to the Chinese," and "Chinese Immigration Laws." The Chinese will entertain and tea will be served.

The speaker of the afternoon was Miss Katharine Wilcox, an associate worker at Capron Hall, Madura, India, of Miss Abbe Wallace, the misionary of the Woman's Association. Miss Wilcox told of the reception Miss Wallace received from the girls on her arrival and expressed great admiration for her. She has added responsibilities owing to the recent death of Miss Noyes, principal of the school. Miss Wilcox wove together various extracts from letters into "Capron Hall Transcripts" and gave an interesting picture of the life, with its education, its worship, and its outdoor exercise bringing teacher and pupil into an understanding relationship. When Mt. Holyoke College was having its beginnings one hundred years ago, Capron Hall was starting in a small way. It now numbers 900 pupils and the graduates are doing good work as teachers, nurses, and in the medical profession. Miss Wilcox spoke of the ten per cent cuts and the serious nature of such retrenchments. She urged that the heritage in this work should be passed on as there is no finer investment.

Auburndale Review Club

On March 31 the Auburndale Review Club met in the home of Mrs. George Martin, of 86 Hancock street, for its ninth Shakespearean program. It was happily introduced by three soloists by Mr. Waldo Cole, accompanied at the piano by Mrs. Franklin Leed.

At the close of the meeting delicious refreshments were served. Much credit is due Mrs. Taylor and her committee for their excellent program.

In another part of the paper a resume of the work done by the Federation in conjunction with the Mayor's Relief Committee will be found.

Auburndale Review Club

The speaker of the afternoon, Mr. William N. Craig, delighted his audience with colored lantern slides of beautiful flowers and views of lovely gardens of England, Scotland, Ireland and Wales.

HEALTH IN THE MENU

by
Daurice F. Darling

HOME SERVICE DIRECTOR,
BOSTON CONSOLIDATED GAS CO.

In planning your daily menu (I sincerely hope you do plan them by the week) please do not forget to bear in mind one of the fundamentals of well balanced meals. This is, "Allow two servings of some vegetable other than potatoes each day; serve a leafy vegetable at least once a day."

Leafy vegetables of course include Brussels sprouts, cabbage, spinach, lettuce, broccoli. In talking about the greater consumption of leafy vegetables, we often hear it said, "Serve spinach or cabbage or kale." It should be, "Serve spinach and cabbage and kale." Get acquainted with many leafy vegetables. They will take the monotony away from your menus—and each one has a different food content that cannot be substituted. For instance, spinach is valuable for its iron content and the vitamins A and B supply. Cabbage—especially raw cabbage—is a source of vitamin C. Kale contains a large percentage of calcium.

Most of us are now acquainted with the vitamins and we recognize their importance in the diet. It is sufficient for me to remind you that vitamin A is valuable as an aid in growth and a protection to the eye tissues and other body tissues from infections. Vitamin B has its value as a preventative of a nerve disease called beriberi. Vitamin C, which is called the antiscorbutic vitamin, is a necessity for preventing scurvy.

Now for the economical side of our story on green vegetables. To save expense, it is wise to use only vegetables that are in season.

Send any of your cooking problems or questions to Miss Darling, care of this newspaper. She will be glad to answer them, either through this column or by letter.

NORUMBEGA DISTRICT COUNCIL
OF RELIGIOUS EDUCATION

The Easter Sunrise Service at 6:30 A. M., at Waban Hill Reservoir, under the auspices of the Young People's Council, is open to all interested. Dr. Armbuckle of Newton Centre will be the speaker. Members of the Newton High School Orchestra will provide the music, under the direction of Mr. Spaulding.

The Council Executive Secretary, Miss Barker, will have charge of the Good Friday program for children in Waltham. This will be held at 2:30 P. M. on the north side of the city and at 3:30 P. M. on the south side. The program will consist of stereopticon pictures, stories and hymns.

**WEEK END CRUISE
ON MAURETANIA**

The Cunard Line announced today that the MAURETANIA would be scheduled for the first week-end cruise in history, leaving New York Friday, April 24 and returning Tuesday, April 28.

The MAURETANIA will cruise in and about the Gulf Stream, calling at Nassau for a brief visit ashore.

In announcing the week-end cruise of the MAURETANIA the Cunard Line explained that the motive behind this innovation in travel was to educate the American public to the pleasure and benefits of ocean travel.

They pointed out that although this country has a population of over 120,000,000 people only 537,000 passengers or one-half of 1% of the total population travelled to Europe last year. They also travelled to Europe rarely fail to refer to the splendid benefits received in health and pleasure from the ocean voyage, and it is unusual for a person who has made the Trans-Atlantic voyage once not to go again at the first opportunity. To many of these regular travelers the attractions of Europe are incidental to the pleasure and benefit derived from the ocean voyage.

In order to bring this home to greater numbers of Americans, the Cunard Line decided to use their most famous liner the MAURETANIA for a short cruise which would require barely more than week-end vacation.

As a further step to spreading the plan among those who have not been to Europe, the rates have been fixed on a basis which would make it possible for many who might otherwise find it impossible within a life time to enjoy a trip on one of the world's crack liners.

A further and compelling reason for choosing the MAURETANIA was that only because of this ship's great speed is it possible to include time ashore at Nassau.

The call at Nassau was decided in order to give the passengers an afternoon on the famous Crystal Beach on Hog Island, Nassau, under the semi-tropical sun of the Bahamas and to prove a fitting climax for the cruise. The minimum rate will be \$50.00 with 160 berths available at this rate.

Hebrew Money

The monetary system of the Hebrews was based upon the Babylonian system of weights. The ratio of the value of gold to silver was 1:13 1:3 and prevailed over all western Asia.

Russia, As Employer.
Mr. Coolidge Amazed.
33 Cent Wheat?
Prof. Einstein Tells One.

"Criticism is easy, art is difficult," as the French say. Russia working on a five-year plan begins to realize it.

Bolshevism thought all the evil was with the employers, all high virtue with the workers.

But at present Russia, an employer on a gigantic scale, faces employer's difficulties, and realizes that the genial proletarian is not always one hundred per cent perfect or devoted.

Russia has been obliged to pay higher wages for better work, giving up the theory that all men are equal, which they are not.

By the end of the five-year program, which may be a success, although Wall Street has been "holding its thumbs" hoping it wouldn't, Russia's rulers will know many employers' problems.

If the government succeeds in making an industrial nationalization of 200,000 Russian villages, and 100,000,000 Russian farmers, Russia will grow gigantically rich. Then the leaders will change their views, as they do everywhere else, when money flows in and radicalism ebbs.

Calvin Coolidge, sitting with a finger on the pulse of the world, tells readers of the Chicago Herald and Examiner, Seattle Post Intelligencer and other important newspapers, that he is amazed at the amount of money actually existing. He notes that tax returns revealed an annual national income "over one hundred and forty billions of dollars."

Thus he finds "beyond human comprehension," and he invites you to realize that four million individuals, five hundred thousand corporations, report incomes, but thirty-six million Americans "gainfully employed" don't pay any income tax.

Mr. Coolidge says it is fallacy to think that the Government "can be supported by taxing the rich."

However it is supported by taxing the rich, that is, by those that have the money to pay.

And the thirty-six million little income earners are content to have it that way.

Republican politicians say everything is cheerful now, and New York will be for Hoover in '32.

But there's just a cloud on the Republican horizon, considerably bigger than a man's hand, namely the danger that wheat will sell at 33 cents a bushel. On July 1, the Farm Board, that has taken out of the market 275,000,000 bushels of American wheat, paying 25 cents a bushel above world prices, will buy wheat no more.

With that powerful buyer gone, and the Farm Board awaking from its pleasant dream, wheat may drop to 33 cents. That might turn Republican farmers into raging Democrats.

The British insist on being thought, even in India, where it is hard with Gandhi's help, to make 320,000,000 Asians settle down peacefully to paying taxes.

Gandhi and the British Viceroy had agreed, and then, recently Britain executed three Hindus, who had murdered a policeman. Great Hindu uproar over that. Another Sacco-Vanzetti case.

Unlike ourselves, the British take murder seriously. If you kill anybody in England, and are caught, you know that you have just three Sundays to live. Even in India political murderers are punished eventually.

Race prejudice is an old story. Heywood Broun and George Britt review it again in their book, "Christians Only." The best thing in the book was said by Prof. Einstein, addressing the highest intellect of France at the Sorbonne:

"If my theory of relativity is proved successful, Germany will claim me as a German and France will declare that I am a citizen of the world. Should my theory prove untrue, France will say that I am a German and Germany will declare that I am a Jew."

Prince of Wales' entourage in South America is amazed to find Montevideo more interested in the Argentine prize fighter, Suarez, than in the Prince and his brother. Huge crowds followed the fighter, only a few showed interest in the princess.

Nine Montevideo newspapers devoted ten pages to the fighter, only two and a half to British royalty. Only two newspapers put the Princes on the front page and two of them never mentioned the Prince, one of the two giving three full pages to the fighter.

Germany and Austria want to arrange some sort of commercial agreement, profitable to both countries.

That might interfere with Brian's plan for a "United States of Europe."

It might also lead to political union between Germany and Austria. There will be no United States of Europe. But if France says no, it will mean no, because France has the flying machines, and what they say is the law.

**GIRL SCOUTS**

Red Cross certificates for the Home Hygiene Course which was given by Miss Norcross at Girl Scout Headquarters have been presented to the following Girl Scouts in Troop 10: Margaret Caswell, Charlotte Klein, Marjorie Collins, Betty Rowe, Betty Krock, and Miriam Suvalle. In presenting these certificates, Miss Freeman spoke to the girls of the responsibility they have assumed in receiving this award, and said she hoped they would always be the first to offer their services as well as first to answer any call when help is needed in First Aid or Home Nursing.

Troop 23 of Newton Centre had a special meeting on Monday to which mothers were invited. Two girls were invested as Tenderfoot Scouts and the following girls were given their Second Class badges: Ruth Randolph, Barbara Bancroft, Betty Butts, Lucie Bennett, Gerry Graves, and Jane Underwood.

Preparations for the North Side Rally, which will be held in the Gymnasium of the Newton High School on Saturday, April 11, at 2:30 P. M. have been completed and the Girl Scouts are busily preparing for the competitive events. The program will include a compass game, knot game, and an obstacle race for the junior troops. The senior girls will have signalling, an obstacle race, and flag pole lashing which will be a new feature. The Newton Girl Scout Bugle and Drum Corps will give a demonstration, and the afternoon promises to be a very interesting as well as instructive one.

The Newton Highlands Troop Committee of the Girl Scouts will hold a food sale down stairs in the Parish House of the Newton Highlands Congregational Church on Tuesday afternoon April 7, 1931.

Aldermen Discuss Many Matters—Impose Traffic Regulations

Crescent Avenue To Be One-Way—Parking Limit On Elmwood St.—No Action on Washington Pk.

Several matters of interest came before the meeting of the Board of Aldermen on Monday night. Hearings on petitions to make Washington Park, Newtonville, and Crescent avenue, Newton Centre, one-way streets for part of their length brought a considerable number of citizens to City Hall and a group of persons residing on Tremont street, Newton, told of the troubles they have because of the failure of the Boston Elevated Railway to keep its tracks and cars in proper repair. Also, a message was received from Mayor Weeks telling of his desire to have the Aldermen pass an ordinance which will make radical changes in the management of the large fund bequeathed by the late Horace Cousins for the benefit of poor and deserving Newton people.

The first matters to come before the meeting were hearings on the taking of land for sewers and drains on Neshobe, Varick, Leslie, and Bertrand roads. H. C. Otis of Neshobe road inquired if the laying of the sewer will do any damage to his property. He was assured by City Engineer Morse that no damage will be caused. Roger Dow of 15 Varick road stated that all residents on these streets are in favor of the improvements.

Other hearings were held on the matter of building drains and sewers in Day street, Holman, Byfield, Homestead, Arapahoe and Rhindina roads. Robert Hillman of 50 Dwindine road told of having cesspool at his property which had turned out to be a well. He wants a sewer in that street as soon as possible.

The proposal to make Washington Park, Newtonville, a one way street, going southeasterly from Walnut St. to Park place was favored by Joseph H. Downey of 44 Washington park. He favored the change to afford protection to the children attending the Clifton School. Arthur D. Quimby of 79 Washington park opposed the traffic restriction. He said that the police men doing traffic duty when the school children are using the street do very efficient work and there is little possibility of any accidents occurring. If the one-way regulation is made effective on Washington Park automobiles will be diverted onto Park Place, a narrow way, in very poor repair and unfit for any amount of traffic. Mr. Quimby called attention to the fact that Park Place is not an accepted street and he doubts if the city possesses authority to divert traffic over it. He believes all that is necessary to make traffic more safe on Washington Park is to have a STOP sign placed at the Walnut street end of the street.

Charles E. Sullivan of 85 Washington Park also opposed the one-way regulation. He argued that if the regulation is made, trucks coming to stores facing on Walnut street must travel down Washington Park, thus creating a more dangerous condition.

On the proposal to make Crescent avenue, Newton Centre a one-way street westerly from Centre street to

Appropriate \$500 For Traffic Survey

Expert To Study Conditions At Nonantum Square

Many Bequests Made By Late H. D. Woods

Estate Valued At Over A Million And A Quarter

Seeks Change In Provisions Of Will

Wants Aldermen To Appoint Trustees For Cousins Fund

At the meeting of the Board of Aldermen on Monday night the request of Mayor Weeks for an appropriation of \$500 to pay a "traffic expert" to make a study of traffic conditions at the narrowness of Crescent avenue and the necessity of the regulation to make the street safe for the children attending the parochial school conducted by the parish. He said the restriction will also lessen congestion of traffic when church services are held and it will inconvenience very few persons.

Rev. Timothy A. Curtin, pastor of Sacred Heart Church, said the one-way regulation for Crescent avenue is needed to protect the children attending the parochial school who must cross this street 4 or 5 times daily. He informed the Aldermen that at present 470 children attend the school and within a year, or so, this number will be increased to about 700. The children have had to play on the street, but Fr. Curtin said he had purchased the property at the corner of Centre street and Crescent avenue, containing 28,000 square feet of land and will convert it into a playground. Children will be frequently passing across the street between the school and the playground and unless the regulation is made they will be menaced by traffic going in two directions. He stated that many automobiles travel at rapid rates of speed along this street and he criticized the reckless manner in which the American Express trucks are driven, saying the drivers of these trucks are the worst offenders. Fr. Curtin said that the playground will be used as a parking place for cars when church services are being held.

Daniel E. Irwin of Commonwealth avenue told of having four children attending the Sacred Heart parochial school. He stated that the members of this parish, as taxpayers are contributing to the support of the public schools of Newton, which he praised (having had two children graduate from them), and he called attention to the fact that the parish members in addition are maintaining the parochial school, thus saving the city about \$50,000 each year. They have a right to ask the city to make the street one-way to safeguard the children and the change should not be objected to when the safety of the children is taken into consideration. M. John Barry of Irving street also favored the proposed regulation.

F. W. Woolway of 60 Crescent avenue objected to the proposal and presented a petition of protest signed by four of the five property owners on Crescent and Norwood avenues who will be directly affected by the one-way restriction. He said there is very little traffic on Crescent avenue except when church services are being held, that residents of the street will be inconvenienced and property values reduced. He agreed with Fr. Curtin that the American Express trucks are operated recklessly, and menace the safety of the children. John J. Whittlesey of Norwood avenue also objected to the proposed regulation.

Alderman Powers said that many suggestions have been made regarding parking relief and improved traffic conditions at Newton Corner and some of these suggestions will have to be

The will of Henry D. Woods of Highland street, West Newton, who died on April 2nd was filed for probate at East Cambridge on Wednesday. The estate, valued at about \$1,290,000 and the will had specific bequests totalling about \$500,000. Included in the specific bequests are the following: Robert Gionsalos of Prince street, West Newton an employee in Mr. Woods' greenhouses, \$40,000; Mary T. Bradford of Cambridge, an annuity of \$408 for life; each employee in the testator's greenhouses, \$100 for each year since 1923; \$5000 each to Boston Society for Nazarene History, Boston Floating Hospital, New England Moral Reform Society, Massachusetts Eye and Ear Infirmary, Stone Institute at Newton Upper Falls, Prentiss Mississippi Institute; \$3000 each to Infants' Hospital and Bethesda Institute; \$2000 each to New England Home for Aged Mutes, Massachusetts Association for Promoting the Interests of Adult Blind, New England Peabody Home for Crippled Children, Industrial School for Crippled Children, \$1000 each to Jacoby Club, Boston and Newton. Y. M. C. A. Bequests of \$10,000 each were left to Ralph D. Colburn, Frederic Colburn, Harry Plympton, Caroline Durant, Henrietta Wardwell, Helen Gaylord, Grace Dickinson, Margaret Beede, Mabel Pond and Edna Coty; \$2000 each to William P. Morris and Isaac Hastings. To nephews and nieces: Henry W. and Charles LeBoutellier, James W. Kenneth, David Craig and Annie Carr, \$30,000 each. The executors and trustees of the estate are Theodore Hoague, William F. Chase and James W. Craig.

eventually adopted if the desired results are to be obtained. But any of them will cost considerable money and the city is not in a financial condition to spend money this year unless the tax rate is raised. This will not be done, so why give an "expert" \$500 when no real need for advice exists, when it is already known what can be done to improve conditions at Newton Corner, and when nothing will be done this year in any event? He called attention to the pleas made for economy in municipal expenditures.

The vote taken on the appropriation showed 13 in favor and 6 opposed. Those voting in the affirmative were Aldermen Bell, Bowen, Collins, Chase, Floyd, Greenstein, Harte, Hawkins, Holden, Jamieson, Howlett, Murray, Prior. Those voting in the negative were Chandler, Powers, Pratt, Smith, Temperley and Woodcock.

At the meeting of the Board of Aldermen on Monday night information was received from Mayor Weeks that he desires an ordinance passed by the Aldermen which will make radical changes in the provisions of the fund left by Horace Cousins for the benefit of deserving people in this city. Horace Cousins died on March 13, 1901, and after making a few minor bequests he provided that his estate, valued then at about \$350,000, should upon the death of his two children, assuming they left no issue, revert to a fund which would be used for the purpose of enabling deserving persons of small means in Newton to acquire homesteads. The fund was to be known as the Horace Cousins Industrial Fund. In his will Mr. Cousins said:

"From this fund I direct that loans shall be made to industrious men and women of small means who are residents of the city of Newton aforesaid, to assist them in procuring homesteads for their families. Therefore, I direct that sums of money be loaned to such applicants as the Mayor and Aldermen of said city shall deem deserving, and entitled to receive under the provisions of this will; and I direct that the rate of interest to be charged on said loans shall be fixed at three-quarters of the current rate of interest at the time the loan is made. Each loan, I direct, shall be secured by a first mortgage on improved real estate, and the amount loaned on any estate shall not exceed three-quarters par of the amount of the latest tax valuation. In case there should not be applicants entitled herein to take all the funds arising from this trust, in that event, loans may be made to other parties without restriction on the rate of interest, but shall be secured by first mortgages on improved real estate."

Mr. Cousins will further provide that the fund is to accumulate until it reaches the sum of \$1,000,000, to become a permanent fund to be loaned as directed. After the fund will have reached this amount, the income from it will be distributed to the deserving poor of Newton who are not inmates of the Alm. House. Mr. Cousins further directed—"If the amount received from said fund should be more than is required to supply the actual necessities of said outside poor, I direct the surplus to be paid for the benefit of the poor and needy sick inmates of hospitals within the limits of the cities of Newton and Boston."

The ordinance which Mayor Weeks wants the Aldermen to pass would create a board of three trustees to manage the fund and select those who would be beneficiaries from it. The Aldermen were informed that if they will pass such an ordinance the trustees will be appointed as trustees are Judge Elias Bishop of Newton Centre, John A. Cousins of Chestnut Hill and Albert T. Stuart of Newton Centre. The two former have been executors of the Cousins estate. Judge Bishop is a former City Solicitor of Newton

Newton Residents Protest Against Noise Of Street Cars

Aldermen To Ask Mayor To Request Boston Elevated Officials To Improve Conditions

A number of residents of Tremont and Park streets, Newton came to City Hall on Monday night to complain to the Board of Aldermen of the condition of the tracks and cars of the Boston Elevated Railway at Newton Corner. They were headed by Charles O'Brien of 295 Tremont street, who graphically and humorously told of the troubles he and his neighbors have to endure due to the dilapidated cars and tracks of the big transportation company. The tracks and roadbed have been in poor condition for a considerable length of time, according to Mr. O'Brien and others, and the noise caused by this condition was greatly added to, and other evils introduced by the action of the Elevated.

Thomas Enegeess of 229 Tremont street told of the effect of the cars on radios. Persons living along Tremont street cannot use radios because the condition of the old cars causes so much interference that radio reception is impossible. He protested to the Elevated officials and they promised to remedy conditions, but did not do so. Mr. Enegeess said that one cannot use a telephone when the cars of the Elevated are passing. Mr. O'Brien substantiated Mr. Enegeess' statement about radio interferences and said he bought a new radio, but when the expert who installed it, heard the squeaks and howls caused by the defectively equipped Elevated cars, he took the radio back to the store, saying that "No radio can be properly operated on Tremont street."

These old cars, according to Mr. O'Brien are falling apart; it is a regular occurrence for pieces of their mechanism and structure to be picked up from the roadway, and on one occasion he said that he gathered 16 pounds of metal which had fallen off the cars. He said that he had received information that these cars had been in use for 20 years. When it rains, water comes through windows and roofs of these cars, wetting the seats, and also the passengers. Mr. O'Brien stated that motormen dislike to operate these cars because when they take them from the car barn, they know breakdowns are apt to result. He told of the cars becoming stalled and motormen having to pound on the floor with a jack to release a car which has a habit of becoming stuck.

Referring to the noise caused by the cars, Mr. O'Brien said that it is terrible. People can't rent their apartments along Tremont street, and one visitor who spent a night with a friend there couldn't get a wink of sleep and remarked that he was going to try a boiler factory the next night to get comparative quiet. Compared with the noise made at all hours of the day and night by these big cars, he said the noise which the Middlesex & Boston cars used to make was like a cat walking over piano keys.

He said the houses on the street are being shaken to pieces, pictures won't hang straight on the walls, dishes and tins are rattled and even the coal piles in the cellars are sliding down from the vibration of the old cars over the broken rails and uneven roadbed. The terrific pounding of the cars, Mr. O'Brien stated, is largely due to the tracks being lower in many places than the roadbed and the ends of the rails not meeting. Some rails are a couple of inches higher than the next rail and it is a miracle that cars have not jumped off these defective rails. He commented that they must be "kangaroo cars" from Australia, they are so proficient in jumping the gaps between the rails.

Everett Abbott of 315 Tremont street told of writing to officials of the Newton Unit of the American Legion Auxiliary holding a bridge and whist party at Elks' Hall, Newton, on the evening of Friday, April 10, at 8:00 P. M. This party is for the benefit of the Scholarship Fund which was established three years ago and which purposed to aid some child of a veteran who wishes to acquire a higher education.

An important meeting will be held at Legion Headquarters, Framingham, Saturday, April 11, at 2:00 P. M. at which all officers of the Newton Unit are requested to be present. Plans will be made for another County Whist Party in aid of the Hospital Fund.

THE WEEK IN NEWTON SPORTS
Edited by WARREN K. BRIMBLECOM

BASEBALL SEASON OPENS TOMORROW**TRACK TEAMS TO MEET ENGLISH**

The Newton high school baseball team will open its season tomorrow afternoon at Clafin Field entertaining the Woburn High nine. Coach Sullivan has had his squad working out daily, weather permitting, for some time now and has selected his starting line-up for the opener. Last Saturday the orange and black staged a practice game against the Wellesley high squad and hammered out a 12 to 6 victory after spotting the visitors all but one of their runs in the first three innings.

George Kraber, veteran twirler, pitched the first three innings and did not deserve the fate that met him. His teammates tossed the ball around considerably during which time five runs trickled across the plate. Tommy Rhodes pitched the next two innings, Jimmy MacAdams the sixth and seventh, and Phil Giles wound it up. Wellesley's sixth counter came when MacAdams was in the box.

The feature of the Newton attack was the hitting of Bill Terry who patrolled right field. He connected for two home runs one of which kept Newton in the running and the other sending them into a comfortable lead.

Yesterday afternoon Lexington high brought its squad over for a practice game and the Minute Men went home with a 6 to 2 victory under their caps.

Once again the Newton lads tossed the game away in the early innings with Kraber on the mound but this time failed to solve the delivery of the Lexington twirlers. These practice games have been of much value to Coach Sullivan's squad and with the season getting under way the team is expected to make trouble for its opponents.

The starting battery for tomorrow's game is uncertain although it is probable that George Hildreth will be behind the bat and Tommy Rhodes in the box. If the team is hitting and gives Rhodes a margin to work on, Newton should start off on the right foot as the Newton sophomore can be relied upon if given backing. Charlie Butler will be at first base and at fifth in the order. Warren Colby will bat in the cleanup position and play second base. Warren Huston will be at shortstop and will either lead off or hit second. Norman Appleyard will start the game at third base but Antonello will get in for part of the game as he has been staging a hot fight for the position. Appleyard will bat in eighth position. The starting outfield is uncertain with the possibility that either Jim Sutcliffe or Ken Sharpe will be in left field, Willie Mullen in centerfield and Bill Terry in right field. Terry will bat third, ahead of Colby while Mullen may leadoff or bat second. The left fielder will probably bat seventh with Hildreth batting sixth and the pitcher ninth.

Woburn High has always given the orange and black outfit a battle in an early season game and is expected to furnish plenty of opposition tomorrow. Next week Wednesday Newton will face Wakefield High on the Newton diamond and on Saturday will journey to Russell Field, Cambridge to open the Suburban league season in its first encounter with Rindge Tech.

SPORT NOTES**NEWTON ARCHERS TO HOLD SPRING SHOOT**

On the afternoon of Friday, May 22nd, at the Boston University outdoor track at Nickerson Field, River-side, the Newton high team will meet Boston English High school in a dual meet. The orange and black has high hopes of avenging the defeat suffered by the Hub outfit in the State indoor meet several weeks ago.

Coach Donald Enoch of the Newton team is looking forward to a successful outdoor season with a well-balanced squad on hand. In addition to meeting Boston English the local squad will meet Brookline high a week earlier in a dual affair. The other meets on the schedule are interscholastic affairs at Worcester, Harvard, and either at Brown or Amherst and the State relays at Fitchburg.

The lack of a nearby track handicaps the Newton mentor in outdoor work as it is more or less of a problem to provide transportation to either the B. U. track at Riverside or the Boston College track at Chestnut Hill. Work on the new track at the Dickinson Memorial field is advancing rapidly but it is not expected that it will be completed in time for use this spring. Next year it is planned to hold the State outdoor meet on the Newton oval instead of as a part of the Harvard interscholastics as has been done in recent years.

During the past two years Newton high outdoor teams under Coach Enoch have hung up some very creditable performances. In addition to annexing a couple of dual meets the 1929 team won the Worcester Interscholastics with 29 points, finished second in the Brown Interscholastics and won the State relays at Fitchburg with 16 points. In this latter meeting the orange and black won three championships and set two new records.

Last year the team placed third at Worcester, second in the Harvard meet with 17 points and second at the State relays with 8 points.

Coach Enoch will have Walter Holmes, negro star, Douglas Sloane, and Donald Irwin in the sprints and this trio should collect many points. In the quarter mile Al Mouser, Jim Cahill, Bob Bell and Al Guzzi will show their heels to lots of runners. George Lamb, Douglas Chalmers and Richard Jarrell will concentrate on the half mile with the Signore brothers and Arthur Quincy being the best bets in the mile. Milton Green will be the mainstay in the hurdles, broad and high jumps and Jim Colligan is the outstanding performer with the weights.

SPORT NOTES**Independents Win**

The Newton Independents, composed of Newton High School athletes on the 1930 basketball squad, won their first round game in the Boys' Club tournament Tuesday night. The locals defeated the Portsmouth Comets 22 to 15 with Warren Huston leading the way with nine points. Perry Elrod and Bailey each tallied four points. Seaver added the remaining three. Hudon and Seaver were at the forward positions, Elrod at centre, Bailey and Patterson, Wetherbee and Weidig divided duty at the two guard berths.

Wilson Hits Homer

The B. U. varsity nine defeated the freshman yesterday at Nickerson Field, 9 to 3, with Arthur Wilson, former Newton high heavy hitter, slamming out a home run to feature the varsity attack. Wilson is playing third and Captain Jack McCullough of Newton Centre, left field, in the Hubbs' opening game with Brown at Providence tomorrow. In yesterday's practice contest Victor Stout, another local youth on the squad, pitched three innings for the varsity.

Open Next Friday

The Northeastern University track team will open its outdoor season next week Friday afternoon with a dual meet with Springfield College at the latter's track. Springfield won the 1930 outdoor Eastern Interscholastics and Northeastern the 1931 Indoor Eastern and the close result is predicted. Jimmy McCruden, former Newton captain and star, is in fine form this spring and is expected to defend his laurels as both indoor and outdoor Eastern 880 champion. McCruden will also be a member of the mile relay team which competes at the Penn relays later this month. In addition to his collegiate titles the Newton star is also a former holder of the N. E. A. A. U. 600-yard title and holder of two Northeastern records.

Wins Soccer Letter

Emery F. Swan of Newton Centre has been awarded a minor letter in soccer at Moses Brown school, Providence. He spent the Easter holidays with his parents, Mr. and Mrs. F. M. Swan of Prentice road, and returned this week for the spring term.

ANNOUNCEMENT

Mr. Donald Houghton, formerly of Camp Passaconaway and present owner and director of Camp Hilltop located in Washington, N. H., announces that Hilltop will open its second season on July first. The season is of eight weeks and the camp fee is \$150. For information address the director at 187 Woodward St., Waban, or call Cen. Newton 4258.

Formerly it was a custom in printing to repeat the first word of a page in a separate line at the bottom of the preceding page, for convenience of the reader. This was known as the "catchword." The term also is applied to the words placed at the top of the page of a dictionary or other work of reference, representing the first and last items on the page.

A DOUBLE ANNIVERSARY

Our neighbor, Wellesley, is observing its fiftieth anniversary and our contemporary, The Wellesley Townsman, is observing its twenty-fifth anniversary. We congratulate the town on its advancement and prospects. An advancement due in great measure to the care and wisdom exercised by the older residents and prospects which will be carried out by the high type of present citizenry. We congratulate the Townsman for the part it has played in promoting community activities and also for the excellence of its Anniversary issue of last week.

We wonder if the average citizen of Newton realizes the place in education and society that is occupied by the All-Newton Music School. From a small start almost twenty years ago this organization has accomplished a great deal in the way of advancement of music. Without wider help it cannot live and if dropped by the wayside there would be nothing to replace it

ROTARY CLUB

Members of the Newton Rotary Club listened with keen interest to the address on "The Coming Era of American Business" by Frederic B. Eastman at the Monday luncheon meeting at the Woodland Golf Club. Mr. Eastman recently collaborated in an extensive research study of his subject and set forth many wise opinions. He told of the rise of America to the foremost country in the world through industrial production. The World War hastened this advancement so that today we must adopt a new policy. Instead of being able to go ahead on the same basis for years to come the peak was reached far earlier than expected and we are now in danger of slipping back unless one or two courses are followed.

We can either curtail production to the limit of our domestic needs or we can step up production to the pace of two years ago and increase our foreign markets. The first course would mean considerable adjustment of American business and probable loss of a large amount of public investment. To successfully adopt the second course there must first be a revision of tariff in order that American producers may compete with foreign industries. The increase in foreign production is a direct result of the World War during which time America aided her allies through revelation of industrial methods.

THE VILLAGE PLAYERS

"He and She," a drama by Rachel Crothers, will be presented by the Village Players as their spring production. Three performances will be given on the evenings of April 21, 22, and 23 at 8 o'clock in the Unitarian Playhouse, Newton Centre. "He and She" represents the drama of married life in which the relations of husband and wife are modified by the rival claims of professional jealousy. It is one of the most striking of the plays which deal with the general question of woman's rights and responsibilities, of which its author has stood for some time as a representative in drama.

In choosing plays the Village Players endeavor only to produce the most worthwhile drama, drawing from different types of plays so that the season's balance of plays will be representative. An especially talented cast will appear in "He and She," including well known members and others who are making their first appearance with the Village Players. The large group of subscribers and friends who attend every performance of the Village Players and who watch their continued growth with interest, are looking forward to a rare treat on April 21, 22 and 23rd.

UNDER THE GILDED DOME

Representatives Baker, Luitwieler and Thompson voted against the adoption of the amendment to the Ways and Means Committee's bill so far as that report relates to the building program of Governor Ely. The bill will be further fought and there is doubt if it will be enacted into law as it must receive a two-thirds vote on the enactment stage because it provides that the State shall borrow money. Should the bill become law, however, the net effect will be the expenditure by the State of \$9,500,000 for building its charitable and other institutions. Of that amount \$1,500,000 will come out of current revenue, \$1,500,000 from five-year notes and \$5,000,000 from 10-year bonds. Another result is that the total State budget will be cut down from about \$45,000,000, as reported by the Ways and Means Committee, to approximately \$44,000,000. This reduction is due to the fact that the committee favored an increase of \$1,000,000 in the State tax. Representative Baker took part in the debate and opposed the amendment, which had the Governor's approval, declaring it a "smoke screen for extravagance."

The members of the special commission to recommend changes in the laws relating to child welfare have had the satisfaction of seeing some of their bills favorably acted upon and others rejected. The total number favored by the Legislature has exceeded those not adopted, which is a pretty good average, according to those who observe the handling of legislation year in and year out. The amendments made in the child law this year have been framed entirely for the benefit of the unfortunate. Some of the proposed measures had to be turned down because, in the opinion of the General Court at least, they were either too drastic or unnecessary. However, the aims of the commission and its supporters have been of the highest and this group of earnest citizens is entitled to the thanks of the community for its efforts to aid the helpless children.

The Committee on Insurance is soon to report a bill under the terms of which the compulsory automobile liability insurance law will be abolished and a system set up whereby persons involved in accidents will be obliged to carry insurance. The rate will be based on the experience of the driver. The more accidents, the higher the rate. Those who are called upon to carry such insurance and fail to do so would lose their right to drive. The bill is among the most important of the present session.

Senator Hollis tried unsuccessfully to have the Senate amend the bill establishing a highway speed limit by reducing the maximum limit at curves and intersections. The bill was passed, however.

The Senate sustained Gov. Ely's veto of the bill authorizing political parties to elect chairmen from outside their membership. On the question of passing the bill notwithstanding the veto of the Governor three voted "yes" and 31 voted "no". In his message, which accompanied the veto, Gov. Ely said, "This bill provides that the State Committee shall not be limited to its elected membership in the choice of its officers, but may choose them from among the enrolled members of the party which it represents. Except for this amendment, the theory of our political organization rests upon the election and consent of the people, and the provision of this bill, to which reference is made in this message, is contrary to the spirit of the present law in that it would permit the election of a chairman, a secretary, a treasurer and other officers as the State Committee may decide to elect who never received the approval of the people.

"Such legislation permits an unwarranted interference by political committees with the will of the enrolled members of the party. If a man seeks office and desires to hold it, he should seek it in the regular way, namely, through election by the people."

The bill authorizing the expenditure of \$2,200,000 for the improvement for recreational and other purposes of the Charles river basin has been signed by the Governor. The specified sum includes the \$1,000,000 gift of Mrs. James J. Storrow. Under the terms of the bill the Metropolitan District Commission is authorized to lay out and construct various sections of parkways in connection with the improvement. The amount of all to be used in improving the basin is left to the discretion of the commission.

The bill to reduce from 70 years to 65 the age limit at which old age assistance may be granted by a city has been rejected.

State Auditor Francis X. Hurley has abolished the office of junior accountant. His action automatically removes from the State service Miss Irma A. Rich who was appointed to the position by Former State Auditor Alonzo B. Cook. Miss Rich was formerly a telephone operator and was promoted by Mr. Cook. After Mr. Hurley took office he decided that the position held by Miss Rich was not necessary in his office organization. Under the law Miss Rich has the right to appeal for a hearing before the State Auditor. This she did and after the hearing Mr. Hurley again decided against her. She has now the right to take her appeal to a justice of a district court for review. It is expected she will submit the case to that tribunal.

The "double-header" bill is now law, having been signed by Governor Ely. It permits Sunday sports to be played from 1:30 to 6:30 p. m. The old law made such sports legal between 2 and 6 p. m. The agitation for a change came from those who wanted to make certain that professional baseball clubs could play two full games on Sunday afternoons if they saw fit.

Legislation that has been urged for a number of years has finally been enacted and signed by the Governor. It is a fire prevention measure and requires the installation of automatic shutoff devices in the intake pipe of all gas meters and is intended to prevent or retard the escape of gas in

case of fire. The law will not affect those gas meters at present installed but will apply to those which are installed hereafter. Firemen appeared before the Committee on Public Safety and said that if such devices were placed on gas meters it would reduce the danger of explosion in any building or dwelling where there are gas meters. The firemen declared that the danger of a gas explosion is always imminent. Apparently the Legislature felt that to make the law retroactive would impose too great a financial burden on property owners so the bill was framed to meet future installations.

Under the terms of a bill signed this week by the Governor, civic and fraternal organizations may parade with music on Sundays.

MAYOR WEEKS ASKS ALDERMEN TO CHANGE PROVISIONS OF HORACE COUSENS WILL

(Continued from Page 1)

and a judge of the Superior Court, Mr. Cousens is President of Tufts College and President of the Brookline Savings Bank. Mr. Stuart is the real estate business. He has been an active supporter of Mayor Weeks.

The members of the special commission to recommend changes in the laws relating to child welfare have had the satisfaction of seeing some of their bills favorably acted upon and others rejected. The total number favored by the Legislature has exceeded those not adopted, which is a pretty good average, according to those who observe the handling of legislation year in and year out. The amendments made in the child law this year have been framed entirely for the benefit of the unfortunate. Some of the proposed measures had to be turned down because, in the opinion of the General Court at least, they were either too drastic or unnecessary.

John T. Burns & Sons, Inc., report that they have sold for Maurice and Florence M. Temple the new brick English type residence located at 77 Park street corner Vernon street in the Farlow Park district of Newton. The purchasers of the property are John F. and Elizabeth D. Collins of Pittsfield. Mr. Collins is the manager of the Boston American League baseball team and buys this home for occupancy. With the house there is a two car garage and 8,000 square feet of land, and the property being new is not yet assessed.

Burns and Sons also report that they have sold for the Natalia L. Greene Estate the single ten room home located 18 Alden street in the Newton Centre district. With the house there are 12,500 square feet of land, and the property is valued at \$15,000. Vera G. Dover was the purchaser and buys for occupancy.

Burns and Sons have also sold for Cecil B. Atwater of Natick to G. I. Grace of Brighton the single home located at 69 Commonwealth Park West, in the Newton Centre district. With the house, which is of frame construction and contains six rooms and a sun parlor, there is a garage and 6,886 square feet of land, and the property is valued at \$11,000. The purchaser will occupy the premises as a home.

The Lesson-Sermon is the following from the Bible: "Rejoice in the Lord, O ye righteous: for praise is comely for the upright. . . For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgment: the earth is full of the goodness of the Lord" (Deuteronomy 33:1, 4, 5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sin, sickness, and death are comprised in human material belief, and belong not to the divine Mind. They are without a real origin or existence, but belong, with all that is material and temporal, to the nothingness of error, which simulates the creations of Truth" (p. 286).

CHRISTIAN SCIENCE

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 12, 1931.

The Golden Text is: "The Lord will take away from thee all sickness, and will put none of the evil diseases of Egypt, which thou knowest, upon thee" (Deuteronomy 7:15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Rejoice in the Lord, O ye righteous: for praise is comely for the upright. . . For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgment: the earth is full of the goodness of the Lord" (Psalms 33:1, 4, 5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sin, sickness, and death are comprised in human material belief, and belong not to the divine Mind. They are without a real origin or existence, but belong, with all that is material and temporal, to the nothingness of error, which simulates the creations of Truth" (p. 286).

THE WONDERLAND OF THE FAR WEST AND NORTH

Newton residents will have an exceptional opportunity on Tuesday, April 21, at the Auburndale Club, to hear Mr. Arthur H. Merritt lecture on his trip last summer to the Yukon and Klondike, Alaska. He has a most wonderful story to tell of a country so little known about.

The lecture is illustrated with 200 beautifully colored slides some of them, marvels of photography.

Facts About Newton

THE MUSIC SCHOOL'S 20TH BIRTHDAY

On April 18, 1911, twenty years almost to the day—the West Newton Music School, now for several years the All Newton Music School Incorporated, had its inception. Begun as a small local effort, this organization has steadily developed according to special needs and conditions, speedily taking its place as an educational, cultural and social influence of recognized value to Newton.

For some months in 1911-12, experimental work was done at the West Newton Day Nursery (now the West Newton Community Centre) to prove whether or not there existed a need for such work among children unable to pay rates for good musical instruction. Becoming convinced that such a need did exist, the present Director interested a group of friends—the original founders, all of whom have been constant and loyal supporters of the School. These founders were: Mr. and Mrs. Harry Lang Burrows; Mr. and Mrs. Henry B. Day; Miss Margaret E. Eager; Hon. and Mrs. John W. Weeks. Many other prominent people helped the School through its experimental time, and these are still its city.

The primary aim of the School is to provide a sound musical education for children otherwise unable to meet the cost of first-rate instruction. While it has trained a very fair proportion of musicians who are now doing valuable professional work, its great object is to give the "rank and file" the insight that leads to real love of, beautiful and great music, and a resource for whole-some pleasure in its practice.

The very large majority of the pupils pay a rate which at best covers the cost to the School of the individual lesson alone. In times of stress like the present, many deserving children pay a smaller rate; a few must temporarily receive free instruction—these only pupils of proved industry and ability. Attracted by the School's reputation and standards, some apply who can and do pay a rate which covers the total proportionate expense, and this helps the School to provide for others who cannot do so.

Ensemble training is free to pupils of the School. There are four large Ensemble classes ("orchestras") and several smaller groups. Some of these are in demand for entertainments and are making a name for themselves and for the School by their playing. The expense of the Theory Classes is approximately covered by the nominal fees from pupils of the School, supplemented by a considerable number who come for that work only, and pay a larger rate—less however, than similar work elsewhere.

Pupil's fees cover approximately two-thirds of the cost of the School, leaving about \$5,000 to be met. The School has an endowment from the generous benefactress of music, Mrs. Elizabeth Sprague Coolidge, allowances from various welfare and educational Funds, from the Clubs and a few Churches, add a few hundreds more. For the rest, about \$4,000—the School must depend upon public spirited citizens.

In its Music School Newton has an institution which stands high in reputation and accomplishment; which has grown to fit the special local needs; and which is a recognized force for good. It is hoped that this may be more generally understood and that the School can eventually meet its budget from the donations of its friends alone, without recourse to demands upon the public through entertainments. It has endeavored to do this during the present year.

There are two completely organized and equipped Branches. That at the Peirce School, West Newton, provides

Recent Deaths

JAMES H. FESSENDEN

James H. Fessenden of 50 Auburn street, West Newton, and for many years a resident of Concord street, Newton Lower Falls, passed away on Sunday at the Newton Hospital, after an illness of several months.

Mr. Fessenden was born in Hiram, Maine, fifty-five years ago, coming to Newton about thirty years ago. For the past twenty years he had been in the employ of the City of Newton in the Forestry Department, having charge of the work on Farlow Park for some time.

Funeral services were held at his home on Tuesday afternoon at two o'clock. Rev. P. M. Wood of the Church of the Messiah, Auburndale, conducted the services. Interment was in the Newton Cemetery.

Mr. Fessenden is survived by his widow, five sons, Chester, of Fort Preble, Maine, Linwood of Natick, Harold of Framingham, Ellery of Cornish, Maine, and Roger of Newton, also one brother, William of Newton, and one sister, Mrs. Iza Hubbard of Maine.

The many floral tributes showed the high esteem in which Mr. Fessenden was held among his friends, neighbors and brother workers. His passing will be a loss to all who knew him.

HENRY DICKINSON WOODS

Henry Dickinson Woods, who died on Thursday, April 2nd, at his home, 99 Highland street, West Newton, was born in Paris, France, on October 3, 1852, the son of the late Henry Woods and Annie L. (Dickinson) Woods. His father, Henry Woods, was long a member of the old-time firm of C. F. Hovey & Co., representing that house in Europe and making his home in Paris for nearly 30 years. It was his custom to return to the United States at least every four years, in order, as an American citizen, to vote in the national elections.

Henry Dickinson Woods was a graduate of the Ecole Centrale of Paris. He came to the United States in 1875 and was connected, as engineer, with the Framingham Water Works. From 1890 to 1900 he was chief engineer of the City of Newton.

In 1894 he married Jennie A. Pond of Brookfield, who died in 1913. Mr. Woods was a member of the American Society of Civil Engineers.

He is survived by his daughter, Mrs. Ethel P. Cote and two grandchildren.

Mr. Woods also, two sisters, Mrs. Roberts Le Boutillier of Wayne, Pa., and Mrs. Helen M. Craig of Boston.

Funeral services were held Saturday, April 4th, at 2 o'clock at Mount Auburn Chapel, Rev. S. D. Lovett, officiating. Burial was in Mount Auburn Cemetery.

ALFRED M. S. BUTLER

Alfred M. Butler of 134 Middlesex road, Chestnut Hill, died on Sunday, April 5. He was born in Meriden, Connecticut, 59 years ago and served in the Civil War. He had resided at Chestnut Hill for 20 years. He was formerly engaged in the wool business. He is survived by a son, Alfred M. Butler of Boston, and three daughters, Mrs. Austin Rankin of Rochester, N. Y., Mrs. Arthur Taylor of Milwaukee, and Sonora Butler of Chestnut Hill.

THOMAS LeBLANC

Thomas LeBlanc of 51 Falmouth road, West Newton, died on April 3.

He was a native of Nova Scotia and had resided in this city for 37 years.

He is survived by his widow, Mrs. Rose LeBlanc; three children, Adelaine, Joseph, LeBlanc and

Mrs. Luther Powers, his parents, three

sisters and a brother. His funeral services were held Monday morning at St. Jean Evangeliste Church, Nonantum, and burial was in Calvary Cemetery, Waltham.

POLICE NEWS

Hagop Pilibosian of Pine Tree road, Wellesley was in the Newton court on Tuesday charged by Patrolman Goddard with failing to stop before crossing Commonwealth avenue at Centre street, Newton Centre. Pilibosian crossed the avenue late at night when the automatic traffic signal there was flashing red and yellow, alternately. Goddard based his complaint on that part of the Motor Vehicle Laws which reads—"What does a flashing red light on a traffic control signal or beacon indicate and require?"

"It indicates a through way and a driver is required to come to a full stop before entering."

Judge Bacon ruled that Pilibosian was not guilty because the light was flashing yellow, as well as red.

Judge Lynch of Milford who presided over the inquest on the death of Mrs. Adelina Barisano, 22, of 456 Watertown street, Newtonville, who died at the Newton Hospital on March 25th filed his report on Tuesday. He found that her death was caused by general peritonitis, the exact cause of which is not known. He mentioned that some of the evidence at the inquest was to the effect that the young woman had been kicked, but before her death she had made conflicting statements concerning the manner in which she had received her injuries.

Patrolman John McNeil ended his active duties as a member of the Newton police force last Friday when he went on his annual vacation. He will be retired on April 19th after 33 years of service. One of the most faithful men who ever served on the Newton Police Department, zealous in the performance of his duties, and showing no partiality to those possessing wealth or influence, he displayed no fear or favor and while unpopular with many who transgressed the laws, he won the esteem of citizens who admire a policeman who cannot be intimidated or easily influenced.

Clarence D'Avignon of Charles street, Waltham was not in the Newton court yesterday to pay the balance of \$87 due on a \$100 fine recently imposed on him for driving an uninsured automobile. The young man had been sentenced on Wednesday by Judge Gibbs in the Superior Court to serve five years at Concord for burglary.

John Devine, 19, of Winslow road, Waban was in the Newton court yesterday charged with the theft of a 45 calibre pistol from his employer, Col. George Graham. The case was continued until next Monday.

(Editor's Note) — In last week's GRAPHIC was an item about two boys from this city who were arrested in Worcester County for violations of the automobile laws. The GRAPHIC has received an unsigned letter which states that the alleged facts contained in this item are not true and that grave injustice has been done to the boys. If the person who wrote this letter will send his (or her) name and address to the GRAPHIC, we will be pleased to publish it.

Martino's concert orchestra, George Pratt Maxim conductor, will furnish the accompaniment.

ABOUT TOWN

By Edw. H. Powers

In the NEWTON GRAPHIC of November 30, 1930, under "About Town" the following item was printed:

"Being neither a prophet it may appear presumption to make a prediction. But upon learning of the availability of the large fund bequeathed in 1901 by the late Horace Cousins, we proposed that at least one change will be attempted in the provisions stipulated by Mr. Cousins in his will. The provision which states — 'Therefore, I direct that sums of money be loaned to such applicants as the Mayor and Aldermen of said city shall deem deserving, and entitled to receive under the provisions of this will.'

It has already been suggested that such a change be made; that instead of the Mayor and Aldermen of Newton controlling the disposition of the loans to be made from the Cousins funds, such loans being to enable persons in this city to obtain homes, the control of the Cousins fund shall be taken from the City Government and transferred to a Board of Trustees.

Without questioning the sincerity of anyone suggesting this change, it is our opinion that the expressed desire of the donor of the fund should be obeyed. Mr. Cousins, who came to Boston, a country boy from Maine, was not only a kind-hearted man, he was also a sagacious man. Had he not been, he would not have accumulated by industry and ability the fortune he so generously donated to the people of Newton. He was a man of sound judgment. He believed in the practicability of having the Mayor and Aldermen of Newton determine who shall be the beneficiaries of his fund. He had faith in the integrity of the men selected by citizens of Newton to govern this city.

Assuming that the Mayor and Aldermen of Newton will decide upon applications for loans from the Cousins fund, such decisions will be made under the spotlight of publicity by men who could be repudiated by the people of Newton if they did not display fairness and good judgment. Horace Cousins had faith in the men who governed Newton a generation ago. He had faith that competent, honest men would continue to govern Newton. We believe his faith will be justified."

Our prediction has come true. Mayor Weeks is asking the Board of Aldermen to pass an ordinance which will change the terms of the huge Cousins bequest; to surrender from public to practically private control the distribution of the gratuities which will be provided from the large income of the Cousins Fund. This fund at present amounts to about \$500,000 and is to accumulate until it reaches \$1,000,000. The argument is offered that to have the Mayor and twenty-one Aldermen decide who the recipients of the gifts from this fund will be, would bring politics into the matter. We disagree with this argument. Practical politics are played privately more than publicly. When the men named are Trustees (two of whom have been executors of the Cousins estate for many years) would be offered that some future Mayor will not play politics by appointing some of his henchmen as one of the three arbiters to hand out the income of the Cousins Fund?

We agree that it is not practicable for twenty-one Aldermen, a large percentage of whom have little training in financing, to meddle with the investing of an amount of money as large as that involved in the Cousins Fund. This fund at present amounts to about \$500,000 and is to accumulate until it reaches \$1,000,000. The argument is offered that to have the Mayor and twenty-one Aldermen decide who the recipients of the gifts from this fund will be, would bring politics into the matter. We disagree with this argument. Practical politics are played privately more than publicly. When the men named are Trustees (two of whom have been executors of the Cousins estate for many years) would be offered that some future Mayor will not play politics by appointing some of his henchmen as one of the three arbiters to hand out the income of the Cousins Fund?

—The action of the Boston Elevated officials in removing the electric cars which formerly were operated from Watertown through Newton and Brighton to Boston and replacing them with greatly inferior cars shows what happens when a community submits to inferior service. Since James M. Curley was re-elected to office, the service of the Elevated to Jamaica Plain has improved considerably. If the people of Newton want better service they will have to kick, as the residents of Tremont and Park streets did before the Board of Aldermen last Monday night. This city's representatives in the Legislature should cooperate in securing better service from the Elevated for Newton. But, control of the distribution of the charities from this fund should not be vested in three men, some of whom would not have the time, or the intimate contact with the people of this city to enable them to properly function.

The action of the Boston Elevated officials in removing the electric cars which formerly were operated from Watertown through Newton and Brighton to Boston and replacing them with greatly inferior cars shows what happens when a community submits to inferior service. Since James M. Curley was re-elected to office, the service of the Elevated to Jamaica Plain has improved considerably. If the people of Newton want better service they will have to kick, as the residents of Tremont and Park streets did before the Board of Aldermen last Monday night. This city's representatives in the Legislature should cooperate in securing better service from the Elevated for Newton. But, control of the distribution of the charities from this fund should not be vested in three men, some of whom would not have the time, or the intimate contact with the people of this city to enable them to properly function.

The late Henry D. Woods of West Newton was a charitable and appreciative man. Unlike many rich men who have died in recent years, he willed generous bequests to many philanthropies and he bequeathed a large sum to a faithful employee.

Congratulations to the neighboring town of Wellesley on its 50th anniversary. A charming residential town, it is well governed, as its excellent streets and well lighted highways attest.

Advertisements recently published in Newton papers evidence that the Mayor and Aldermen of this city are considering improving the types of streets constructed in this city. The present specifications for accepted streets call for a gravel street coated with a surfacing of tar. This type of street has given satisfaction to many residents of Newton. It does not withstand the wear and tear of this automotive age. The bids asked for call for two other types of street construction. One of these is a gravel street covered with two inches of premixed bituminous material. The other type is a macadamized street, permeated with tar. This latter type has been used in a number of progressive cities and towns nearby and is much more satisfactory than the gravel streets which have been constructed in Newton. The bids to be received from contractors on the three types of streets will show their comparative costs and prove whether,

Made from selected potatoes, cut very thin and fried in the purest of vegetable fats.

Letters To The Editor

AMERICANIZATION WORK

To the Editor,

Dear Sir:

The article in the Newton Graphic about the good work being done by the Nonantum Civic Association in forming classes in Americanization in the Nonantum District, I read with pleasure.

Something like this should be done in every section of the country to counteract the effect of the Communist propaganda that is spread easily at a time like this when there is so much poverty and suffering through unemployment.

However, in making the claim that theirs is the first of its kind ever conducted in the Nonantum section of our City, this Society is wrong. Thirty years ago the Nonantum Young Men's Association, at its quarters on corner of Watertown and Chapel streets carried on Americanization for over five years. We had a framed copy of the Declaration of Independence on our walls, which was read and explained to future citizens. The Constitution was read

*As SILENTLY AS NATURE
MAKES ICE...*

ELECTROLUX
.....THE *Gas*
REFRIGERATOR

ELECTROLUX, the Gas Refrigerator, is as modern as tomorrow—yet this exceptional April offer enables you to enjoy all its wonderful advantages now. During April your old ice box will be accepted as \$25 toward the purchase of any Electrolux model. And you may have two whole years to pay!

Here is the highest perfection yet achieved in automatic refrigeration. A refrigerator that makes ice with a tiny gas flame and a trickle of water... that has no parts to make noise or wear out... that costs less to operate than you now pay for ice... and that keeps your foods fresh, wholesome, and flavorful for days. Plenty of ice cubes, too, to lend sparkling zest to every beverage.

Eight beautiful models to choose from. See them at our showroom Today!

\$25 ALLOWANCE
on your old refrigerator
regardless of its condition
2 years to pay if ordered in APRIL

You can enjoy Electrolux Gas refrigeration while you are paying for it. Over a period of two years it will help pay for itself in its saving on ice alone. But remember—April 30th is the last day of this offer!

Electrolux, the Gas Refrigerator, has been tested and approved by Good Housekeeping Institute and American Gas Association

FRIENDSHIP TOUR

Wednesday afternoon, April 8th, a group of fifty members of the Association motored to Boston and met at the Boston Art Museum where Rev. Herbert A. Jump, chairman of Friendship Tours, joined them and conducted the party. To build up better citizenship and foster a kind and broadminded spirit are the aims of Mr. Jump in promoting this form of social service which is now in its fourth year. Mrs. Brewer Eddy and Mrs. Charles W. Stewart made the arrangements for the Association. Mrs. David Kydd of Lexington, art collector, and former resident in China; Mrs. W. W. Leete of Auburndale, formerly missionary in North China, and Mrs. W. Lin Shen, Chinese graduate of Oberlin college, acted as guides in the museum, explaining the rare qualities of the Chinese art collection. The autos then threaded their way through the crowded streets to 93 Tyler street where Dennison House offers its friendly ministries to the foreigners in that section. Mr. Edward Hudson, headworker, spoke on "Being Neighbors to the Chinese," and Mrs. W. Lin Shen told of Chinese home life, sharing honors with her attractive small child. A group of girls, comprising the basketball team, sang pleasingly and one of their number, "Suzanne," answered questions intelligently, describing the Chinese school attended by over two hundred. This does not take the place of the public schools but is for the purpose of teaching the Chinese language and is conducted by their own people, the hours from five in the afternoon until eight o'clock. Mr. Harry Dow, the first Chinese young man to be admitted to the Massachusetts bar, also connected with the immigration office, told of the problems confronting the Chinese through the exclusion act. There are 5000 Chinese in Boston and only about fifty wives. Tea was served and later an opportunity was given to visit Chinatown.

**MAYOR WEEKS ADDRESSES
EPWORTH LEAGUE**

Mayor Sinclair Weeks told the members of the Epworth League of the Newton Upper Falls Methodist Episcopal Church, Sunday evening, that character building organizations for young people, like the Epworth League, are the best influence in the country today. The Mayor's address was one of a series given by the League during the past winter, and was entitled "Being A Christian citizen."

The Mayor declared that Christian citizens develop the best kind of a city, for if young men and women train themselves by building their characters they will develop into useful citizens who can direct the orderly conduct of our communities. The greatest weapon against increasing crime which we have so readily at hand today are the organizations which are, year after year, developing youths of the best type. He told the young people that the greatest successes in life come from doing right and that success obtained through wrong doing is only temporary.

NEWTON CENTRE NEIGHBORHOOD CLUB

The Newton Centre Neighborhood Club will meet on Monday evening, April 13th, at eight o'clock, at the Trinity Parish House, Newton Centre, where the members and their guests will be entertained by the well known local Lyric Male Quartet. Their program will include several selections particularly adapted to their voices such as—"Peter on the Sea," "You Better Mind," "Mother o' Mine," "Kentucky Babe," "Walk in Jerusalem," "Shout all over God's Heaven" and "Who Did Swallow Jonah." Mrs. Henry T. Patch of Mt. Vernon Street, Boston, will act as the Club Hostess for the social time which will follow the evening's entertainment.

Fooling Evil Spirit

When an epidemic strikes some Eskimo tribes, the well people disguise themselves by wearing their hair in a bang, so that the evil spirit will not recognize them and give them the disease.

KNIGHTS OF COLUMBUS

Newton Council, K. of C., observed French Night on Tuesday. The meeting was in charge of J. Edward Thieault. The guests of the evening were Mayor Aristide Martel of Marlboro, Hon. Joseph Flamand, French consul at Boston, Prof. Louis J. Merier of Harvard and Mayor Weeks. A program of singing and musical numbers was given.

Newton Council will observe its 35th anniversary on April 29th with a banquet at the Catholic Club, West Newton. Of the 50 charter members, 14 are alive. The principal speaker at the event will be Thomas A. Daly of Philadelphia poet and columnist. Other guests will include State officers of the K. of C., and pastors of the Catholic churches in this city.

Members of Newton Council will attend the State Banquet at the Copley Plaza Hotel in Boston on April 19.

At the meeting of Newton Council on April 21st a "Scotch Night" will be observed.

The annual Boston College-Holy Cross debate under the auspices of Newton Council, will be held at Newton High School auditorium on the night of May 17th.

**SAYS NO ALIENS EMPLOYED ON
POLICE BUILDING**

Following charges that aliens were employed on the new police headquarters building at West Newton, John McDonald, the contractor doing the job made a check-up of his employees and informed Harold Young, secretary of the Mayor's Relief Committee that no aliens had been employed on the work. He stated that six of the men employed there were non-residents of Newton, but the part of the job on which they had been engaged would be completed last Saturday and they would no longer be employed on the building.

NEWTON CENTRE NEIGHBORHOOD CLUB

The Newton Centre Neighborhood Club will meet on Monday evening, April 13th, at eight o'clock, at the Trinity Parish House, Newton Centre, where the members and their guests will be entertained by the well known local Lyric Male Quartet. Their program will include several selections particularly adapted to their voices such as—"Peter on the Sea," "You Better Mind," "Mother o' Mine," "Kentucky Babe," "Walk in Jerusalem," "Shout all over God's Heaven" and "Who Did Swallow Jonah." Fooling Evil Spirit

When an epidemic strikes some Eskimo tribes, the well people disguise themselves by wearing their hair in a bang, so that the evil spirit will not recognize them and give them the disease.

**AUBURNDALE CLUB PLAYERS
PRESENT "THE FIRST YEAR"**

On Monday and Tuesday evenings of this week the Auburndale Club Players presented "The First Year," by Frank Craven, in the Auburndale Club House. A hilarious comedy had been promised by the Dramatic Committee, and the prediction was well justified, for the clever portrayal of one amusing situation after another was constantly given the approval of hearty laughter. The hall was filled to capacity. Plans for another season are already in mind, and Ralph Weston, chairman of the Dramatic Committee, or Ernest Law Johnson, Director, will be glad to receive suggestions.

The presentation of "The First Year" was excellent throughout, and reflected great credit on the director, the stage managers, and the cast which included: Ernest Braithwaite, Priscilla Fortescue, Lorraine Foat Holmes, E. Irving Locke, Alan Dunlop, Robert S. Hayes, Helen Brown, Clifford Parker and Marjorie Auer.

They have two daughters and a son, Mrs. Arthur B. Green of Westbrook, Maine, Mrs. Edgar A. Butters of Needham and Mr. Henry B. Whitcomb of Campello. The three children, together with seven grandchildren, were present on Sunday and relatives, neighbors and friends called to offer their congratulations.

Mr. and Mrs. Whitcomb were the recipients of many congratulatory messages as well as flowers and other gifts.

MR. AND MRS. HERBERT WHITCOMB OBSERVE GOLDEN WEDDING

In the same home where they were married fifty years ago, Mr. and Mrs. Herbert Whitcomb of 264 Centre street, Newton, quietly observed their golden wedding anniversary on Sunday last, April 5th.

They have two daughters and a son, Mrs. Arthur B. Green of Westbrook, Maine, Mrs. Edgar A. Butters of Needham and Mr. Henry B. Whitcomb of Campello. The three children, together with seven grandchildren, were present on Sunday and relatives, neighbors and friends called to offer their congratulations.

Mr. and Mrs. Whitcomb were the recipients of many congratulatory messages as well as flowers and other gifts.

ABOUT TOWN

By Edw. H. Powers

Because of protests entered by officials of Boston hospitals and many others, the War Department is considering a change in the plans which would have provided for an "aerial attack" on Boston on the night of May 25th by 672 airplanes. A committee of aviation enthusiasts are quite provoked over the prospect that the air battle will not be staged over Boston and this committee of flyers is going to endeavor to have the night battle waded. Two of the members of this committee are residents of this city. Another member of the committee was quoted as saying: "The exhibition of the pursuit, attack, observation and bombardment units will thrill citizens beyond all expectation. The show should be allowed to be presented in this city as it was originally planned."

Without wishing anyone ill, it would be in accordance with the fitness of things to have the young "aerial warriors" who want the air battle staged to be lying nerve-wracked from sickness on the night when bedlam would be let loose over Boston, and then they could appreciate the sufferings of patients in hospitals and of other sick persons and invalids who would be compelled to listen to the terrific racket.

Murder will out. As a result of family quarrels law officers in Oklahoma convicted George Darnell, 38, of having caused a train wreck in which 13 persons were scalded to death by steam. This dastard, a former section-hand, cocked a rail switch to get revenge for his losing his job. And super kind-hearted folks in this and other States are striving to have the death penalty repealed.

Mr. and Mrs. Stephen A. Smith of Woodcliff road, Newton Highlands have announced the engagement of their daughter, Miss Kathryn Fuller Smith, to Raymond W. Wootton, son of Mr. and Mrs. Lee W. Wootton of Mossfield road, Waban. Miss Smith is a graduate of Simmons College, class of 1930 and now holds a position on the Technology Review. No date has been set for the wedding.

Mr. and Mrs. Charles E. Barba of 11 Willard street, Newton have announced the engagement of their daughter, Miss Dorothy Ann Barba to Dr. Bernard J. Wefer of New York City. Miss Barba is a graduate in physiotherapy of the Boston School of Physical Education. Dr. Wefer is a graduate of New York University. He is the son of "Bernie" Wefer, well known sprinter and coach of the New York Athletic Club.

The engagement was recently announced of Miss Lorene Evelyn Lowe of Bellefontaine, Ohio, to Bruce Levan Middaugh of Fredonia, New York, who was formerly director of music at the Eliot Church, Newton. Miss Lowe is vice president of the Junior Class at the Boston University School of Religious Education. Mr. Middaugh is attending the School of Theology where he is manager and first tenor of the Beacon Hill Quartet.

MR. AND MRS. HERBERT WHITCOMB OBSERVE GOLDEN WEDDING

In the same home where they were married fifty years ago, Mr. and Mrs. Herbert Whitcomb of 264 Centre street, Newton, quietly observed their golden wedding anniversary on Sunday last, April 5th.

They have two daughters and a son, Mrs. Arthur B. Green of Westbrook, Maine, Mrs. Edgar A. Butters of Needham and Mr. Henry B. Whitcomb of Campello. The three children, together with seven grandchildren, were present on Sunday and relatives, neighbors and friends called to offer their congratulations.

Mr. and Mrs. Whitcomb were the recipients of many congratulatory messages as well as flowers and other gifts.

HORACE COUSENS ESTATE INVENTORY

The estate of the late Horace S. Cousens of Newton Centre, recently

settled, shows that the real estate owned by the deceased was valued at \$22,000

and personal property at \$36,180. Judge Elias Bishop and John A. Cousens of Brookline are executors of the estate which was left for charitable and benevolent purposes. Among the beneficiaries is the Newton Hospital.

Nellie Moore of 518 Waltham St., West Newton, was in the Newton court on Monday charged with having stolen three blank checks from the home of Thomas Malone, 100 College road, Chestnut Hill. The woman had worked as a domestic at the Malone home only one day when the Malone theft occurred. She denied having used any of the checks and the case was continued to permit the police to investigate what had become of the checks.

John J. White, 70, of 415 Parker street, Newton Centre, was given a suspended fine of \$10 in the Newton court on Monday for violating a city ordinance. The elderly man has a few pigs at his property off Parker street and collected garbage from them at some stores in Newton Centre. He had no permit to do so, required by city ordinances.

A car owned by Walter Clark of Dennett street, Brighton, was stolen from opposite 36 Faxon street, Nonantum, last Sunday afternoon.

A car owned by Carl Ell of Beaumont avenue, Newtonville, was taken from in front of Masonic Temple, Newtonville, on Sunday evening. It was later found on Blithedale road.

AUBURNDALE BOY AT MANAGUA

Mrs. W. B. Hutchinson of 1838 Washington street, Auburndale, has received a letter from her son, Wendell U. Hutchinson who is a member of the United States Marine Corps band stationed in the earthquake devastated city of Managua, Nicaragua. The letter, written on April 2nd, states that the city is in ruins, but the Marine Barracks are standing. The people are receiving a sufficiency of food and water. Young Hutchinson was formerly a member of Newton High School band.

REAL ESTATE

Alvord Bros. report that a handsome white Colonial house with a two-car garage, 9,850 square feet of land, and an extra lot abutting of 8,100 square feet at No. 37 Morse road, Newtonville has been sold to Clarence E. Thyng of Newton. The house consists of nine rooms and three baths. The seller was George P. Hall of West Newton. The property is valued at \$20,000.

The same brokers report that they have sold No. 100 Bullough Park, Newtonville, consisting of a frame house of eight rooms, three baths, a garage, and 11,030 square feet overlooking Bullough's Pond, to George A. Edmonds of Newton. The seller was Russell A. Richards of Newton. The buyer will occupy as a home. The estate is valued at about \$20,000.

Alvord Bros. have also sold for Clarence E. Thyng the single frame house and 9,850 square feet of land with a two-car frame garage located at No. 37 Morse road. The buyer, Robert E. Lindquist of Newton, purchases for a home and has already occupied the premises. The valuation of this property is \$16,500.

NEWTON LODGE OF ELKS

The newly elected officers of Newton Lodge of Elks were installed last night at the clubhouse of the Newton Centre Women's Club by District Deputy H. Wesley Curtis of Arlington and his suite. The officers installed are: Dr. Fred M. Lowe, Exalted Ruler; Walter Keam, Leading Knight; William E. Parker, Loyal Knight; Hugh Boyd, Lecturing Knight; Thomas Copping, Secretary; Vincent Turley, Treasurer; Mathew Hurley, Tiler; William U. Fogwill, Trustee; J. Edward Callahan, delegate to Grand Lodge; William M. Noone, alternate to Grand Lodge.

In addition to hundreds of members from Newton Lodge a large number of visitors from other lodges were present. A vaudeville program was presented.

HORACE COUSENS ESTATE INVENTORY

The estate of the late Horace S. Cousens of Newton Centre, recently settled, shows that the real estate owned by the deceased was valued at \$22,000 and personal property at \$36,180. Judge Elias Bishop and John A. Cousens of Brookline are executors of the estate which was left for charitable and benevolent purposes. Among the beneficiaries is the Newton Hospital.

George Thrasher, 17, of Millis was fined \$5 in the Newton court last Friday for ignoring the traffic signal at Langley road and Beacon street, Newton Centre. He was taken to the Newton Hospital and appeared in the Newton court on Saturday morning charged with pulling a false alarm and with drunkenness. The drunkenness charge was placed on file. He pleaded not guilty to the other charge, but Judge Bacon found him guilty and sentenced him to 30 days in jail.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Waban Woman's Club

On April 13, the Waban Woman's Club will be entertained by Rubelle Jean Durfee, monologist. Miss Durfee, a reader of charm and personality, reads from short stories, monologues and poems in dialect, all with laughter as the keynote. This is the last meeting of the current year 1930-1931, and there will be the usual reports from committee chairmen and election of officers for the coming year. There will be a festive tea in charge of Mrs. Theodore H. Piser, assisted by Mrs. George E. May and Mrs. Lyndall Carter at the tea table.

Newton Highlands C. L. S. C.

On April 13, The Newton Highlands C. L. S. C. will meet at the home of Mrs. Sanford E. Thompson, instead of with Mrs. Helen Ward as scheduled.

West Newton Women's Educational Club

Mrs. G. Howard Frost opens her home, 200 Fuller street, West Newton, on Monday the 13th, for the meeting of the Travel Class of the West Newton Women's Educational Club. Mrs. Willard G. Church will assist her as hostess.

Christian Era Study Club

Mrs. E. P. Allen will entertain the Christian Era Study Club at her home, 147 Hancock street, Auburndale, on the afternoon of Monday, April 13. The Club is looking forward to a very enjoyable afternoon with Miss Alice Ranlett, who will present a paper on "Lowell." It is an open meeting, and all friends of Miss Ranlett will be welcome.

Newtonville Woman's Club

The American Home committee of the Newtonville Woman's Club, of which Mrs. Blot, M. Weatherhead is chairman, has arranged a novel and unique innovation—that of visiting new and modernly-equipped houses. On Tuesday, April 14, at 1:15 p. m. Mr. Mahlon B. Hill will have ready for inspection four of his houses, which range in price from \$10,000 to \$60,000. Some one will be at each house, ready to answer questions regarding improvements in building, heating, etc. This inspection is for people who are interested in seeing charming new houses, and in obtaining new ideas for installing modern improvements in their own homes. No one will be annoyed later with salesmen from the real estate office, as Mr. Hill has so assured the committee.

After looking at the houses, tea will be served at the Brae Burn Country Club and the guests will be welcomed there by Mrs. Francis G. Ingraham, Mrs. Edmund W. Kellogg, Mrs. Eugene Rust and Mrs. Hartley W. Thayer.

All those interested in making this tour of inspection are requested to notify some member of the American Home committee, so that plans may be completed. The committee also will greatly appreciate hearing from all members who drive a car and are willing to take a group. If April 14 should be stormy, plans have been made to go the next day. Including the tea the cost will be 75 cents.

On Wednesday morning, April 15, at 9:45 o'clock, the Glee Club will hold a rehearsal at the studio of Miss Dorothy Curtis. New members will be gladly welcomed.

Auburndale Review Club

The Auburndale Review Club will meet on April 14, at the home of Mrs. Wyche J. Spaulding of 429 Wolcott street, Auburndale. The subject of the program is "New England, Shakespearean and Southern Folk Lore."

Social Science Club

The next regular meeting of the Social Service Club will be on Wednesday, April 15, at 10 o'clock, at the Hunnewell Club, Newton. Mrs. Frank P. Scofield, a club member, will read a paper on "The Danube." The hostesses are to be Mrs. Edward M. Hallett and Mrs. Charles Bemis Gleason.

Community Service Club of West Newton

The Community Service Club of West Newton closes a season of interesting programs on Wednesday, April 15, with the annual luncheon,

followed by the Annual Meeting and election of officers. The afternoon program includes music and two one-act plays, under the direction of Mrs. W. S. Railsback. Tea will be served with Mrs. John G. Waddell in charge.

State Federation

RADIO. Mrs. Carl L. Schrader, president of the State Federation, will broadcast "The Spring Book Shelf" from station WBZ, next Thursday afternoon, April 16, at 2:30 o'clock. The Goldman Trio is to furnish the musical background with semi-classical selections. Mrs. Grace Morrison Poole, first vice-president of the General Federation, is to broadcast on the subject, "Our Treasure Chest" and Mrs. Carl W. Illig, Jr., chairman of Public Health, will give an attention arresting "Healthward-Ho!" message.

MUSIC WEEK. Mrs. Amy Young Burns, chairman of Music of the State Federation, stresses the value of celebrating Music Week, which will be observed May 3 to 9. The "keynote" is the development of a get-together spirit in music through participation in mass concerts or other musical events. The joint effort required for preparing such concerts often results in the formation of musical units which become permanent community fixtures, so serving a broader purpose than even the temporary enjoyment of a delightful event. This, in turn, makes for greater neighborliness, wider personal contacts.

Suggestions for such combined affairs include massed band or orchestra contests; programs by community choruses or composite choirs; piano ensemble concerts and contests; group piano or vocal classes in schools; music memory contests; festivals; and community sings in large auditoriums. The feature of the week is study and presentation of American music.

Pamphlets containing suggestions for carrying out above specified activities may be secured at a nominal cost from the National Music Week Committee, 45 West 45th street, New York City.

General Federation

NATIONAL GARDEN WEEK. Margaret McMechan, chairman of the Garden committee of the General Federation, says that in celebrating Garden Week, which this year falls in the week of April 19 to 25, it should be kept in mind that we are atoning for despoliation of nature by a widespread attempt to re-create nature in beauties in all sorts of gardens. The aim should be to spread beauty all over a neighborhood. Front yards that adorn a neighborhood invite the stately trees that will make the stately avenue as their setting. Our civilization of big cities and machines, of smoke and din, of noise and ugliness, has much to atone for, since it has spoiled natural beauty of hillside and stream, flushed the birds, and desecrated the silence of the great outdoors.

Highway tree planting by cities, beautiful views kept open by stretches of low shrubs, perennials and annuals, are quite possible methods of city governments.

Individuals may and should coax gardens to beautify their homes and roads. School children may plant trees, and it is said that now schools have no excuse to be without planting, as there are many beautiful plants that may be encouraged to thrive upon even barren lands.

Each and every Woman's Club can take a part in arousing such impetus for beautifying surroundings, and it is the ideal service for a Club by way of making successful this splendid thought of "Garden Week."

CONTESTS. Two interesting contests are announced by the General Federation, through the Division of Community Service, which is a branch of the Department of Public Welfare. These are in keeping with the above ideal of city improvement. The first is a "Clean Up, Paint Up Campaign" to begin at once, continue for a year, and close April 1, 1932. To the Junior Club of a State Federation, whose work in this field has been most outstanding of all Junior Clubs, the Division of Community Service will present at the Biennial at Seattle, a prize of twenty-five dollars to the Club, and a General Federation Junior Ring to the Junior Club president. The contest will be conducted by States, and all reports from Junior Clubs of work done in connection with the Clean Up, Paint Up Campaign must be sent direct to the State chairman of Community Service, who in turn will submit such reports to a committee of Judges who will make final decision on the winning report in the State. Full instructions may be obtained from the State chairman of Community Service or from the chairman of Junior Membership. Packets of literature which will be of material assistance in giving suggestions as to what may be done, and how, may also be obtained from these State chairmen, these being furnished by the National Clean Up and Paint Up Campaign Bureau, 310 East 45th street, New York City, which organization is sponsoring this campaign, and which will present silver trophy cups to the communities of the States entering the contest and making greatest progress in community cleanliness and beautification within the year.

This opportunity is recommended to the Junior Clubs in Newton.

The second contest is one of prize essay on "Community Planning and Woman's Part In It," with four prizes offered: fifty dollars, twenty-five dollars, fifteen dollars and ten dollars. Each State competing must pay an entry fee of one dollar, which must accompany the manuscript submitted. The contest is open to all State, District, County and local chairmen of Community Service committees of Clubs holding membership in a State Federation, or in the General Federation. Essays are limited to 2,000 words, and must be written clearly in ink, or typewritten, on one side of the paper only. They must be sent to someone placed in charge of the State

contest by the State Federation Executive Board, and three copies of the winning State essay must be sent by April 1, 1932, to the General Federation chairman of Community Service, Mrs. W. E. Miner, of Oakland, Nebraska. The essay winning first prize will be read at the 1932 Biennial Convention at Seattle, and published in the Clubwoman.

Awards will be made on knowledge shown of Community Planning, and on workable suggestions for enlisting active interest of women and workable suggestions for action.

Literature that will be helpful may be obtained from various sources, a list of which appears in the Clubwoman for April, 1931, on page 24. The Clubwoman, which is the official magazine of the General Federation, may be found at the Newton Library.

BIENNIAL COUNCIL MEETING. April 27th draws near. From that date through May 2nd, a multitude of pleasing entertainment features, and as many reports on outstanding accomplishments and aims in the work of the General Federation, will be preferred visiting delegates and Clubwomen to the Biennial Council Meeting at Phoenix, Arizona. A somewhat complete program was given in this Column on February 27. Because speakers expected are such important and hence such busy people, it is impossible to announce an accurate list at this time. Needless to say, they will be people of note, and authorities upon their subjects. Every courtesy will be extended by State and City officials; every honor shown to the incoming guest, the General Federation of Women's Clubs. Receptions, garden parties, teas, pageants, drives about the city, the desert, and the valley, will hold many delightful social opportunities, as well as informative ones. The Daughters of the American Revolution will give a tea in honor of visiting members of their organization at the Arizona Museum, and the United Daughters of the Confederacy will give a tea for visiting southern women at the Governor's Mansion.

Hotel reservations should be made through Mrs. A. W. Flickinger, 30 Medlock drive, Phoenix, who is hotel chairman. She states that it will greatly simplify matters if reservations are made in groups, if possible. Double occupancy of rooms is urged.

Full details of the trip to Arizona, including a visit to Grand Canyon, may be had from Walter H. Woods Company, 80 Boylston street (Little Building), Boston. The cost of the tour varies from \$280.00 to \$334.50, not including meals. The itinerary has been arranged as follows: Leaving Boston on Wednesday, April 22, at 6:30 p. m., arriving at Chicago April 23, at 7:30 p. m. Arrive at Grand Canyon April 26 at 8 a. m., spending day there, leaving at 7:45 p. m. and arriving at Phoenix April 27 at 7:30 a. m.

A helpful suggestion to Clubwomen is made as to clothing that will be necessary. Light weight spring and summer clothing, as the days will be warm and a light wrap, as evenings will be cool, will be needed.

Newtonville Woman's Club

Alice Cooper Bailey, who has lived for a number of years in Hawaii, addressed the Newtonville Woman's Club on Tuesday afternoon, April 7, in the Central Congregational Church.

Although the weather was very inclement, those who attended the meeting felt greatly repaid for having done so, as Mrs. Bailey's lecture was most delightful and entertaining. Her family moved to Hawaii when she was a little girl and lived there for many years, and consequently her talk was filled with personal experiences and fascinating tales of the Hawaiian people and their customs. Besides her exquisitely-colored slides, Mrs. Bailey also had motion pictures of surfing and other Hawaiian scenes, which made her lecture doubly interesting.

Rebecca MacDonald Reed gave several selections of desert songs which were greatly enjoyed. Mrs. Reed was accompanied at the piano by Anne Nichols.

At the informal tea served after the program, Mrs. Albert Auyransen, the president, received, assisted by Miss Estelle G. Marsh, Mrs. A. Cheston Carter, Mrs. Robert Whitehill and Mrs. Clinton W. Kyle. Members of the Hospitality committee who had charge of the tea were, Mrs. A. Dudley Bach, Mrs. Edward P. Hendrick and Mrs. H. Clayton Pearson. Presiding at the tea were Mrs. Francis G. Ingraham, Mrs. Edmund W. Kellogg, Mrs. Eu-

SARAH HULL CHAPTER, D. R.

COMMONWEALTH COUNTRY CLUB

The Annual Guest Night of Sarah Hull Chapter, D. R., with a large attendance of members and guests, was held in the home of Mrs. Warren F. Gregory of Newtonville, on Wednesday evening, April 8th. After the salute of the flag, the regent, Mrs. John E. Anton, presided over a brief business meeting at which Mrs. Mary T. Bushell was admitted to membership. The speaker of the evening, Mr. Edward P. Whiting, was then introduced, his humorous description of "National and State Politicians," illustrated with wealth of anecdotes, was very much appreciated. Instrumental music was furnished by a trio from the Boston Conservatory and Mrs. Courtney Bird (ope Gregory) delighted the audience with two groups of songs.

At the conclusion of the program refreshments were served in the large dining room which was decorated in colonial buff and blue.

Assisting Mrs. Gregory as hostesses were Mrs. Francis Murdoch, Miss Gertrude Ensign, Mrs. S. W. Shepardson, Mrs. W. L. Ratcliffe, Miss Ruth Richardson, Mrs. Franklin E. Smith, and a counselor for the meeting, Mrs. Anne Rogers.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

About 260 children and their teachers or parents were in attendance at the Good Friday Services for Children in charge of the Norumbega District Executive Secretary; there were 8 churches represented. The program consisted of pictures on the Last Week of the life of Christ and other pictures to interpret the Lord's Prayer.

The Easter Sunrise Service on Waban Hill Reservoir, under the auspices of the Young People's Council, was enjoyed by about five hundred. Dr. Arbuckle gave an inspiring and thoughtful talk, showing that love and desire in the heart today will make it possible for us to "see the Christ" now.

The basketball season is drawing to a close. The Boys' League, under the Y. M. C. A., will soon be finished. The winners in the Girls' League are the Newtonville Methodist girls. Plans for co-operative presentation of cups will soon be made.

The Norumbega District Training School courses are now in process of preparation for next year, and will be ready to announce at the Annual Convention on May 5th.

A finance drive is to be launched next week by the churches at Newton Corner to raise their share of the \$4,000 budget of the Norumbega District Council.

A noteworthy expression of opinion as to the value of Sunday Schools comes to us from President Hoover in these words, "The Sabbath School is at the very root of the religious life, with all its benefits to the individual and to the nation, and for this reason I cordially commend all efforts to enlarge its field of usefulness."

BOWDOIN SQUARE THEATRE

Beginning Thursday, April 9 and for the remainder of the week the management at the Bowdoin Square Theatre puts forth one of the best shows ever offered there with nine selected vaudeville acts as additional attraction. The leading film feature is, "Father's Son" from the pen of Booth Tarkington. James E. West, Chief Scout Executive of the Boy Scouts of America says, "I commend 'Father's Son' most heartily and hope that every boy worker, every teacher and everyone interested in boys' work will see it." Another feature on the bill offers "Parlor, Bedroom and Bath" with Buster Keaton, Charlotte Greenwood, Reginald Denby, and Cliff Edwards. Bargain night comes on Friday with extra vaudeville acts on the program. Beginning Sunday, April 12, the management will offer "Cimarron" with Richard Dix and Irene Dunne together with other hits.

LASELL SEMINARY

Lasell reopened for the Spring Term on Tuesday morning.

On Friday evening of this week, Mrs. Lucia Ames Meade will give the first of her course of lectures on International Affairs.

Dr. Charles N. Arbuckle, Pastor of the Baptist Church in Newton Centre, will be the Vesper Speaker on Sunday, April 12.

HOME SERVICE DIRECTOR,

BOSTON CONSOLIDATED GAS CO.

Cooking is one of the fine arts, and the careful choice of well-prepared food is perhaps the most important part of the great business of living. We are built of the food we eat—physically, mentally, and even emotionally. Let me then urge housewives to remember, always, that a wisely-fed man is healthier in body, keener in brain, and vastly improved in disposition.

There is much more to cooking than the mere purchase of certain foods at the grocery store and the application of heat to that food in the home. Indeed, the problem of eating begins at the grocery store.

In this new column I am going to try to save you money in your grocery budget, through wise purchasing, and to tell you how relatively inexpensive cuts of meats, as well as many other types of food, can be made into delightful, tasty and attractive dishes through intelligent preparation and skillful cooking—and with often greater food value than far more expensive dishes would have.

I shall present to you, in other words, dishes prepared with an eye to your taste, your pocket-book, and your health.

The proper preparation of food in the home—where food should be prepared, for the sake of economy, health and tastefulness—is a science as well as an art. But neither of these facts should prevent us from making eating one of the most pleasant and enjoyable parts of our every-day life.

On the scientific side of food preparation we learn of the three

major divisions of foods and their relative value in the maintenance of health. The three divisions are:

Group 1—Muscle and Tissue Builders.

Group 2—Heat and Energy Makers.

Group 3—Body Regulators.

A wise meal should contain a representative of each group. The percentage of food from one group, however, depends on the needs of each individual. The laborer, for example, spending his day at hard manual work, requires much food from Group 2, while the growing child requires more food from Group 1.

In today's recipe I am laying stress on one way inexpensive meat may be prepared in an unusually effective and tasty meal dish. Here it is—the recipe for Swiss Steak, serving eight persons:

Swiss Steak

2 pounds round steak, 2 inches thick

1/4 cup bacon drippings

1/2 cup flour

1 cup water

1 cup tomato liquor

1 small onion, sliced

1 cup diced carrots

1/2 green pepper, chopped

1 cup peas

Salt, pepper

Sear steak on both sides in bacon drippings. Remove to casserole, add flour and liquid to bacon fat, and cook until thick. Add vegetables and pour over steak. Cover and bake at 350 degrees for 3 hours.

Send any of your cookery problems or questions to Miss Darling, care of this paper. She will be glad to answer them, either through this column or by letter.

ONE THING AND ANOTHER

By L. D. G. Bentley

Just as a warning to business men, office managers and employers in general!

One of the energetic (sometimes) staff approached his boss—a Newton man, by the way. (Excuse the blushes.)

"Can I go out and get a haircut?"

"Not on office time," the stern superior answered.

"Why not? It grows on office time."

Are you able to walk like a letter-carrier? If not you should learn, for the Massachusetts Safety Council has declared that the letter carrier is the model pedestrian because he "walks without undue haste." And to emphasize its point the Council adds, "If the average pedestrian gave the same attention to the problems of crossing the street the motorists would find it equally difficult to hit him."

Of course this implies that automobile drivers are more or less eager to knock off a pedestrian, but I think that is really putting it rather strong. Some people are of that opinion, I know. Back in the days when cars were not as common, I was visiting a farm and a motorist among the guests decided to give our farmer host a ride through the hills of that section. We are all rather eager to learn how the farmer reacted. When he alighted, after a two-hour trip, we surrounded him and asked, "What kind of a ride did you have?"

"Wasn't much," replied the farmer, "we didn't hit anything."

Rather than precipitate a discussion of the rights of the driver as compared with those of the pedestrian, let's get back to the letter carrier and his success in keeping out of the accident ward. The Safety Council bases its declaration on figures which show that in five years 600 letter carriers attached to the Boston postal district have been injured in the line of duty but only three of these were struck by automobiles in crossing the streets. "Undue haste" is to be avoided by all of us now that it is proven the letter carrier prospers physically without it. Well, I have been trying to understand how he does it and am prepared to follow his example if I could learn the secret. Study of the question has convinced me that if I had a great heavy bag, loaded with letters, bills, magazines, newspapers and assorted advertising circulars I, too, would make my way without "undue haste," or any other kind of haste. I would find the burden so great that I would have to stop every dozen yards or so and place it on the ground.

And as if carrying a great pack of mail was not enough a letter carrier must expect to be stopped by people on his route asking, "Anything for me today?" Then, strangers, will block his path with questions as to where this street is located or that person lives, or does he think it is going to rain, etc., etc. There are some dogs who bark at letter carriers and although they may not mean to show any disrespect for the uniformed representative of Uncle Sam it must be admitted that the experience is not a pleasant one.

Well, I am glad that letter carrier has swung into fame and especially pleased that he is a hero because of his soundness of limb and body rather than the other way round.

If there happens to be an Ancestors' Protective Society or a Forefathers' Defence League, or both, a special meeting of members should be called at once. Here is something which demands attention. A slander has been uttered against certain persons who may or may not be able to protest but who deserve at any rate a fair trial and a just verdict. It is the only square thing, as I see it and I might add that, although I see many things that are going on these days, not all of them are square as they might be.

From some unknown source, and I have not yet had time to make a complete investigation, as the crime reporters put it, there has been placed

on my office desk a small, eight-page

publication, called "The Old Louisiana Lottery."

It is dated, "Puerto Cortez, Honduras," which, unless my gazetteer is wholly inaccurate, was never and is not now in the State of Louisiana.

That is not the source of my agitation; for I never cared much about geography one way or the other. Confidentially, geography was, in my school days and is now, a closed book.

The stealthy individual who placed the lottery publication on my desk may have thought that he was going to induce me to buy lottery tickets.

Possibly he knew that I, with the rest of the world, would read the published stories in daily newspapers of great winnings made by holders of certain tickets in grand sweepstakes, and, in

spite of my usual grasping tendencies, I would want to make a little easy money myself. Well, as far as I am ready of money is concerned—aren't we all? But, the pamphlet is so designed or stupidly edited as to anger the most avaricious. It declares, in display type, that the lottery is, "The One Your Father Played" and also, "The One Your Grandfather Played."

Well, what do you think of the family skeleton now? Pinning the bee on father and grandfather!

Let us study this lottery racket, for there is anything that is more brazen in printed form than I have never had it tossed my way and believe me, a lot of weird writing has been shown in my direction. This document for "under cover" investors has a warning line, "Be sure to get your receipt which is proof that your 'tub' is at headquarters." They might have been a little more frank and added, "and your money is at headquarters, too, where it is likely to remain."

Another astounding piece of hocus-pocus is the assertion of these lottery promoters, which reads as follows:

"That our younger readers may get the true facts concerning this lottery we will first give the principal portion of the laws of the State of Louisiana which gave the Louisiana Lottery its legal right to do business and prevent any other from operating in that

Hood's Grade A Milk Makes Grade A Babies

Here's another darling Hood's Grade A baby. Little Genevieve Mary Walwork, daughter of Mr. & Mrs. Walwork of 41 Cypress Street, Newton Center.

Messrs. H. P. Hood & Sons,
500 Rutherford Ave., Charlestown, Mass.

Gentlemen: We want you to know that we feel that Hood's Grade A Milk is doing its part in making Genevieve a strong, healthy baby. She was 5 months old when this picture was taken, and loves her Grade A milk.

MORTGAGEE'S SALE
OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Sam in a certain mortgage given by Thomas W. Conway and Margaret K. Conway, husband and wife as Tenants by the entirety to Frank K. Harris dated March 21, 1928, and recorded with Middlesex South District Deeds, Book 5445, Page 299, of which mortgage the undersigned is the present holder, by assignment, and by virtue of the conditions of said mortgage, for the purpose of foreclosing the same, will be sold at public auction on the 27th day of April, 1931, at ten o'clock in the forenoon, on the premises described below, all and singular the following described premises:

A certain parcel of land with the buildings thereon situated in Newton, Middlesex County, Massachusetts, being shown as Lot 33 on a plan entitled "Subdivision of land in Waban, Newton" called "Bridgewater Estates," dated June 1, 1928, by D. B. MacClellan, Inc., dated June, 1928, by Everett M. Brook, Civil Engineer, called "Bridgewater Estates," dated June 1, 1928, by E. M. Brook, C. and bounded and described as follows: Southwest by Woodward Street, ninety and four feet; east by Adams Street, one hundred and forty-four and 56/100 feet; Northeast by land marked "Cochituate Aqueduct" by a stone wall; south by land Northwesterly by land now or formerly of Edwin P. Seaver, one hundred and forty-eight and 56/100 feet. Containing one thousand eight hundred and forty-five square feet of land, according to plan.

Being the same premises conveyed to said persons by Milo Street, Sixty (60) feet:

Northeasterly by Lot 32 on said plan, eighty-eight (88) feet:

Northwesterly by land now or formerly of Studyee, et al., sixty (60) feet; and

Southwesterly by Lot 34 on said plan, eighty-eight (88) feet.

This mortgage is subject to a first mortgage to the Willey Savings Bank in the sum of \$7,250.

Said premises will be sold subject to any and all unpaid taxes, tax titles, municipal liens and assessments, if any.

STATIONMENT OF THE OWNERSHIP,
MANAGEMENT, CIRCULATION, ETC.,
REQUIRED BY THE ACT OF CON-
GRESSION OF AUGUST 24, 1912.

Of the Newton Graphic, published at Boston, Mass., for April 1, 1931.

State of Massachusetts, County of Middlesex, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Warren K. Brimblecom, who, having been duly sworn according to law, deposes and says that he is the business manager of the Newton Graphic and that the following is, to the best of his knowledge and belief, true statement of the facts concerning the publication, upon the premises hereinafter described, on Monday, the fourth day of May 1931, at four o'clock in the afternoon, all and singular the premises described in said mortgage, namely, the building (and, if a daily paper, the circulation), etc., of the aforesaid publication for the time shown in the above caption, reported in the Act of Congress of August 24, 1912, on a Plan of Land in Newton Centre, drawn by E. S. Smille, Surveyor, dated June 1890 and recorded with Middlesex South District Deeds, Book of Deeds, Plan 33 and bounded and described as follows:

Begging at the Northwesterly corner of the aforesaid premises on the Westerly side of Devon Road and at land now or formerly of H. H. Read and running Northwesterly by said Read's land one hundred feet to a stake at an angle turning and running still Northwesterly by said Read's land sixty-four and 56/100 feet to land now or formerly of H. H. Read and turning and running Southwesterly by said Hovey land eighty-eight and 51/100 feet to land now or formerly of H. H. Read and running Southwesterly by said Willett's land about one hundred fifty feet to said Devon Road; and thence turning and running Northwesterly by said Devon Road eighty-one and 39/100 feet to the point of beginning.

Beginning at the Northwesterly corner of the aforesaid premises on the Westerly side of Devon Road and at land now or formerly of H. H. Read and running Northwesterly by said Read's land one hundred feet to a stake at an angle turning and running still Northwesterly by said Read's land sixty-four and 56/100 feet to land now or formerly of H. H. Read and turning and running Southwesterly by said Hovey land eighty-eight and 51/100 feet to land now or formerly of H. H. Read and running Southwesterly by said Willett's land about one hundred fifty feet to said Devon Road; and thence turning and running Northwesterly by said Devon Road eighty-one and 39/100 feet to the point of beginning.

Reference to title is made to the deed from Robert A. Weston to the Newton Graphic, dated September 24, 1924 and recorded with said Deeds in Book 4771 Page 371 and to a deed from Jerome C. Smith, attorney of Hovey, Smith & Smith, dated September 24, 1924 and recorded with said Deeds in Book 4771 Page 372 and said premises are conveyed subject to the conditions of the said deed to said deed so far as now in force and applicable.

Said premises will be sold subject to any unpaid taxes, municipal liens or assessments.

NEWTON CO-OPERATIVE BANK.

Mortgage and present holder of said mortgage, by

Charles H. Clark, Treasurer.

A successful rummage sale was conducted by the New Zonta Club Saturday, April 4. Through the kindness of Mr. H. W. Orr the use of a vacant store at 245 Walnut street, Newtonville, was secured free of charge. Miss Marion Fuller was in charge of the sale which netted the club nearly \$100.

At a meeting of the club held at the Pied Piper Tea Room Monday evening, April 6, Baroness Cherkaroff, a Zontian from New York City, gave an enlightening and extremely interesting talk on her experiences in Russia. She has been intimately acquainted with Russian affairs and people for the last ten years, having gone to that country in 1921 to do relief work with the Wellesley unit.

From managing an orphanage where five thousand boys, miserable deserters and left to die, were cared for and, in many cases cured mentally and physically, to joining in the folk songs and dances at great festivals, Baroness Cherkaroff has touched the lives of the people of that vast and perturbed country.

The next meeting of the club will be held at the same place Monday evening, April 20.

NEWTON W. C. T. U.

A very interesting meeting of the Newton Woman's Christian Temperance Union was held on Thursday, April 2 at the Newton Methodist Church. The reports showed a great deal of active work done. Mrs. Frisbie Sherlock of Los Angeles, Cal., told briefly of the splendid interest and gain in members in California.

The speaker of the afternoon was Mrs. W. E. Birdsall of Newton whose subject was "Is Prohibition Coming or Going?" Mrs. Birdsall said in part: "If one reads nothing but newspapers one might think the whole world has gone wet, even the Sahara Desert. The wets have had a great deal of publicity and have made some gains as in Massachusetts, New York, Nevada, Montana, Wisconsin and recently Illinois, six states in all, but seven states, Iowa, Washington, Missouri, Arizona, New Mexico, Vermont (the latter turning down a wet proposal and electing a dry Republican Senator) and South Dakota have all turned down wet proposals, South Dakota passing a ringing resolution against the 'insistent, pernicious effort against the 18th Amendment and heartily and sincerely commanding President Hoover and dry leaders."

"There have been many encouraging signs for the drys—splendid enforcement, making the business of bootlegging a very precarious one and complete co-ordination of all the dry agencies with headquarters in Washington; the Supreme Court's unanimous decision against Judge Clark; the dry proposals of the Wickerham committee, viz. No repeal, no modification, no state control, more enforcement; the fact that the Democratic National Committee did not dare to espouse repeal; the refusal of the State Department to allow any charges for liquor in U. S. embassies abroad; the steady deportation of aliens breaking our laws. Then, too, the type of organizations supporting the dry cause, viz.: the Christian churches, the Federation of Women's Clubs, the Parent Teachers Association, the National Education Association, the Christian Endeavorers, the Salvation Army and welfare organizations, the National Grange and many other civic and high grade organizations, is convincing.

Not only at home but abroad steady gains are being made for a sober world. Switzerland, surrounded by wine-making countries, has passed a very restrictive law regarding alcohol; Prussia, locale of beer drinkers and fat paunches, has passed new restrictive prohibitions causing the brewers and saloons to "fear the gradual drying up of the country"; Japan is intensely interested in our "noble experiment" giving large audiences to Bishop Thomas Nicholson during his recent visit and Mexico is sponsoring a nation-wide campaign against the use of alcohol.

churches, the Federation of Women's "In fact, in spite of the savage attacks of the liquor interests, in spite of the Raskobes, in spite of the huge amounts contributed by Mr. Dupont, and the \$853,000 spent by the Association Opposed to the Prohibition Amendment, in spite of the quaint theories of the Judge Clarkes and the outcry of the Becks and the constant fanning of the flames by the press the wets are making surprisingly small gains. The drys are not retreating. They are holding their ground and will soon advance. Prohibition is coming, not going."

Mrs. George W. Barber, and the ladies of the church acted as hostesses, serving a very delightful tea. A solo by Mrs. Frank Jones was finely rendered.

WOMEN'S CLUBS

(Continued from Page 10)
gene Rust and Mrs. Hartley W. Thayer.

Woman's Club of Newton Highlands

As a brilliant ending to Miss Eunice Harriet Avery's eighth season with the Woman's Club of Newton Highlands, a capacity audience greeted the speaker on Tuesday, April 7, in the Parish House of the Congregational Church. Miss Avery selected as her subject, "A New Slant on Spain, Education and Art," somewhat unlike the usual current event lecture, but completely absorbing and highly informing. The picture of Spain as drawn by Miss Avery shows the remnants of an empire which has lived for self alone, passing through the same drama as experienced in the days of Runnymede.

Spain is socially democratic, it is aristocratic politically, and only recently has freedom of speech and press been granted. Miss Avery said. Now, she continued, it is seeking to increase its revenue by building roads and hotels to encourage and to receive tourists, and factories are being built to foster industry and trade. Miss Avery stated that education is not education unless it gives the power to think, the ability to distinguish between quality and quantity, and a sense of social responsibility. The progressive schools of today were presented, also the educational experiment being carried on by the University of Chicago.

Miss Avery not only imparted new facts, but inspired her listeners with the desire to learn more about these experiments for themselves. In the development of art, Miss Avery said that America is leading today. As today is an era of machinery and industry, so art must differ from that of Rome and Athens. The sky-scraper, rising sheer and stark, built of tons of steel, copper, glass and concrete, is the symbol of the courage, the sense of power and service which is expressed in modern art. Modern music, also, is the result of this machine age, with the syncopation of the little under parts combining with the rise and fall of the huge driving parts to make a continuous rhythm. In conclusion, Miss Avery quoted Carl Sandburg's "Steel" as an illustration of the new art that is beginning to flower.

During the business meeting, at which Mrs. Harry P. Forte, president, presided, it was announced that tickets are on sale for the Annual Club Luncheon which is to be held on Tuesday, April 28, at 12:30, in the Parish House of the Congregational Church. These may be purchased of Mrs. Loren F. Elliott or of Mrs. Frederick J. Elliott, before Friday, April 24.

Mrs. Dana S. Sylvester, chairman of the Education Committee, announced that Miss Katherine Martin has won the annual scholarship which the Club awards to a High School student. It was announced by Mrs. Edmond A. Dussoissois, chairman of the Garden and Conservation Unit, that a Garden Club in connection with the Woman's Club is being formed, of which every one interested in gardening is invited to become a member, whether affiliated with the Woman's Club or not.

It was announced by Mrs. Edmond A. Dussoissois, chairman of the Garden and Conservation Unit, that a Garden Club in connection with the Woman's Club is being formed, of which every one interested in gardening is invited to become a member, whether affiliated with the Woman's Club or not.

A food sale conducted by the Girl Scouts of Newton Highlands before and after the meeting was well attended by Club members.

COMMUNITY WELCOME FOR HITCHEN

The West Newton Community Evening Service in the Lincoln Park Baptist Church on Sunday, April 12th, will mark the formal welcome of the West Newton Churches to the new minister of the Unitarian Church, the Rev. Herbert Hitchen, who assumed his duties Easter Sunday.

Led by the Counsellor of the West Newton Young People's Council, Mr. Frank Grebe, the young people of the three churches co-operating in the service will take full charge of the entire program with the exception of the sermon by the Rev. Mr. Hitchen whose subject is to be "The Adventure of Living," and the address of welcome by Dr. Boynton Merrill of the Second Church.

Miss Constance Dorr, vice-president of the Norumbega District Council of Young People and past president of the Opportunity Club, will preside. Mr. Curtis Church, president of the Opportunity Club will read the Scripture Lesson; Miss Betty Brooks, president of the Senior Christian Endeavor Society, will lead the worship in prayer. Members of the Jaynes League, the Opportunity Club and the Christian Endeavor Society will serve as ushers and assist in the augmented choir which will sing West's "The Lord Is Exalted." Miss Jean Bachrach, of the Jaynes League, will sing Neldlinger's "Gloria."

The Rev. Mr. Hitchen has come to the West Newton Community in an auspicious hour and there is every indication that the religious life of the community will be considerably strengthened by the co-operative endeavors of the Unitarian, Congregational and Baptist Churches.

LEG BROKEN IN ACCIDENT

John Grandman of Greenlawn avenue, Needham received a broken right leg Saturday night when his car collided at Centre street and Crescent avenue, Newton Centre with a motorcycle operated by G. T. Henderson of Worcester. Grandman was treated by Dr. Karl Bowman and then taken to the Newton Hospital. Henderson escaped with slight injuries.

There is no automobile problem too troublesome for us.

Rockne's Power.
When Nature Strikes.
How to Hold a Baby.
Mussolini's Wisdom.

President Hoover telegraphed the widow of Knute Rockne, "I know that every American grieves with you." A great teacher was Rockne. He convinced himself that his boys could win, convinced them that they could win, and they did win.

Success depends on transferring ideas from your own head into the heads of others.

Knute Rockne, possessing will power that enabled him to develop unlimited energy, courage and determination in young men, was the idol of millions, the despair of competition.

He had trained his football players to realize the invincible power of "shock" attack with force back of it. Now in such a shock, his life is destroyed.

Nature strikes with terrible force. In six seconds Managua, capital of Nicaragua, was destroyed, every building in the business district levelled, more than a thousand killed, two thousand injured.

No attack in war equals that.

And the Managua disaster is trifling compared with the Lisbon earthquake of Nov. 1, 1755.

In an instant the great city of Portugal became a mass of ruins. A tidal wave rolled in, wrecking shipping in the Tagus, drowning many. Then fire broke out to complete the destruction.

Mrs. Edith McCormick, daughter of John D. Rockefeller, has bought, for \$185,000, a Persian rug more than 500 years old at auction in London, and Mrs. McCormick's brother, John D. Rockefeller, Jr., is said to have competed as bidder, through an agent.

The rug, one of the "Persian animal carpets," could tell interesting stories of feet that walked over it.

The Russian giant, Peter the Great, had it in his Winter palace. Later it was given as a present to the Emperor of Austria.

American manufacturers, by the way, make by machinery rugs that the best judge can with difficulty distinguish from the genuine Oriental.

The Angels probably would prefer the machine-made to the Oriental rugs on which little children often work twelve and fourteen hours a day.

Hands across the sea can be shaken mournfully. Great Britain has a deficit of \$125,000,000.

President Hoover, back from the Virgin Islands, finds what looks like a deficit of \$700,000,000, due to a drop in income taxes.

Fortunately, Uncle Sam is not without resources. He could, if he chose, print the money and everybody would take it gladly. Also he can slow down his recklessly rapid program of paying off war debts, letting those that come later have the honor of contributing part.

Reporters on the President's voyage to the West Indies heard that Republican "big shots" planned to drop Vice-President Curtis in 1932, and put Secretary of War Hurley in his place. This agitated Vice-President Curtis and his friends naturally.

Home again, Secretary Hurley says he is for Curtis for renomination, which seems wise.

In crossing a stream you do not swap horses, either of them. And there may be quite a stream to cross by the time 1932 arrives.

Mothers of some foolish American girls will learn with interest that British young women are traveling the same road as their American sisters.

London Punch shows a British flapper telling a friend she fears she will be asked to hold a baby. She doesn't know how to hold it. The friend replies: "Don't be an ass; it is just the same grip as for a cocktail shaker."

That makes it perfectly clear. Hold your right hand up, the left lower, as though you were about to shake a cocktail, and you will see that it is the right position for holding a baby, one hand under its shoulders, one under its little legs.

Mussolini talks common sense on the wheat question, asking why the world demands a cut in the wheat acreage "when in the world there are all too many people poverty stricken and grievously distressed."

The Italian ruler says the trouble with wheat comes not from over-production, but from under-consumption.

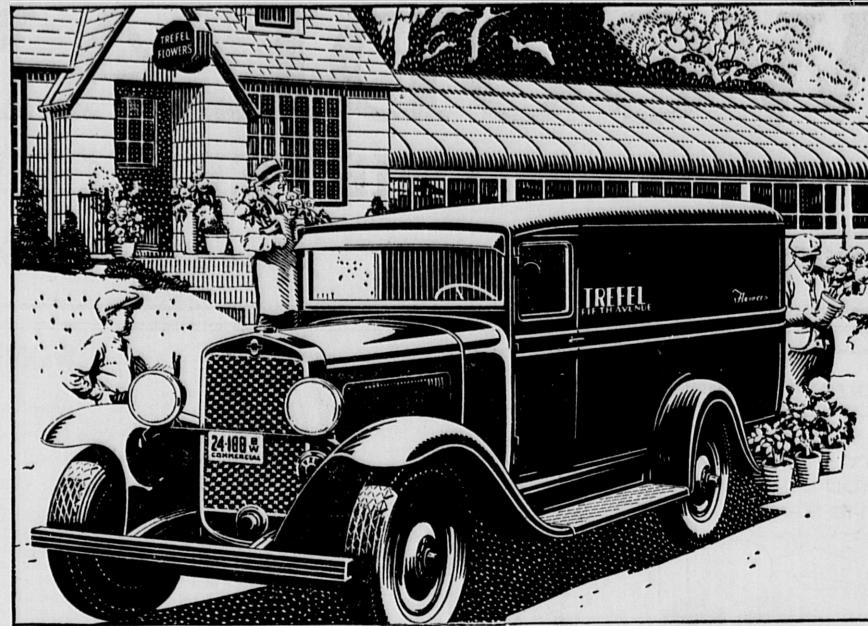

The nations should listen to him, and find a way to distribute among the earth's 1,600,000,000 the grain produced by farmers, and at a price profitable to the farmers.

The Government is anxiously seeking \$100,000,000 to pay the veterans' bonus. It is always hard to find money for veterans, when the fighting is over. Perhaps we make up for it by loving them violently, as they march away to war.

This country found ten thousand million dollars to lend to Europe. Since the war it has lent more than ten thousand millions more to Europeans.

But when it comes to "digging up" one hundred millions for our men who went to war, that is a sad story.

Choose Chevrolet six-cylinder trucks for low first-cost and unsurpassed economy

The economy of using Chevrolet six-cylinder trucks is an actual dollars-and-cents economy that shows up, month after month, on the balance sheet. It starts with a purchase price that is one of the lowest in the market for a complete unit. It continues throughout Chevrolet's long life with an operating cost that is unsurpassed!

Consider, for example, the cost-records of leading national organizations who use large fleets of Chevrolets. They prove (1) That the six-cylinder truck can operate

on just as little gasoline as the four. (2) That no other trucks of equal capacity give any better gasoline, oil or tire mileage than Chevrolet. (3) That the cost of keeping a Chevrolet in satisfactory running order is unusually low. (4) That Chevrolet trucks are exceptionally reliable and long-lived.

Today, Chevrolet's proved economy is available to buyers in every truck-using field. For Chevrolet's new line of quality bodies includes a type for every hauling need.

CHEVROLET SIX CYLINDER TRUCKS FOR LOWEST TRANSPORTATION COST

FEATURES: Three wheelbase models—a 109 inch commercial chassis of half-ton capacity, and two 1½-ton trucks—one of 131 inch wheelbase and the other 157. Features include: New dual rear wheels, with 30" x 5" 6-ply truck-type cord tires. New and heavier front axle. Special truck-type clutch with ten-inch disc. New and heavier rear axle. Fully enclosed 4-wheel brakes with larger rear drums. Four-speed transmission. 50-horsepower 6-cylinder valve-in-head engine. Low delivered prices and easy terms.

1½-ton chassis with 131" wheelbase \$520
(Dual wheel option, \$25 extra)

1½-ton chassis with 157" wheelbase - - - \$390
(Dual wheels standard)

Commercial chassis - - - - - \$355

Illustrated above is the Chevrolet 1½-ton panel truck on 131" wheelbase complete with Chevrolet-built body, priced at \$760. All chassis prices f. o. b. Flint, Michigan. All body prices f. o. b. Indianapolis, Indiana. Special equipment extra.

LUCY JACKSON CHAPTER D. A. R.

The regular meeting will be held at the Chapter House on Monday, April 13th at 2:30 p. m. Mr. Lester W. Smith of Babson's Bird Sanctuary will speak on "The Storer Trail to Bird Acquaintance by Song and Call." Tea will be served with the following hostesses: Mrs. J. F. Dunleavy, chairman, Mrs. A. M. Cook, Mrs. M. L. Cooley, Mrs. J. S. Cordinley, Mrs. W. A. Corson, Mrs. J. L. Damon, Mrs. A. P. Dana, Mrs. H. M. Davis, Mrs. F. A. Day, Mrs. W. A. Dearborn, Mrs. E. D. Dodge, Mrs. E. F. Dow, Mrs. A. C. Dunmore, Miss M. T. Eager, Mrs. C. L. Eddy, Mrs. J. N. Eaton.

The annual Continental Congress D. A. R. will be held in Washington, D. C., from April 29th to April 25th. The delegates and alternates attending are Mrs. Liverus H. Howe, Miss Nella Pearson, Mrs. Charles H. Smith, Mrs. Henry H. Haskell.

G. A. R. VETERANS MEET

Saturday, April 4th, Charles Ward Post 62 held their regular monthly meeting in G. A. R. Hall, Newtonville. Capt. Rossiter of East Boston Post was the guest of honor. After the business of the meeting was over, the members of Mrs. E. A. Cunningham Tent No. 2 D. of V. entertained the comrades at a very bountiful lunch. A social hour followed.

NEWTON PEOPLE INTERESTED IN BENEFIT

A large number of Newton people are interested in the fourth annual benefit performance of the Charlotte Cushman Club at the Colonial Theatre, Boston, Friday afternoon, April 17. Stars of the current musical comedies and plays have volunteered their services and an all-star program is assured. In addition there will be special vaudeville talent from the Public Metropolitan, Scollay Square Olympia, and Keith-Albee Theatres.

The Cushman Club, located at No. 1 Marlboro street, Boston, takes care of the stage girl on tour who otherwise could not afford the better hotels. This year because of general conditions, the club's resources have been taxed to the utmost.

DARTMOUTH MATRON'S CLUB

Many Newton women are members of the Dartmouth Matron's Club which will hold its annual meeting next week, Thursday, April 16th, at the Woman's Republican Club at 46 Beacon street, Boston, at 1:30. A short business session and the election of officers will precede the luncheon. A delightful program of music will be given by Mrs. Grace Gulesian of Chestnut Hill. Mrs. Francis Clark, an honorary member of the club whose husband, son and a grandson are Dartmouth men, will give a brief historical sketch.

CHRISTIAN ENDEAVOR NEWS

Next Tuesday evening thirteen members of the Lincoln Park Baptist C. E. Society will assist in the program of the Norumbega Union at the Waverley Baptist Church. A mystery drama "A Mirror For Souls" will be presented by this group and will be preceded by a program of hymnology—the history of hymns by Miss Alice Dix of Utah, a student at the New England Conservatory of Music. The meeting will start at 6:30 with a supper and Fellowship period. Another feature of the evening will be the rehearsing of the songs and cheers for the County Convention on April 20th.

With the Convention drawing near, another meeting of this committee will be held tonight at the home of Mr. Carleton Owen, 98 Irving street, Waltham at 7:30.

Miss Lillian Chandler of West Newton was one of the artists who contributed to the success of the Pop Concert held last Monday evening in Waltham. Miss Chandler's soprano solos were greeted with much enthusiasm. She was accompanied on the piano by Miss Betty Brooks, president of the Lincoln Park Baptist C. E. Society.

Tomorrow afternoon the County

Junior Convention will be held at the Payson Park Congregational Church, Belmont, under the direction of Mrs. Arthur P. Gordon of Somerville. Among the local groups who will assist in the program is the Junior choir of the Watertown Baptist Church. Four conferences on Junior C. E. work will be led by State and County officers including our own Mrs. Eunice Woodman of Watertown.

An illustrated lecture on "My Trip Through Palestine" will be given by Dr. Austin Kempton of the Broadway Baptist Church, Cambridge. Large delegations of Junior Endeavorers are expected from the Newton Upper Falls Baptist and the Lincoln Park Baptist Churches.

CAT CAUSES AUTO ACCIDENT

Sunday morning as Winston Sharp of Hereward street, Newton Centre was driving his car along High street, Waltham, a cat started to cross the street. Sharp applied the brakes on his car sharply to avoid hitting the cat. Frank Fahey of 9 Adella avenue, West Newton, who was driving a car behind Sharp's, crashed into the latter's machine when it stopped suddenly. Mrs. Mary Fahey was severely shaken by the collision. The cat was not hit.

Mental Hygiene Discussed At Meeting Of Central Council

Speakers Tell of Various Phases and Cite Importance of More General Use of Service

The monthly Welfare Luncheon Conference of the Newton Central Council was held on Wednesday noon, April 8th, at the Methodist Church in Newtonville. Miss Sybil Foster, Educational Secretary of the Massachusetts Society of Mental Hygiene, was the speaker.

Luncheon was served by the Newton District Nursing Association. At the request of Mrs. Spear, President of the Council, Mrs. Samuel F. Tower, Vice President of the District Nursing Association, spoke of the varied types of work being done by that organization.

The society organizes Child Guidance or Habit Clinics for preschool children wherever there is found to be a need for them, and also makes an effort to persuade parents to send children with personality difficulties to these clinics.

A Speakers' Bureau providing suitable speakers for various groups interested in mental hygiene is another service of the society. They publish three bulletins, one a monthly of current information; one a quarterly on the "Human Factor in Industry. This latter interprets psychological material for business men in their own language, adapting general principles of mental hygiene to practical business affairs. The Society also publishes a bulletin especially for teachers. No terms can be too strong to describe the strategic position which teachers hold in regard to mental hygiene. Parent-Teachers' Associations, as well as schools, are groups with which the Society carries on its educational work.

Camp and Scout groups are also very important as home substitutes. The Society holds conferences with camp councillors in order to give a better understanding to this group of the principles of mental hygiene. Both Boy and Girl Scouts are tremendously important, as there are huge numbers of adolescents of a normal type, susceptible to the influence of mental hygiene.

Work has been done in the colleges. (Continued on Page 6)

Many Attracted To Girls' Gymnastic Meet

Annual Affair Held At High School
Won By Seniors

The annual meet of the girls of the Newton High School was held last Friday evening in the school gymnasium. The program opened with selections by the high school band followed by the entrance march and salute.

The first event, the floor drill, was won by the sophomore class which scored 10 points with the senior class second with 5 points. In posture the senior class was the winner with 5 points. On the various kinds of apparatus the awards were as follows: Rings, 5 points each to the Senior, Junior and Sophomore classes and 3 points to the Freshmen. Box Vault, won by the sophomores with 5 points; Parallel Bars, won by the Freshmen second with 3 points; Swing Jump won by the Freshmen with 5 points; Senior second with 3 points; Rope Climbing won by the seniors with 5 points; Juniors second with 3 points; Back Vault won by the Juniors with 5 points; seniors second with 3 points; Parallel Bars, won by Freshmen with 5 points; seniors second with 3 points. The Relay Race was won by the seniors. The total number of points scored were Seniors 34 points, Sophomores 20, Freshmen 16 and Juniors 13.

Following the athletic events there were dancing exhibitions of Folk Dancing by the sophomores, Pantomime and Rhythm Work by the freshmen, Tap Routines by the Juniors and Studies by the Seniors.

The judges were Miss Marion Juthe of the F. A. Day Junior High School, Miss Rachel Kelley of the Brookline High School, Miss Myra McLean of the Newton Public Schools, Miss Marion Riley of the Boston School of Physical Education, Miss Margaret Rowe of the Needham High School and Miss Louise Sewall of the Walham High School.

Cups were awarded to Miss Cynthia Jum of the Senior class, Miss Phyllis Baker of the Junior class, Miss Rosalind Bigelow of the Sophomore class and Miss Virginia Herring of the Freshmen class. The members of the Basketball Team were awarded their N's. Shields and Numbers.

The Class Leaders were: Senior—Cynthia Jum, Gladys Dufresne, Dorothy Foss, Catherine Martin, Catherine Hayden, Lilla Cavanaugh, Juniors—Helen Ellis, Elizabeth Glidden, Madeline Dunne.

Sophomore—Edna Mitchell, Winifred Clark, Margaret McNaughton, Freshman—Deborah Wing, Constance Herring, Jane Kirby.

The committees in charge were: Program—Mary Kibbe, Priscilla Sawyer, Alice Burton, Frances Chamberlin, Judges and Ushears—Elizabeth Street, Ann Patrick, Marjorie Brown, Ellen Paul, Publicity and Tickets—Doris Bauckman, Phoebe Coombs, Rosalind Bigelow, Elizabeth Stone, Music and Costumes—Catherine Martin, Barbara Burr, Margaret Caswell, Barbara Taft.

Faculty Advisors were: Mrs. Grace S. Kuntz, Program; Miss Elina Peterson, Publicity and Tickets; Miss Ag-

Book Week Is Highly Educational

Printing and Journalism Included in Exhibit

"Book Week" which was observed at the high school this week was not by any means a mere exhibit of mostly old books. It was for the most part a display of the results of the work of the pupils extending back over many weeks which has taken them into the entire history of printing and bookmaking, and of journalism as conducted today throughout the entire civilized world.

For instance, there was an exhibit of 90 newspapers from forty different countries by Margarette Fuller which was awarded first prize in that department. Displays which visualized the development of bookmaking from the earliest days of printing and spot maps showing the development of literature in terms of world geography were equally interesting and reflected credit upon the training which the English classes are receiving in worth while research.

The following statement of the committee in charge as to the aims of the project is as follows and shows the breadth of the work:

The realization of the importance of printing and bookmaking to the history of civilization.

New educational and cultural experiences for every boy and girl in Newton High School.

Pupil investigation of special problems.

New ideas for composition, oral and written.

Intelligent use of school and public libraries.

Increased interest in reading.

Extra-curricula projects for leisure.

The subject includes the history of books and bookmaking, printing, magazines and newspapers from their origin until the present day.

The first prize for loan exhibits went to Eleanor Weston for an Old Testament dating from the 12th century which was beautifully hand illuminated. The second prize went to Robert Ashley for two books by Florus Elzevir and a series of papers published in 1588. The third prize went to Leighton and Norman Harris.

The exhibits from outside consisted of 216 different loans from 144 pupils. The exhibit of work done by the pupils consisted of over 500 articles. The work of preparation was done by the pupils mostly out of school hours. The exhibits have been open to the public for the entire week and have been visited by a large number of parents interested in the work of the school.

The project has been carried out under the supervision of the following faculty committee: Mr. Rinker, Chairman, Miss Bigelow, Mr. Thurber, and Miss Leathers.

Newton Fire Losses Show Large Increase

Department Responded To 1360 Alarms In 1930

The annual report of the Newton Fire Department, prepared by Chief Randlett was issued on Wednesday. The report shows that during last year 1360 calls were answered by the department. There were 283 alarms pulled from boxes, 89 still alarms and 988 telephone calls.

Buildings totally destroyed numbered 12, buildings severely damaged 13, buildings slightly damaged 127. Fires in buildings on which no insurance claim was made numbered 121 and the total number of fires in buildings was 273. Dump fires totaled 148, automobile fires 102, miscellaneous fires 626, needless calls 99, false alarms 32. Mutual aid responses to other cities and towns numbered 65.

The value of buildings and contents threatened was \$5,274,260, automobiles \$15,824. These buildings, contents and automobiles were insured for \$3,986,090. The total losses on the buildings, contents and cars was \$108,510.39. This was a large increase over the losses of 1929 which were only \$59,138.47. That year, however, was one of the lightest in the past 10 years, as regarded fire losses. Thirty new hydrants were installed during 1930, making a total of 1446 in the city.

The following list shows fires on which over \$1000 insurance was paid:

Jan. 29, Melville H. Smith	\$2,952.36
Mar. 24, Waltham Gun Club	3,640.00
April 7, F. H. Pope	1,059.90
April 19, C. T. Lawson	4,611.22
April 27, W. B. Cohen	3,746.50
May 22, W. H. Ray	4,271.00
June 2, Charles Glifx and others	14,887.72
June 5, M. Sirriana	4,400.00
June 16, J. A. Sherrard	2,937.00
June 22, T. J. Hynes	1,250.00
July 6, H. I. Ordway	2,774.00
July 14, Commonwealth Country Club	1,300.00
July 19, T. J. Hynes	1,250.00
July 24, C. H. Spring Co.	16,093.12
Aug. 16, Rohmer Wool Scouring Co.	1,143.00
Aug. 17, Riverside Sand & Gravel Co. Est. loss (no adjustment)	11,000.00
Aug. 27, Harold Spooner	1,104.00
Sept. 15, Joseph Beraldi	5,467.00
Oct. 6, John A. Abrey	3,350.00
Oct. 22, Broderick Brothers	1,250.00
Nov. 5, Mrs. Sarah Warren	1,550.00
Nov. 7, Brae Burn Country Club	3,300.00
Nov. 15, W. E. Harris	2,714.00
Dec. 7, B. Rockman	2,100.00
Dec. 16, Anna Leulondis	1,753.00
Dec. 17, L. Generazio	1,880.00
Dec. 26, John T. Burns and others	2,433.00
Causes of fires and alarms:	
Grass, brush and rubbish	626
Dumps	148
Needless calls	99
Careless smoking	77
Chimney fires	44
Automobiles	102
Spontaneous ignition	15
Supposed incendiary	13

Trying To Prevent Filling Station At Newton Centre

Newton Centre Improvement Association Sends Resolutions To Aldermen

Copies of the following resolutions were sent during the past week to all the members of the Newton Board of Aldermen by the Newton Centre Improvement Association:

Whereas, application has been made to the Board of Aldermen for a permit for a gas station at the corner of Willow and Centre streets, and action on said application is still pending and:

Whereas, we believe that a gas station at that point is unnecessary and greatly adds to the danger of an already dangerous corner, both for autoists, school children, and pedes-

trians, and:

Whereas, a gas station there would change the character of the whole neighborhood, destroying its beauty, depressing the value of real estate, and preventing the city from adding the land in question to its playground, school and fire station property, thus making it a homogeneous whole, and:

Whereas, it is generally understood that the city is likely to take the property at a fair valuation, provided the citizens of Newton Centre raise a certain proportion of the money needed:

Resolved, that this Association sympathizes with the present owners of the land and desires that they should receive full compensation for their property, but at the same time is unalterably opposed to the granting of the application for a gas station at this corner:

Resolved, that a committee of 11, consisting of A. Clarence Walworth, H. H. Kendall, Herman Holt, Jr., Frederick L. Anderson, Henry E. Whittemore, Sam T. Emery, Joseph C. Allen, A. F. Noble, Salmon W. Wilder, L. Lee Street, and Paul M. Goddard, be and are hereby appointed with power to raise the money expected from the residents of Newton Centre, and with power to add to their number;

Resolved, that this Association sympathizes with the present owners of the land and desires that they should receive full compensation for their property, but at the same time is unalterably opposed to the granting of the application for a gas station at this corner:

Resolved, that this Association sympathizes with the present owners of the land and desires that they should receive full compensation for their property, but at the same time is unalterably opposed to the granting of the application for a gas station at this corner:

Resolved, that this Association sympathizes with the present owners of the land and desires that they should receive full compensation for their property, but at the same time is unalterably opposed to the granting of the application for a gas station at this corner:

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

**OUR LADY HIGH NINE
IN FLYING START**

The Our Lady High baseball team, local representative in the Greater Boston Catholic High School league, got off to a flying start in its opening game last Tuesday defeating St. Mary's High of Waltham, a newcomer to the league, 20 to 3. The local team has a veteran line-up with the exception of the catching berth which was left vacant by the graduation of Jim O'Neill.

Jim Murphy, all-league pitching star last year, will be the mainstay in the box for Our Lady High with Okie O'Connor taking O'Neill's place behind the bat. The infield remains the same as in 1930 with Leo Cannon at first, Hart at second, Francis Tabaldi at short and Charlie Gallagher at third base. Manning, Gramzow, and Lombardi comprise the first string outfield with Moran, McLean, and Matthews in reserve.

In swamping St. Mary's the local nine banged out fifteen hits with Murphy and Cannon getting three hits each. Murphy hit a home run, triple and single, while Cannon connected for a triple and two singles. Hart, Tabaldi and O'Connor came through with two-baggers while the remaining bingles were of the one-base variety. Our Lady scored fifteen of their runs in two innings with an eight run rally in the third and a seven run splash in the fifth. Three had trickled across in the first to give them a running start. Single tallies in the second and eighth put the total at twenty. St. Mary's contributed eleven errors to aid in the runaway.

St. Mary's tallied one each in the first three innings for its three runs.

Nine teams make up the baseball circuit with Mission High of Roxbury defending the championship won in last year's race in which Our Lady High was the runner-up. The Roxbury School has its pitching staff remaining from last year's and is expected to make a strong bid for honors. St. Charles, with a one-sided victory over Immaculate Conception High of Revere in its opening game should also be in the battle to the finish. The Watch City team which is coached by Don Houghton of Waban has several outstanding players among them Bob Duffy, pitcher, Francis Boudreau, catcher, and Everett Gallant, shortstop. One of the features of the race should be the series between the rival Waltham Schools, St. Charles and St. Mary's. The other schools in the circuit are St. John's of Cambridge, Cathedral High of South Boston, St. Clement's of Medford and St. Mary's of Brookline. A seventy-two game schedule will be played with each team meeting the other eight schools twice on a home and home basis.

A second set of games will be played this afternoon with St. Clement's at Our Lady's, St. John's at St. Mary's of Waltham, Mission at Cathedral, St. Mary's of Brookline at Immaculate Conception, while St. Charles is idle. Next week's Tuesday games will have St. Charles at St. Mary's of Waltham, Cathedral at Our Lady's, Mission at St. Clement's, and Immaculate Conception at St. John's with St. Mary's of Brookline drawing a bye.

Huntington school and the Newton High school were affected in their championship aspirations.

Huntington school communicated with the committee and has generously suggested that the result of the relay race be disregarded.

The attitude of the Newton High school was also generous and sportsmanlike.

Eliminating the relay race in question it is obviously impossible to award the cup to Huntington which lost its opportunity to win through the error and Newton stands the high point winner.

The cup therefore is awarded to Newton.

In view of the splendid attitude of Huntington school, the committee will present to that school a bronze plaque for its sportsmanlike attitude in an unfortunate situation.

SPORT NOTES

Osborne to Lead Yale

Lloyd B. Osborne, former Newton High and amateur swimming star, has been elected to captain next year's varsity swimming team at Yale. Osborne is a junior in the Sheffield Scientific school and has been mainstay of the team the past two years in the 220 and 440 yard freestyle events.

Alumni Tops Country Day

The alumni defeated Country Day school at the Cabot Field diamond Wednesday afternoon, 7 to 5 in a five-inning game. Harwood Ellis, Harvard hockey captain, featured for the alumni playing third base and hitting a double and a triple. Bradford Jenkins of the undergraduates led his teammates with two singles. Frank White and Gleason were in the box for the alumni with Taylor on the receiving end. The schoolboys had Hayward White and Labouchere on the mound and Waldinger catching.

Vassallotti Elected Captain

Louis Vassallotti of Newton was elected to the captaincy of the M. I. T. wrestling team for the coming year at a banquet of the letter men of the 1931 varsity and freshman squads last night. Letters and numerals were awarded the various wrestlers. Vassallotti wrestled in the 165-lb. class.

Miss Rice Eliminated

Miss Virginia Rice, former Newton Centre girl was eliminated from the women's singles tennis tournament at Pinehurst, N. C., yesterday in a semi-final match. Mrs. Jessup of Wilmington, Del., conquered Miss Rice in a hard fought match, 10-8, 7-5.

Gallagher Pitches One-Hit Game

Herbert Gallagher, a Newton youth and freshman at Northeastern University, sprung a surprise in his first start on the mound for the Husky varsity nine last Saturday. Gallagher allowed Providence but one hit although the verdict was 4 to 1 against him. Providence scored their runs in the first two innings when Gallagher's efforts were not supported by his teammates.

The Newton youth will draw the assignment against Rhode Island State tomorrow.

COMMANDER EIGHT

style and spirit!
free wheeling
thrill and thrift!

All the power you expect a Champion to have... more power per cubic inch than any other car under \$2400!

* * *

All the speed and stamina any emergency can ever demand.

* * *

All the style by which the new Studebakers are so instantly recognizable.

* * *

ALL this, plus the most important advance in motoring since the electric starter—Free Wheeling with positive gear control!

Free Wheeling, pioneered by Studebaker, has swept the nation. Other motor car builders have adopted it—notably Pierce-Arrow and Lincoln. *Others will follow.*

But right now, in a Free Wheeling Commander, you can enjoy the thrill of unfettered travel, carried instead of harried by the force of momentum!

You will enjoy it doubly, because

it will save you 15 to 20% on gasoline and oil. Out of each 10,000 miles you travel, the Commander's velvet 101-horsepower engine works but 8,000 miles.

You will shift silently, easily, without touching the clutch. Public highway and traffic officials from coast to coast have pronounced Studebaker's Free Wheeling with positive gear control a distinct contribution to highway safety.

Think ahead before you buy. Ask yourself: "How new is any 'new' car without Free Wheeling?" How much will it re-sell for a year or two from now?

May we place a Commander Eight at your disposal?

\$1585

4-door, 5-passenger sedan

Other Commander Models range in price from \$1585 to \$1730 at the factory.

STUDEBAKER—BUILDER OF CHAMPIONS

STRIKES

Andy Madden, veteran Brookline pitcher, started off in fine form. He pitched a no-hit game against Lexington high last Friday to open the Wealthy Towners season, 11 to 2. Ken Sharpe, Newton outfielder, received a broken nose in the collision with his teammate Antonelli in the first inning of the Newton-Woburn game last Saturday. Rindge, 1930 Suburban league champs, lost to Waltham last Saturday in a 4 to 2 game. Coach Jack Leahy of the Watch City has used three pitchers, each twirling three innings, in all games to date. He intends to continue this practice as in practice games the opposition obtained but few hits. Other games last Saturday in which Newton opponents figured saw Somerville win from the Gen. Elec. nine to 4; Cambridge Latin trimmed Exeter Academy 9 to 3; and Haverhill topped Wakefield, 15 to 10. Games this week saw Waltham defeated by Middlesex school, 7 to 1; Boston Latin pined a 5 to 1 defeat on Brookline; B. C. High topped Trade School 7 to 3.

NEWTON HIGH STATISTICS

Batting averages—Rhodes, .571; Huston, .550; Colby, .500; Hildreth, .500; Terry, .500; MacAdams, .500; Butler, .429; Antonelli, .200; Team, .379.

Team totals—2 games, 59 AB, 14 runs, 20 hits for 25 total bases, 6 sacrifice hits, 54 PO, 28 A, 7 E, fielding ave., .921.

SPORT NOTES

Waban Wins At Badminton

The Waban Neighborhood Club badminton team won all singles and doubles matches against the Milton Racquet Club team last Sunday. F. R. Webber, G. Walker, F. Seaman, and Ray Ashley comprised the Waban team.

Yale Trims Pioneers

Amid a reunion of former Newton high players the Yale varsity defeated Boston University at New Haven Wednesday, 19 to 11 in a wild and woolly game. Alie Fletcher and Edgar Warren were the local youths in the Ell line-up and Arthur Wilson and Captain Carleton McCullough were in the Pioneers line-up. The first three named were members of the 1928 Newton high championship Suburban league nine. Fletcher hit a single and a double in four times and crossed the plate three times. Warren hit three singles and a double in five times at bat and counted twice. Wilson got but one hit in five trips, stole one base and scored one run. Many errors were made with Warren being charged with three. McCullough connected for two hits in four times at bat. It was Yale's fifth win in as many games.

SPORT NOTES

Signore Twenty-fifth

Augustino Signore, Newton high school runner wearing the colors of the Cathedral Club, placed twenty-fifth in the annual Cathedral Young Men's Catholic Association 10 mile road race last Saturday with a handicap of four minutes.

Yale Wins From Dartmouth

Yale's undefeated baseball team entertained Dartmouth last Saturday at New Haven and were the victors in a 9 to 2 game which opened the Blue's home season. Alie Fletcher and Edgar Warren, both former Newton high stars, again had a prominent part in the Ell victory. Fletcher got one hit out of five and Warren two out of three with the former scoring twice and the latter once. A cluster of three runs in the eighth clinched the game for Yale. A home run by McKenzie opened the inning. Booth walked, went to third on Fletcher's single and scored on a fielder's choice. Fletcher later scored the final tally with the second hit. Fletcher made one error in eight chances while Warren handled eight chances faultlessly. Hal Andrus, Newtonville youth and Dartmouth three-sport star, was behind the bat for the Green for the first time this year. He celebrated with three hits in four times at bat for half of the Green's total of six safeties.

Middlesex Increases Lead

The Middlesex Sportsmen's Association of Arlington increased its lead in the Newton Bowling league Wednesday night by taking three out of four points from the third place Hunnewell Club team. University also dropped three at Waban but clung to second place by its slender margin of a single point. Weston took four from Commercial at the Brockton Club's alleys and the Newton Club took four from Maugus on the alleys at Newtonville. The Newton Club team were toppling the pins in fine style for three string teams total of 1618. Sheld and Carter lead their teammates with the former hitting 103, 126, 112 for 341 and the latter hitting 100, 106, and 136 for 342. In the Middlesex-Hunnewell match the local club was considerably off form, although managed to edge a point from the last string. Colby led the Hunnewell team with 100, 115 and 113 for 328. In the Waban-University match the local team lost the first string but took the second by two pins and the third by ten pins to win the total by three pins in the most exciting match of the evening. Next Wednesday's matches are the finals and with Middlesex practically conceded first place interest centers in the Hunnewell-University battle for second place. The present

POLICE NEWS

Patrick J. Duane, son of Mayor Duane of Waltham, was in the Newton court yesterday charged with speeding through a school zone. He was defended by his father. Motorcycle-Officer Hammill testified that on March 30th Duane drove a car along Ward street, Chestnut Hill, while small children were crossing the street coming from the Ward School, operating the car at speed of about 35 miles an hour. Judge Allen, who was on the bench, found Duane not guilty.

Joseph Lonergan of 78 Langley road, Newton Centre was in the Newton court yesterday charged with speeding. His case was placed on file by Judge Allen.

Joseph Rando of 692 Boylston street, Newton Centre, was fined \$5 by Judge Allen in the Newton court yesterday from driving the wrong direction on Jackson street, a one-way street. Arthur McDonald of Centre street, Jamaica Plain was fined \$5 for violating a traffic ordinance.

William Lucy of 126 Auburndale avenue, West Newton, reported to the police that a battery had been stolen from his car while it was parked in his yard on Wednesday night.

Mrs. Frances Patuto, 49, of 116 West street, Nonantum, was fined \$20 in the Newton court yesterday for committing assault and battery on Pasquale Iadonis of Crafts street, Newtonville.

According to the testimony given by Iadonis he went to Mrs. Patuto to complain that her boy had released the air from a tire on his automobile. Mrs. Patuto instead of chastising the child swatted Pasquale on the head with a plate.

The Newton police department on Tuesday received a telegram from Kings County Hospital, New York City asking that an effort be made to locate Anna Donahue of 101 Marlboro street, Newton. The woman's brother, Edward Timmons was dangerously ill at the hospital. The police found there is no such number on Marlboro street and could not locate the woman.

FIRES AT THE BRAE BURN CLUB

Monday at 1 p.m. Box 361 was pulled for a slight blaze on the roof of the Brae Burn Club, West Newton. The fire was caused by a plumber's torch and was extinguished before much damage resulted.

SPORT NOTES

Get Bowdoin Awards

Several local youths were among the recipients of athletic insignia awards at Bowdoin College recently. Gordon W. Kirkpatrick of Newton Centre, manager, received a swimming team letter. James B. Colton of Newton Highlands received a gym team letter. Track numerals were awarded to Frederick Burton of Auburndale and Edward Appleton of Newton Centre, both freshmen, and Charles L. Kirkpatrick of Newton Centre and David Morris of Newtonville, sophomores.

ABOUT TOWN

By Edw. H. Powers

Residents on Islington road, Auburndale are close to nature. Islington road adjoins the rear of Norumbega park and the Charles River is nearby. A week ago Sunday two beavers made a brief appearance in J. Arthur Wilson's yard. A couple of nights later Mr. Wilson had another proof that Spring is here. He doused the light in his chamber and was getting into bed, when he got out again with rapidity. A hornet had parked on the pillow slip and stung Mr. Wilson's hand.

One of the growing problems confronting Newton is that of covering brooks. For years people residing along Laundry Brook, where it courses parallel to Jackson road have been asking that this brook be covered. During the past few years other demands have been made for the covering of other brooks, including Cheesecake Brook, Paul Brook, Stearns Brook, Edmunds Brook and Hammond Brook. Now the city is seriously considering the covering of Dresser Brook and within the past few weeks a petition has been sent to the Aldermen asking that a small brook running through the former Lord Estate north of Cabot street be covered. In past years these brooks were regarded as scenic assets as they ran through meadows and woodland, but as the city has rapidly developed the little streams have become surrounded by residences and instead of being natural watercourses they have evolved into drains for surface water from streets and into reservoirs for rubbish. Naturally, the people residing in the older parts of the city who have been endeavoring for years to get their particular brook covered, believe they have prior claim to recognition over the newer sections developed within the past few years, or less.

Tuesday was a wry day for the last reigning Bourbon.

A West Newton woman was painfully injured and disabled for many weeks as a result of boys digging holes in a gravel sidewalk in which to play marbles. The holes were dug on the inside of a gravel sidewalk on River street, near Sheridan street and one of these holes caused the woman to stumble and tear an ankle ligament. She has not been able to perform her household duties for many weeks and in addition the expenses of medical attendance has been incurred. Parents and school teachers should warn boys against the dangerous practice of digging holes, even shallow holes in sidewalks. The hole which caused the injury to this woman was only a couple of inches in depth, but sufficient to cause the painful and tedious injury.

We have been asked by a lady to comment on the growing practice of boys riding bicycles on sidewalks with no regard for the rights or safety of pedestrians. It is against the law to ride bicycles on sidewalks, but because of the menace occasioned by automobile traffic the police have been countenancing this practice. However, when the number of boy and girl bicycle riders has greatly increased in the past two years, when they not only disregard pedestrians' safety in residential sections, but also in business districts, it is about time that the police took some action to curb bicycle riding on sidewalks. Special privileges to children should not receive more consideration than legal rights of pedestrians.

Senator Walsh castigated President Hoover, among other things, for his big treasury deficit which faces this country. But, Senator Walsh was quite insistent in demanding that liberal financial aid be given not alone to deserving ex-service men, but also to ex-service men who did not deserve aid.

LEGION AND AUXILIARY GET-TOGETHER PARTY

On Wednesday evening, April 22, 1931, Newton Post No. 48, American Legion and its Auxiliary will stage its Second Annual Supper and Dance, at Masonic Hall, Newtonville.

The supper will be served at 6:30 p.m., followed by an entertainment and dancing. Newton Post Band will give a concert, and music for the dancing will be furnished by a well known local orchestra.

Levertett Saltonstall, Speaker of the House of Representatives and a prominent member of Newton Post, will be the speaker for the evening.

Levi Libby, Past Commander of Newton Post, is the chairman representing the Legion, and Mrs. Ashley Q. Robinson is the chairman for the Auxiliary.

CARS CRASH AT NEWTON

Automobiles driven by Mary Grasso of Hunnewell street, Needham and Francis Sullivan of Maplewood street, Watertown, collided Wednesday at the corner of Maple and Galen streets near Newton Corner. Adeline DiPoli of Booth street, Needham, who was riding with Miss Grasso received cuts and bruises.

REAL ESTATE

John T. Burns & Sons, Inc., report that they have sold the new English brick and frame house located at 26 Lombard street in Newton. With the house, which contains seven rooms and two baths, there is a two-car garage and 8,000 feet of land and the total value of the property is \$18,000. Joseph Fine, attorney, was the grantor and Eugene Wyman was the purchaser. The property is sold for occupancy.

John T. Burns & Sons also report that they have sold in the Auburndale district the new six room colonial home located at 9 Day street. With the house there is a garage and 6,500 square feet of land, and the total value of the property is \$9,500. Edward Cohen was the grantor and Edward and Cleo Holmes the purchasers. The property is bought for occupancy.

FIRE LOSSES

There is much food for thought in the increase in fire losses in Newton, which took a large jump last year as shown by the annual report of Fire Chief Randlett. Forty odd causes are listed for the 1360 calls answered by the local fire department of which ninety-nine were needless. Grass, brush and rubbish fires, as was to be expected, led the list, with fires in dumps and automobiles next in order. Careless smoking was responsible for 77 calls being sent in for aid from the fire department, while the careless uses of matches added forty-six more. Out of the total number of calls it is reasonable to estimate that over two hundred of these might well have been prevented through ordinary precautions. Many persons were aided in their misfortune by having some insurance return, but one hundred twenty-one buildings on which no claim was made or no insurance was carried, suffered from fire loss. Prevention and protection are two important matters when so many needless fires occur.

BOOK WEEK

Book lovers were not alone interested in the exhibit at the high school this week, which included scrap-books, maps, models, and different phases of the evolution of the book, newspaper and magazine as well as some first editions and rare bindings. The exhibit was both most unusual and most interesting as well as highly educational to all.

HEALTH OFFICIAL RESIGNS

In the resignation of Deputy State Commissioner of Public Health Clarence L. Scamman, a resident of Newtonville, the State loses a high type of official. Although having been a Newton and Massachusetts citizen a comparatively short time he takes the wishes of a host of friends with him to a new position in charge of rural health service development in various states for the Commonwealth Fund of New York City.

IN SERVICE OF CITY 48 YEARS

FINDS GREAT RELIGIONS HAVE MUCH IN COMMON

Foreman Martin P. Murphy of the Street Department will observe tomorrow the 48th anniversary of his employment in the service of the city.

Mr. Murphy, who is assigned to the Crafts Street Yards, entered the employ of the city on April 18, 1883, during the term of office of the late Mayor William P. Ellison and Sup. of Streets William E. Fuller, and since that time has served under sixteen different Mayors.

He is considered a recognized authority on road construction and has declined many important posts in the State service because of his devotion to the city in which he made his home.

The Commonwealth Avenue boulevard was constructed 35 years ago under his supervision. This is considered one of the most heavily travelled in New England.

Mr. Murphy is quite prominent in fraternal circles, and is also an active member of the St. Vincent de Paul Society of the Church of Our Lady, Newton.

He resides at 58 Court street, Newton.

KIWANIS
INTERNATIONAL
CAMERON BECK TALKS TO
SERVICE CLUBS

The Rotary and Kiwanis Clubs of Newton held a joint meeting at the Woodland Golf Club on Monday noon with over a hundred in attendance. Vice-President Frank L. Richardson of the Rotary Club presided in the absence of President Edward Mellus who was among several Rotarians attending a Rotary convention at Providence. After extending a welcome to the members of the Kiwanis Club he called upon Irving O. Palmer, principal of the Newton High School to introduce the speaker. In a few well-chosen words Mr. Palmer introduced the guest speaker, Mr. Cameron Beck, personnel director of the New York Stock Exchange.

Mr. Beck gave a very interesting and compelling talk on the responsibility in the hands of men such as those who composed his audience as to the youth of today and preparing it for the leadership of tomorrow. He stated that youth was a subject of far more importance than finance. The modern youth is in a great degree what the present adult generation has made it. There is little reason to be afraid of modern youth although it must be recognized that youth has its problems. The temptations today are thirty times what they were in the previous generation.

He spoke of Wall street as the outstanding part of America where men of character are chosen to serve. They are not men with horned heads and cloven hoofs as some would have it but are men who have stood the acid tests.

Youth has a definite relation to the leadership of tomorrow and the leaders of that day are in our hands. Mr. Beck told of the interviews given by his office to over twenty thousand of boys each year. Twenty-seven of every hundred are fatherless which calls for a great deal of attention on the part of the human relationship committee. The Exchange does not employ those who remain ignorant voluntarily and about seventy percent of those under twenty years of age are of university standard through the pursuit of education in night schools. The speaker stated that "if you are going to be remembered in Massachusetts across the years it will not be your money but your willingness to put your heart into helping some youth to better himself." Out of seven hundred youths in a California industrial school seventy-five percent could have been saved had they been given a chance.

Mr. Beck cited four fundamentals of personnel work the first of which he called responsibility to the employer, the man who does the worrying and takes the risk. The second is responsibility to the individuals on the payroll. No employee should be disciplined before his fellow employees nor until he has had an opportunity to state his side of the case. Displays of temper are always flashed on the underling. The third responsibility is civic. Because this is America and forces are at work to destroy we have a social responsibility to send our employees home better than before. The fourth is the responsibility of keeping a job. The blue ticket is a tragedy. A discharged employee is repeatedly turned down. Treatment of a job seeker with courtesy and care is one of the surest ways to develop the best that is in the leaders of tomorrow. The problem is not going to be solved by educators but by greater interest and attention to the youth by men of civic and industrial standing.

PRESENTS PLAY

The St. Mary's Baseball Club of the Mary Immaculate of Lourdes Church gave a two act musical comedy entitled, "The Pride of Pasadena" under the leadership of Mr. Jack Cronin on Tuesday evening in the Lyceum Hall, Chestnut street. The following cast added to the pleasure of the evening: Esther Vara, Frances Warren, Katherine Murphy, Robert McLaughlin, Stephen Bennett, Michael DeGeorge, Sadie McLaughlin, John McGinnis, William Murphy, John Fontanay, Edward DeGeorge, Patrick Regan, Gordon Bowman, Robert Borofsky, Gordon McNamee, Patrick Prior, John Connally, Vincent Sullivan, Francis Cronin, Agnes Cady, Alice Halpin, Louise Duke, Louise Butchart, Margaret Goodwin, Dorothy Wright, Elizabeth Cronin, Josephine Rosenskoff, Mary Cronin, Esther Higgins, Helen Warren, Frances McDonald, Anna Sullivan, Anna Walsh, Florence Sullivan, Josephine Wilson, Celia Roman, Anna Kenefick, Peggy Bertsch, Elizabeth Curtis.

In India they crossed country by train, travelling far enough to go from New York to San Francisco and back again as far as St. Louis. The route included a detour to the north, but shows something of the vastness of the country as well as the progress which the empire is making in transportation.

In India they crossed country by train, travelling far enough to go from New York to San Francisco and back again as far as St. Louis. The route included a detour to the north, but shows something of the vastness of the country as well as the progress which the empire is making in transportation.

Waban

Mrs. Nelson Tousley is convalescing from the grippe at her home on Irving road.

Miss Helen Egerton of Neshobe road was a member of the program committee for the Junior play given last Friday evening by the 1932 class of the Perry Kindergarten Normal School.

Mr. Robert Kellaway, son of Mr. and Mrs. A. W. Kellaway of Wyman street is spending his vacation by a boat trip to Norfolk, Virginia, returning by Washington, D. C., where he expects to visit for a week.

At the home of Mrs. Roy F. Argersinger, 133 Collins road, on Wednesday afternoon, April 22nd, at 2:30, Mrs. William J. Jameson, wife of Dr. Jameson, surgeon of the hospital at Manayapan, Ceylon, will speak on conditions there and relate some of her interesting experiences. For her talk she will wear the native costume of the country. Tea will be served. It is hoped there will be a large attendance to greet Mrs. Jameson.

UNDER THE GILDED DOME

It would not be surprising if this session of the General Court, which has had before it the second largest number of bills on record for a single year, would also become famous as one of the longest, if not the longest sessions ever known. That seems a gloomy outlook, to be sure, and yet there are numerous reasons for the prediction. The differences between the Governor and the Republicans who did not agree with him in his plans for financing his additional building program have by no means been settled. There is likely to be more controversy, although the end may be said to be in sight.

However, there are other matters which are certain to be the source of long drawn-out discussions. These latter include the Boston Elevated legislation, the proposed changes in the automobile liability insurance law and the future of the railroads of Massachusetts. There are, of course, many other matters, but the bills over which there is practically certain to be much wrangling are those already noted. Following the custom of legislatures of the past the 1931 body has put over until the final days the most important bills.

The session may adjourn the very end of June but it is more probable that it will drag along away into July. However, it should be remembered that there were filed for consideration 2,081 bills and petitions, which makes it plain that there is plenty to be done before any thought of prorogation may be entertained.

Speaker Saltonstall and President Bacon were guests Tuesday night of Secretary of the Navy Charles Francis Adams at a dinner in Washington held in honor of President Hoover.

Representative Luitwieler has had a large share in drafting legislation to indemnify employees of cities and towns in event of motor vehicle accidents. At present such employees may be held financially responsible. Legislation is needed, in the opinion of Mr. Luitwieler and others, to protect the careful driver from being penalized for something that is no fault of his. The Representative expressed his views at a recent hearing before the Joint Ways and Means Committee.

Both branches have accepted reports of "no legislation necessary" on those sections of the final report of the special commission on labor relating to dependent and neglected children as relate to penitentiary, the next friend of minor children of parents seeking direction to apply for care and custody, and also as relates to appointments by the courts of investigators and guardians and other cases involving domestic relations.

The 1931-32 Manual for the General Court was distributed this week. It

CHRISTIAN SCIENCE

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 19, 1931.

The Golden Text is: "He sent redemption unto his people: he hath commanded his covenant for ever; holy and reverend is his name" (Psalms 111:9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "We then, as workers together with him, beseech you also that ye receive not the grace of God in vain. (For he saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee; behold, now is the accepted time; behold, now is the day of salvation)." (II Corinthians 6:1, 2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Galilean Prophet in healing the sick and overcoming sin and death" (p. 497).

is prepared by the clerks of the Senate and House, as required by law, and contains everything pertaining to the rules, membership, etc., of the State government and Legislature and names of commissioners, department heads and such matter.

Adverse reports have been accepted by both branches on the following petitions: Max Henry Newman that the twenty-third of February (the birthday of Abraham Lincoln) be made a legal holiday; of Douglas

Crook for legislation to prohibit the racing of motor boats on the Lord's Day and of Edward W. Toomey for legislation to extend the law relating to old age assistance to the inmates of certain homes and infirmaries.

Senator Hollis fought consistently at every stage the bill to repeal last year's law prohibiting the baiting of waterfowl for purposes of slaughter. He was unsuccessful, however, and the measure was advanced.

The members of both branches took a "day off" Tuesday to attend the opening of the baseball season at Braves Field. Although the Senate was in session less than an hour that day, the House members were more impatient and their session lasted only seven minutes.

The first mill on the Charles within the limits of Newton was erected in 1688 by John Clark at the Upper Falls where the stream dropped over a fall 20 feet high. John Clark was born in Watertown in 1641 and in 1681 his father died to him 67 acres of land on the Dedham road.

The mill built by Clark was a sawmill. When he died in 1695, his sons John and William inherited this mill and in 1708 John sold a quarter interest in it, together with the same share in the rights to the dam, stream and eel weir to Nathaniel Parker for 12 pounds sterling, which is about \$60 in my money. Soon afterward William Clark sold half of his interest in the mill, stream and eel weir to Nathaniel Longley and a grist mill and fulling mill were added to the saw-mill. These mills were, of course, crude diminutive structures but they sufficed to aid the colonists in obtaining lumber, meal and cloth.

Subsequently the mills changed ownership a number of times and in 1768 Simon Elliot of Boston, tobacconist, purchased the mills for the sum of £1700, which shows that property values were increasing in the old town. He erected a snuff mill and this industry was carried on by Elliot and his son until 1814, by which time a screw factory, wire mill and an annealing mill had been added to the plant. In that year the property was sold to the Elliott Manufacturing Company which removed the ancient grist mill and built a cotton factory, Otis Petee having been the mechanical and textile expert who superintended the work. Five years later Mr. Petee started the shops where for generations cotton machinery was manufactured and which later became the Saco-Lowell Shops, Newton's largest industry.

In 1781 a second mill was started at Upper Falls by Jonathan Bixby who built a dam about where the Worcester turnpike crosses now and erected a saw-mill. In 1799 Mr. Bixby sold this property to the Newton Iron Works Company which built a rolling mill and started operations in 1800 with Rufus Ellis as its head. Iron ore, largely from bogs, was procured in this vicinity. In those days Pennsylvania had not become the mining State of the Union. In 1809 a nail factory was erected at this place, and in 1813 a cotton factory was built on the Needham side of the dam.

Before 1800 only six families resided at Newton Upper Falls, their members working in the little grist, saw and snuff mills. Half a century later the Upper Falls had grown to a thriving manufacturing village with 1300 inhabitants and its industries comprised two cotton mills with 11,000 spindles, Petee's machine shops employing 300 men, an iron furnace making castings, a rolling mill and a nail factory.

Judiciary, six of the 16 members having dissented. This means a scrap. The special commission would be appointed by the Governor and would have \$3000 to spend for investigation and clerical purposes.

The Governor has sent his third veto to the Legislature. He opposed the bill authorizing the Mayor of Lowell to refund certain overpayment of taxes. In the Governor's opinion it would delegate too much power to the Mayor.

—Mrs. Agnes Collett, who has been visiting her father, Mr. W. Chandler of Maple street, is the guest of relatives.

—Mr. and Mrs. F. Spencer Arent of Newtonville, formerly of Newton Highlands, leave this week of a motor trip to New York, Atlantic City, Philadelphia, Washington and Virginia.

—Miss Kathryn Smith of Woodliffe road is one of the Simmons students whose poems have been published in "Arrows," a book of verse written by the undergraduates.

—Mr. and Mrs. Harry P. Bradford of Lake avenue, formerly of Newton Highlands, sailed recently for Savannah, Georgia. They will return by motor about May the first.

Recent Deaths

THEODORE SAMUEL WARD

Theodore S. Ward, the son of Helen Ashton Ward and the late Paul T. B. Ward of 119 Wood End road, Newton Highlands, passed away on April 13th, at the Presbyterian Hospital, New York City, after an illness of several months.

Mr. Ward was born in Medford twenty-five years ago but his ancestors have been residents of Newton for nine generations, John Ward having settled in the part of the city now known as Chestnut Hill in 1650.

Theodore Ward attended the public schools in Medford, Newton and Vincennes, Ind., and graduated from Amherst College in 1927. He then spent two years as an instructor at Robert College Constantinople, Turkey. In the fall of 1929 he entered Union Theological Seminary, New York City, and was in his second year when he was taken ill this past winter.

A Memorial Service was held at the Seminary in New York City on Tuesday morning at which a classmate,

Harry Frost, Dr. Harry Emerson Fosdick, and Dr. Henry Sloan Coffin spoke. A second memorial service was held at his home at 3 p. m. on Wednesday. Professor Frank A. Lombard and Rev. Morton Dexter Dunning both of Wellesley and uncles of the deceased and Rev. Ben Roberts, pastor of the Newton Highlands Congregational Church took part in this service.

He is survived by his mother, Mrs. Helen Ashton Ward, daughter of the late Mr. and Mrs. Samuel Ward, formerly of Crescent avenue, Newton Centre, a brother Mr. John Langdon Ward and a sister Miss Helen Storer Ward, and a sister Miss Helen Storer Ward, all of Newton Highlands.

PATRICK COSTIGAN

Patrick Costigan of 19 Clinton street, Newton, a retired city employee, died on Tuesday, April 14 in his 84th year. He was born in Queens County, Ireland, and had been a resident of Newton for 60 years. He is survived by his widow, Mrs. Bridget Costigan, four sons, John, William and James Costigan of Newton and Michael Costigan of Watertown, and a daughter, Mrs. Joseph Muse of Watertown. His funeral service was held this morning at the Church of Our Lady and burial was in Calvary Cemetery, Waltham.

MAURICE S. SULLIVAN

Maurice S. Sullivan of 14 Duncan road, West Newton, was found dead in his room Monday morning. Heart failure was the cause of death. He had retired Sunday night apparently in good health. He was born in West Newton 36 years ago and was a paperhanger by occupation. He was a veteran of the World War. Mr. Sullivan was unmarried and resided with his cousin Mrs. Agnes McNamara. He is survived by three half-brothers and three half-sisters. His funeral service was held Wednesday morning at St. Bernard's Church, West Newton. Burial was in Calvary Cemetery, Waltham.

MRS. MARGARET T. SENNOTT

Mrs. Margaret T. Sennott of 326 Newtonville avenue, Newtonville, wife of Hugh Sennott, died on April 10th, following a long illness. She was born in Dunmanway, Cork, Ireland, 60 years ago and had been a resident of this city for 45 years. She is survived by her husband, two daughters, Miss Josephine Sennott and Mrs. Russell G. White of Boston, and three sisters. Her funeral service was held Monday morning at the Church of Our Lady, Newton. Burial was in St. Patrick's Cemetery, Waverley.

MENTAL HYGIENE DISCUSSED AT CENTRAL COUNCIL MEETING

(Continued from Page 1)

but there is a large field for it which has not been covered in the East. Many maladjustments of college could be avoided if the right advice were available for students in trouble. One frequent difficulty is that of the student who has been very important in a small community but feels completely lost in the large college group. Another is that of a student whose home anxieties are carried over into college life, and who has no one with whom to talk them over.

A very important phase of the work is that connected with industry under the direction of Dr. Elkln, Industry benefits by the work of the Mental Hygienist in less turn-over, and fewer neurotic difficulties. Miss Foster illustrated different mental attitudes toward daily routine by the story of a man who saw some workmen carrying rocks. He asked one of them what he was doing, and the answer was: "Can't you see I am carrying rocks?" The second man he asked replied: "I am earning three dollars a day." And the third said: "I am building a cathedral."

A final appeal was made by Miss Foster for a more general use of the Mental Hygiene Service whenever there were any significant mental symptoms. Early treatment is as necessary for mental as for most physical ills.

Miss Sturgis gave an opportunity for questions, and then called on Miss Elizabeth Ross, Director of the Brookline Health Center. Miss Ross said she was glad to be among her Newton friends once more, and also to be where there was a Council of Social Agencies to tie all kinds of work and workers together. "Direct contact with the people you are always telephoning to is a good idea," she said.

In Brookline the Family Welfare Society, and the Health Center which form the Brookline Friendly Society,

have secured for their joint use a mental hygiene worker to whom cases

needing such treatment are referred. This arrangement has worked well and the Brookline Friendly feels that a great deal is accomplished, not only by the worker herself, but by the educational work she can do with the staff of both organizations.

They learn to detect mental situations and know for what to be on the lookout better than ever before. Brookline still wants a Child Guidance Clinic and is determined to have it. In the end Newton may want one, too.

GEORGE W. MCNEAR

George W. McNear of 191 Auburn street, Auburndale, died suddenly of heart failure on Sunday night at his home. He was born at Eastville, Missouri, and had been a resident of this city for 38 years. Mr. McNear was engaged in the occupation of building carriage bodies and when automobiles came into use he commenced to make custom bodies for this new type of vehicle. Nearly 30 years ago he went into business for himself and his plant at Brookline earned a high reputation.

He is survived by his widow, Mrs. Lily McNear and two sons—Egerton B. McNear of Needham and G. Roger of Chicago. He was a 32nd Degree Mason, a member of the Boston Automobile Dealers Association and of Brookline Lodge of Elks.

His funeral services were held Wednesday afternoon at his late home, M. R. Whitman, Christian Science reader of Newtonville, officiated and Masonic services were conducted by the officers of Pequosette Lodge of Watertown. Delegations were present from Boston Automobile Dealers Association and Massachusetts Automobile Operators' Association. Burial was in Waltham Cemetery.

WALTER L. TUUGAS

Walter L. Tougas of 239 Woodward street, Waban, died on April 15 in his 66th year. He had been associated for over 30 years with the Union Central Life Insurance Company. He was a member of St. John's Lodge of Masons, Knights Templar, Ancient & Honorable Artillery, Boston Chamber of Commerce and Boston Elwans Club. He is survived by his widow, Mrs. Sarah Reed Tougas, three daughters, Mrs. Robert Fairbanks of Dover, Mrs. Blake Lombard of Milton and Helen L. Tougas of New York, and a son, Willard R. Tougas. His funeral service is being held this afternoon at Eastman's Funeral Chapel, Boston.

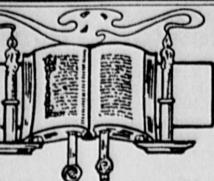

SAMUEL TITEFSKY

Samuel Titefsky of 321 Waltham street, West Newton, died on Sunday, April 12th. He was born in Russia 60 years ago and for 25 years had been an expert watchmaker at the Waltham Watch Factory. He was a member of Monitor Lodge of Masons of Waltham, and the Waltham Lodge of Elks. His funeral services were held Wednesday afternoon in Masonic Temple, Waltham, officers of Monitor Lodge officiating. Cremation was at Mount Auburn.

HIGHLAND GLEE CLUB TO COMPETE

Every State in New England except Vermont is represented among the 21 clubs which have already signified their intention of appearing in the annual contest and concert of the New England Federation of Men's Glee Clubs to be held the afternoon and evening of May 9 in the Pawtucket Senior High school auditorium.

The Highland Glee Club of Newton will be among those competing and it is expected to be among the leading contenders for honors.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

The Board of Education of the Norumbega District met last night (Thursday, April 16) at the home of Mr. Everett A. Greene of Newton Centre. The important business of the evening was the report on the District Community or Training School. Plans for next year's school are under way and will be announced at the Annual Convention on May 5th.

The speaker at the Convention is to be Dr. H. Shelton Smith of Yale, formerly with the International Council of Religious Education.

The Young People of the District will have a special section at the Convention, by vote of the Y. P. Council Cabinet at a recent meeting. They will also have a share in the program.

The executive secretary of the District, Miss Barker, is chairman of the State Council committee planning for the Greater Boston Institute for Daily Vacation Church School Workers in that area, including those of the Norumbega District.

The Newton Corner churches are making a drive for their share of funds to finance the budget of the District. Mr. Eldred M. Petersen is chairman of the committee, of which the other members are Mr. Frank H. Burt and Mr. Frank W. Chase.

ENDEAVORERS PLAN ALL-DAY PROGRAM

In completion of program schedule for the 42nd annual session of Middlesex County Christian Endeavorers, to convene at Waltham, April 20, with sizable delegations from local churches taking active part, host Norumbega C. E. Union is this week organizing final plans for the morning parade at 10 a. m., a feature offering convention delegates the privilege of appearing in a procession with "Mother" Clark, widow of Francis E. Clark, the founder of Christian Endeavor.

The convention sessions will be held morning and evening in the First Congregational Church. Local Endeavorer groups will match their singing ability against that of other visiting groups. Dr. "Dan" Poling, International President of C. E., will speak at the morning session and Dr. James Gordon Gilkey of Springfield at the evening session. Four conferences led by well-known leaders in Christian work will be conducted followed by an attractive recreational program.

After hikes to Prospect Hill, where the Endeavorers may scale a tower or climb to "Boston Rock" for a view of Greater Boston, and to Cedar Hill for a visit to one of New England's most famous mazes are planned with Waltham guides leading the young people. A canoe trip up the Charles River to the spot where a tower marks the landing of the Norsemen under Leif Ericson's command is another feature in a program planned for the young people who do not wish to attend the baseball game in which well picked nines from the Sagamore and Norumbega C. E. Unions are to clash at the end of the Newton may want one, too.

E. Unions are to clash at the end of the Newton may want one, too.

The Intermediate group will join with the Seniors during the morning and evening sessions, their conference periods being held in the Waltham First Baptist Church.

THE CHILDREN'S MUSEUM

The spring school vacation will be a time of much activity at the Children's Museum of Boston as a splendid nature program has been planned for next week. Beginning Saturday at 3:00 with a motion picture on "The Life History of a Pearl" there will be a series of moving pictures about Mother Nature given at that hour right through the week. The motion picture program with dates are as follows: The Life History of a Pearl, Saturday, April 18; The Sagacious Raven, Monday, April 20; Jewelled Daughters of the Air, Tuesday, April 21; Dwellers of the Deep, Wednesday, April 22; Motherhood in Nature, Thursday, April 23; Our Animal Friends, Friday, April 24.

And in addition to these fascinating nature films there will be a series of morning Bird Walks right after the Monday holiday. The walks will be led by Museum naturalists to beauty spots such as "the old Sargent place" or the Arnold Arboretum which are easily accessible to the Museum. They will begin promptly at 9:00 when with note book and field glasses or merely excellent memories ready to take in the returning songsters of New England bird lovers will set out from the Museum grounds.

Recent Weddings

RYAN-NANGLE

Miss Catherine Clinton Nangle, daughter of Mr. and Mrs. Patrick John Nangle of 108 Longwood Avenue, Brookline, was married to Thomas Leo Ryan, son of Mr. and Mrs. Peter W. Ryan of 96 Harvard Street, Newtonville on Wednesday morning at ten o'clock at the St. Mary of the Assumption Church, Brookline. The nuptial mass was celebrated by Rev. Fr. John Hart of Roslindale, a former classmate of the groom.

The bride was attended by her sister, Miss Ruth Frances Nangle of Brookline, as maid of honor. The bridesmaids were Mrs. James Moran, sister of the groom, of Newtonville and Miss Katherine J. Manning of Jamaica Plain, who was a classmate of the bride at Trinity College. Joseph Ryan of Newtonville, brother of the groom, was the best man and the ushers were Elmer Chisholm of Medford, Edward Nangle, brother of the bride, of Boston, and William and Peter Ryan, brothers of the groom of Newtonville.

The bride's gown was made with a long train and was embroidered with seed pearls. Her veil was of tulip with a cap made of old family lace of duchess and rosepoint. The maid of honor wore hyacinth blue lace over flesh colored satin, a Chanel model with spiral flounces on skirt and separate cape with Medici collar, a Watteau hat to match, and carried tall man roses and larkspur. The bridesmaids wore Belgian lace petticoat dresses over peach color with bustle bows of peach and blue and carried lace muffs with matching French silk flowers.

A reception was held at the home of the bride's parents immediately following the ceremony at the church. The couple were assisted in receiving by Mr. and Mrs. Nangle and Mr. and Mrs. Peter W. Ryan.

Mr. and Mrs. Ryan left on a weddin

g trip to the West Indies and on their return will reside at 258 Linwood avenue, Newtonville, where they will be at home after June first.

The bride is a graduate of the class of 1927 of Trinity College, Washington, D. C., and the groom of The Catholic University, Washington, D. C. class of 1926.

A reception was held at the home of the bride's parents immediately following the ceremony at the church. The couple were assisted in receiving by Mr. and Mrs. Nangle and Mr. and Mrs. Peter W. Ryan.

RESIGNS STATE HEALTH POST

Dr. Clarence L. Scamman, Deputy State Commissioner of Public Health and director of the Division of Communicable Diseases has resigned in order to become associated with the Commonwealth Fund of New York City in charge of the development of rural health service to various States. Dr. Scamman, who takes up his new duties on May 15th, resides on Lowell Avenue, Newtonville.

A statement issued by Health Commissioner George H. Bigelow in regard to the resignation said:

"Fortunately one of the States in which the fund is co-operative is Massachusetts, and the Southern Berkshire and Nashoba health districts are already in operation. Thus Dr. Scamman will keep in touch with this important work here and we will continue to profit by his wisdom and advice."

"He came to Massachusetts in 1926 after a distinguished service with Dr. Chapin in Providence. His professional skill, admirable judgment and personal integrity have advanced public health practice in this State. In an unusual way he combined the ideal and the practical without being unreasonable on the one hand or weak-kneed on the other. He will long be remembered, admired and missed."

The department announced the appointment of Dr. Gaylord W. Anderson, a graduate of Dartmouth College and Harvard Medical School and present assistant to Dr. Scamman to succeed the latter.

GIVES MUSICAL COMEDY

The Queen Esther society of the Methodist Church gave a musical comedy and a one-act play in the parish hall on Wednesday evening. An orchestra composed of G. Vaughan Shedd, Jr., Calvin Shedd, Edward Wildman, Ruth Hartshorn, Dorothy Hartshorn, accompanied by Mrs. G. Vaughan Shedd and Miss Elsie Nichols rendered music during the evening. Mr. Gordon Kennison of B. U. sang the Shubert Serenade in German.

The "Bachelor's Revere" was presented by the following young ladies: Edna Roberts, Carrie Jowett, Elsie Giles, Reta Blois, Ruth Shaw, Elizabeth Wildman, Edith Acheryd, Elizabeth Meara, Emily Roberts, Alice Shaw, Helen Shaw, assisted by a group chorus of young men and ladies and a banjo solo by Charles Doyle, followed by a solo, "Neapolitan Night," by Elizabeth Wildman, and a reading "Kate's Agent" by Elizabeth Meara.

"The Tropical Isle," a one-act play, was given by the following cast: Charles Doyle, Helen Shaw, Kenneth Newcomb, John McMasters, Emily Roberts, Marian Shaw, Elizabeth Meara, Fred Newcomb, Alice Shaw, Edna Roberts, Walter Martin, Harry Brown.

There was a guest chorus of six young ladies: Ruth Shaw, Elsie Giles, Reta Blois, Carrie Jowett, Eva Blois and Grace Allardice. Mr. Frank Mordo had charge of the lighting and Mrs. James McNealy was in charge of the costumes.

Effects of Malnutrition

Malnutrition is a condition of undernourishment or underweight. Children with malnutrition do not all behave the same way. Some are pale, dull and listless, with dark rings under the eyes, tire easily and have no ambition for work or play. Their work in school is often so poor that they must frequently repeat their grades. Others are nervous and fretful, hard to please and hard to manage. They eat and sleep badly. Still others are overambitious, constantly active, restless. They find it difficult to concentrate. Children get into a condition of malnutrition because their growth is not watched. To grow in height and gain regularly in weight is just as much a sign of health in a boy or girl of nine or ten as in a baby.

Race of Dog Worshippers

Relics of a tribe of dog worshippers excavated in tombs in Palestine were described by Prof. Sir William F. Petrie in a lecture at London university. The dog worshippers, oldest known human community, existed probably 2,000 years before Joshua or 3,400 years before Christ, Sir William said. "The fact that the tribe greatly venerated dogs is proved by the remarkable number of small, model dogs found in the tombs," he pointed out. "The presence of this tribe also helps us to understand the movements of Joshua after the Exodus. When the Israelites settled in Palestine, they are known to have allied with the dog-tribe against their enemies." The excavations were made at Beth Pelt.

Piano Is Temperamental

According to Dr. William Brulid White, acoustics expert, the piano is the "most intelligent, most versatile and most musical" instrument enjoyed by man.

No player, no matter how skillful, can play the same piece in the same manner on the piano more than once, according to Doctor White. Each musical instrument has a "temperament" of its own which is constantly changing as expressed in different tonal responses.

Hedge's Many Uses

One of the most important uses of hedge plants is for screening purposes and dividing the grounds into different parts. For instance, the service yard, drying yard, vegetable garden or garage court might well be set apart from the rest of the grounds with a tall growing hedge.

Hedges for this purpose, if to be clipped, can be grown from such plants as buckthorn and honeysuckle. These two plants adapt themselves to clipping and make a dense, impene- trable barrier. Wherever a screen, head-high, is needed and there is little space available, plant a hedge.

Chivalry in 1867

"When you tread on a lady's train in the street, you are not required to apologize," observed the Providence (R. L.) Journal on July 18, 1867. "You have a right to be in the street. So has the lady; but she has no more right to carry her train with the expectation of having it respected than she has to bring her cradle to Market square and rock her baby in it. You have a right to stay on the sidewalk, and if any foolish woman chooses to lay five yards of satin between your feet and the flags, it is her risk, not yours."—Kansas City Times.

Chinese Immigration

Prior to the discovery of gold in California in 1848 there were no Chinese laborers in the United States. From 1840 to 1850, according to immigration records, only 35 entered the country, but during the next decade 41,397 came to the port of San Francisco. About 1870 Chinese coolie immigration began to be a political issue and the treaty signed November 17, 1880, gave the United States the right to regulate, limit or suspend the immigration of new Chinese laborers, but not to prohibit it altogether.

Might Be Excused for Using Strong Language

A few nights ago a spectacular fire left a warehouse a smoking ruin. Five alarms were sounded. Eleven reporters—two working and nine out to enjoy the fire—rushed to the scene. A columnist, who had no business there but loves to run after the engines, got his feet wet and caught cold.

The conflagration was the destructive sequel to a minor blaze that had scorched the establishment a few hours earlier. The first fire was discovered by the owner of the building, who sent in the alarm, watched the fire-fighters apparently extinguish the flames, and then went home.

Before retiring he telephoned a contractor to call around the next morning to see about repairing a few windows, painting the doors, and otherwise touching up the place here and there.

At seven o'clock the next morning the contractor called upon the owner at his home and together they went downtown. Arrived where the building should have been, the contractor looked at the smoking pile of debris and then at the owner. "Just what was it you wanted me to do?" he asked, puzzled.

Because of the owner's fine Sunday-school record, we don't like to tell what he replied.—Pittsburgh Post Gazette.

A COLD ZONE for every kind of food

Promotes health and year-round economies

THINK of it! For less than you now pay for ice, you can enjoy the modern miracle of Electrolux Gas Refrigeration in your home. During the remainder of April you will be allowed \$25 for your old ice box toward any model you select—and you may have two whole years to pay!

Preserved under the even coldness of Electrolux, foods retain their freshness and flavor for days. Electrolux, the Gas Refrigerator, is silent...no machinery, no moving parts. Just a tiny gas flame and a trickle of water do all the work. And it eventually pays for itself in its saving on ice and food.

Remember—April 30 is the last day of this exceptional offer. See Electrolux, the Gas Refrigerator, at our showroom today. Eight beautiful models. Come in Today!

ELECTROLUX THE Gas REFRIGERATOR

Electrolux, the Gas Refrigerator, has been thoroughly tested and approved by Good Housekeeping Institute and American Gas Association.

\$25 ALLOWANCE
on your old refrigerator
regardless of its condition
2 years to pay if ordered in APRIL

A NEW MOTOR LUBRICANT

A new motor lubricant designed to meet all present-day engineering needs is announced by Tide Water Oil Company, maker of Veedol and for more than fifty years a refiner of 100 per cent Pennsylvania crudes.

Officials of the company declare that experiments begun in 1926 and carried to successful completion at a cost of some \$2,000,000 have resulted in a product which sets new standards of viscosity and resistance to heat, fluidity at low temperatures and freedom from carbon-forming compounds.

The new Veedol represents an attempt to perfect an oil for the newest high speed, high efficiency engines, where clearances are small and compression and heat correspondingly high. These engines, as many a motor car owner has learned to his sorrow, are especially susceptible to the drag of carbon deposits.

Laboratory tests show that in comparison with other 100 per cent Pennsylvania oils, acknowledged as the highest general standard, this new product has greater fluidity at zero and will lubricate perfectly at 20 degrees below zero. It is proven to be 99.1 per cent free from carbon forming substances. In "break-down" tests, it stands up better against high motor temperatures than any other Pennsylvania product.

These qualities, claim Tide Water technicians, establish an all-round record in the lubricating field, since no other oil, from any section of the country, possessed all of these ad-

vantages. They attribute the success of the new Veedol to a series of special refining processes which remove all of the wax and virtually all other impurities.

This product, for instance, is practically transparent—much more so than any other oil derived from 100 per cent Pennsylvania crudes. There are a number of clear oils from southern and western fields, but it is declared that none of these possess the rich viscosity of the Pennsylvania base. At the same time, other Pennsylvania oils with approximately the same lubricating quality, have not been freed of wax and other harmful substances.

The new Veedol, now available for quantity distribution, is offered in weights for every purpose. Its creators expect it to be widely used in aviation and industry as well as for automobiles.

NEWTON CENTRE MAN SHOOTS SELF

Jeremiah F. Donovan of 799 Commonwealth avenue was found dead in his automobile on Waban Hill road, North, Chestnut Hill early Tuesday night by George Smyrnios of Boston who was passing by and noticed the body slumped in the seat of the car. A bullet wound in Donovan's chest and a pistol lying beside him showed the cause of his death. Medical Examiner West pronounced the shooting as suicide.

Donovan, who conducted drug stores in Boston, had been in poor health for several months.

POLICE NEWS

Walter J. McLellan of 36 Howard street, Watertown was arrested about midnight last Friday charged with driving while under the influence of liquor. He was arrested at Newton Corner by Patrolman Elliott. He was in the Newton court last Saturday and his case was continued until April 17.

Early last Friday morning a car was found abandoned near the dump on North street, Newtonville. In it were found a suitcase containing clothing, some food and a box of 32 calibre cartridges. The car had been hired on April 6th from the U-Drivit Auto Rental Company of Cambridge by a young man who resides on Cabot street, Waltham, who said he was going on a trip to Springfield. A warrant charging unlawful appropriation of an automobile was obtained by the Cambridge police.

The car bore number plates which had been stolen from W. J. Furbush of West Newton. The food supply included two dozen doughnuts, two sponge cakes, two loaves of bread, a can of sardines and a jar of jelly.

Mrs. Mary H. Anthony of 47 Trowbridge street, Cambridge was arrested Monday noon at the Lois Robbins Shop, Newtonville by Inspector King and Officer Feeley of the Newton police, charged with passing worthless checks. She is charged with having passed five such checks in this city. The police have been endeavoring to trap the woman and had warned storekeepers. When she came to the Newtonville store and presented a check for \$10, the police were telephoned and hastened to the place. According to the police she is wanted in a number of cities for similar offenses. In court on Tuesday she was held in \$1000 bonds and her trial continued to April 24. In default of bail the woman was taken to East Cambridge jail. Warrants for her arrest had been issued by the police of Waltham, Watertown, Belmont, Brighton, Brookline, Winchester, Wellesley, Cambridge and Arlington. She is charged by the Newton police with having cashed worthless checks at the stores of Park Lane Frocks, John Dewey & Co., Sidney Litchman, C. H. Campbell Co., Phoebe Seaward.

Early Monday morning a Ford sedan was found abandoned on the driveway of the Earnshaw Knitting Company, California street, Nonantum. It was identified as the property of Henry Beltrani of Washburn street, Newton and had been stolen in Watertown the previous night.

Monday night patrolmen at Newton Corner found a number of doors and windows at stores unlocked. Several persons apparently were absent-minded that evening.

Late Sunday night a sedan owned by William Phillips of West Boylston was stolen from Pearl court, Newton.

Nicholas DiFoggio of 19 Chandler place, Newton Upper Falls was arrested Monday night charged with threatening bodily harm. In the Newton court on Tuesday he was given a suspended sentence of 30 days in jail and placed on probation until October 17. He was charged with having threatened Mrs. Beatrice Anzivino, mother of John Anzivino of Cochituate who is to marry DiFoggio's 18-year-old daughter. The father is opposed to the marriage.

A case containing 30 dozen eggs was stolen from the automobile of James Hall of 478 Waltham street, West Newton while it was parked in front of his home on Monday.

John J. Devine of 195 Winslow road, Waban was given a suspended sentence of 30 days in jail by Judge Bacon in the Newton court on Monday when found guilty of having stolen an automatic pistol from his former employer, Colonel George Graham of Oakvale road, Waban.

Thomas Quinn of 29 Kensington street, West Newton, was in the Newton court Monday charged with driving while under the influence of liquor. His case was continued until April 22. Quinn was arrested by Patrolman Slavin after the car he was alleged to be driving had collided with a pole opposite 71 Lake avenue, Newton Centre.

A squad of police, which included three sergeants, Crowley, Sheridan and Burke, raided the home of Mrs. Philomena DiGlandomenico at 114 Carlisle street, Newton Centre on Saturday night and seized 250 gallons of wine. Later in the night the woman was arrested by Sgt. Crowley and Patrolman Brayton charged with having made an illegal sale of liquor. In the Newton court Monday she pleaded guilty to the charge of having made the sale, and not guilty on the charge of keeping and exposing liquor for sale. Her case was continued to April 23.

Frank Schiripo of Dracut was in the Newton court on Monday charged with the larceny of steam radiators. Patrolman Hannon, who was complainant in the case told the court that Schiripo was not the man in whose house the radiators had been found, but who had given the name of the Dracut man. The radiators were delivered to a new house under construction at Nonantum and were taken from that house and found in another new house nearby. Schiripo was discharged.

Nellie Moore of 518 Waltham street, West Newton, was in the Newton court on Wednesday charged with larceny of blank checks and with forging and uttering checks. She was found guilty by Judge Weston and sentenced to the Women's Prison at Sherborn. She appealed and not being able to furnish \$5000 bail was taken to the court until April 12. She stole the checks from the home of Mrs. Mary Malone, 110 College road, Chestnut Hill, and cashed them at the Newton Co-operative Bank, Nonantum Cooperative Bank and Jane Blythe Employment Agency.

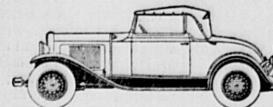

Eight new Indian Scout motorcycles have been received by the police department. While lighter than the motorcycles formerly used, Chief Hughes believes they will be just as fast and easier to handle.

The Shell gasoline station at 2012 Commonwealth avenue, Auburndale, was entered by a burglar on Tuesday night by the forcing of a window.

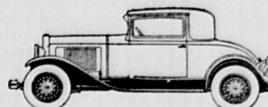

The place was ransacked but the thief found no cash.

Family cars, personal cars, cars for business, cars for sport—Chevrolet offers them all in a variety of body types, colors, equipment and upholstery meeting practically every personal preference.

Nowhere else in the low-price field can you find such a wide selection of fine coachcraft—for Chevrolet alone in its class provides the many recognized advantages of Body by Fisher. This means not only attractive styling in lines and appointments—but also the safest, most durable body construction known—wood-and-steel scientifically combined.

And as for performance—Chevrolet gives you the smooth, quiet, flexible power of an easy-running six—a six that develops fifty horsepower, yet operates with less expense for gas, oil and tires than any other car

you can buy! Furthermore, the Chevrolet Six will serve you faithfully for tens of thousands of miles with a minimum of repairs—due to its thoroughly modern design, the high quality of materials used and the extreme care with which even the smallest Chevrolet part is built.

When you get ready to buy a low-priced car, you will find it to your advantage to inspect the line of new Chevrolet Sixes now on display. Among the twelve attractive models, you are certain to find a car that will not only meet your specific requirements—but will also be a source of pride as long as you continue to drive it. Any Chevrolet Six can be bought with a small down payment and easy terms on the liberal G. M. A. C. credit plan. And remember that Chevrolet's delivered prices include only reasonable charges for delivery and financing.

ZONTA CLUB

Zonta International held its spring conference at the Hotel Statler, Boston, April 11-12, with about two hundred members in attendance. The morning and afternoon meetings on Saturday were devoted to reports of committees and the transaction of other business, interrupted at one o'clock by a luncheon at which Mayor James Curley of Boston, Mayor Richard Russell and Mrs. Russell, of Cambridge, Mr. Edward Billman, President of the Boston Kiwanis, and Mr. H. P. Porter, First Vice President of the Boston Rotary Club, were guests.

The entire conference was the Good Will meeting held on Sunday morning. At this time all the speakers laid stress on the importance of the fellowship which should prevail among Zontians and suggested ways in which friendliness and companionship might be attained and increased. A very interesting guest-speaker was Dr. Lore Antoline-Trappen, a delegate to this conference from Vienna, who brought greetings from the Vienna Zonta and told of the varied and important activities of the women of Germany.

Following the Good Will meeting, one hundred and ninety two members drove to Deer Cove Inn, Swampscott, for a shore dinner, after which farewells were regretfully exchanged.

The fall conference will be held in Springfield, Mass.

WANTS BOOKS FOR LIGHTHOUSE MEN, SEAMEN AND OTHERS

Beginning April 20, 1931, the Newton Free Library will be glad to receive, on behalf of the American Merchant Marine Library Association, donations of readable books and magazines for the use of seamen, men of the lightships, light houses, and Coast Guard. Leave them at your nearest branch library or at the main library, and they will be taken to Boston headquarters for distribution where most needed.

At the banquet Saturday evening

Lieutenant Governor William Youngman and Mrs. Youngman, Judge Emma Fall Schofield, Helen Cleveland, President International Zonta Clubs, were guests. Two new charters, one to Arlington, Massachusetts, and one to Bangor, Maine, were granted by Doran Neun, District Chairman. The address of the evening was made by Doctor Samuel Macaulay Lindsay of Brookline, who spoke ably and gracefully on "The Art of Living Together."

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Newtonville Woman's Club

On Wednesday morning, April 22, at 9:45 o'clock, the Glee Club of the Newtonville Woman's Club will hold a rehearsal at the studio of Miss Dorothy Curtis.

Mrs. George E. Fisher will address the Garden Club on Thursday morning, April 23, at 10 o'clock, using as her topic "The Transplanting of Ferns and Wild Flowers." This meeting will be held at the home of Mrs. Wallace Boyden, of 64 Oakwood road.

The Hospital committee will meet to sew at the home of Mrs. Carl S. Ell, 21 Beaumont avenue, on Thursday, April 23, at 1:30 p.m.

Newton Community Club

The Annual Meeting of the Newton Community Club will be held April 23, at 2:30 o'clock, in the Underwood School Hall. "Pierrot's Pierrette," a one-act play, will be given by Dorothy Abbott Hamburger. This was the 1930 prize winning play in the Original Play Contest for members of the West Roxbury Woman's Club.

The attention of members of the Club is called to the fact that annual dues are payable at this meeting. Tea will be served.

West Newton Women's Educational Club

The Annual Meeting and Luncheon of the West Newton Women's Educational Club will be held on April 24, at 11:30 a.m., at the Brae Burn Country Club. Mrs. John B. Shaw is chairman of this affair. Mrs. Thomas J. Walker, second vice-president of the State Federation, Mrs. Horace B. Gale, director of the twelfth district, and Mrs. George C. Phipps, honorary member of the club, will be the honored guests. Music and readings will be furnished by Mr. W. T. Wilson.

Newton Centre Woman's Club

The Newton Centre Woman's Club will hold its regular monthly meeting on Friday, April 24, at 2:30 p.m. There are two proposed changes in the By-Laws to be voted upon, one of which concerns changing the day of the monthly meeting, which is at present held on the last Friday of each month, to the last Thursday in each month.

After the transaction of the business, the program for the afternoon will be turned over to Alton Hall Blackinton, who has been for ten years staff photographer of the Boston Herald. Mr. Blackinton will give an illustrated lecture on "The Romance of News-gathering." Tea will be served by the Hospitality committee.

Newton Federation

The attention of Clubwomen, whose children will enter school next fall, is called to the regulation of the Public Health Department of the City.

Every child who is to enter school next fall should have a Health Certificate.

Dr. Curtis of the Public Health Department, wishes these children to be registered at their respective schools, within the next few weeks, at which time each child will be given a blank Health Certificate to be signed either by his own doctor or by the doctor in the Pre-school Clinic. These certificates must be returned to the school before the end of this school year. The schedule of the Pre-school Clinics follows:

Underwood School, June 1, at 2:30 p.m.; Cabot School, June 1, at 1:30 p.m.; Stearns School, June 2, at 1:30 p.m.; Eliot School, June 2, at 1:30 p.m.; Mann School, June 3, at 1:30 p.m.; Adams School, June 3, at 1:30 p.m.; Davis School, June 4, at 1:30 p.m.; Franklin School, June 4, at 1:30 p.m.; Emerson School, June 8, at 1:30 p.m.; Hyde School, June 8, at 3:30 p.m.; Bord School, June 9, at 1:30 p.m.; Rice School, June 9, at 3 p.m.; Hamilton School, June 10, at 1:30 p.m.; Angier School, June 11, at 1:30 p.m.; Burr School, June 10, at 1:30 p.m.; and Williams School, June 10, at 1:30 p.m.

State Federation

RADIO. Mr. Lewis E. MacBrayne, General Manager of the Massachusetts Safety Council, guest speaker for Mrs. Samuel H. Thompson, Tenth

PROBLEMS OF UNEMPLOYMENT

from the Viewpoint of Executive Office" is the subject of an address to be given by J. W. Strode, secretary to Governor George W. P. Hunt, of Arizona. Dr. R. J. Stroud, Arizona State Health officer, will speak on "County Health Units." The subject for the address of Dr. F. J. Crider, director of the Boyce Thomson Southwestern Arboretum, will be "Plants as a Factor of Conservation."

Mrs. Thomas G. Winter, a former president of the General Federation, and now associate director of Public Relations of the Motion Picture Producers and Distributors of America, Inc., will deliver two addresses, one on "Spanish Art in the Films" and the other on "Art and Everyday Living." The motion picture, "Meet the World," secured through the courtesy of Mrs. Winter, will be shown Friday night.

Mrs. John D. Sherman, another past president of the General Federation, and now serving as one of the presidential commissioners for the George Washington Bicentennial Celebration in 1932, will speak on "The George Washington Bicentennial."

A "Bettie Sippel Tree" will be planted Friday afternoon, with Mrs. D. I. Craig, chairman of Conservation for Arizona, in charge. Mrs. Grady Gammie, of Teachers' College, Flagstaff, Arizona, announces the intriguing subject "Life Has Loveliness to Sell." Judge Fannibelle Sutherland, president of the Kentucky Federation, will speak on "Legislation

District director, will broadcast from station WBZ, next Thursday afternoon, April 23, at 2:30 o'clock on the topic "When You Meet the Unexpected There Is An Accident." The Stanley String ensemble is to furnish the musical interval. Miss Marion C. Nichols, chairman of Citizenship training and Civil Service, is to broadcast at 2:50 o'clock on "Ups and Downs of the Merit System in Massachusetts."

GEORGE WASHINGTON BICENTENNIAL. The first official act, states Mrs. Maude S. Schrader, president of the State Federation, of the Annual Meeting to be held at Swampscott May 19 to 21, is to be the Tree Planting in honor of George Washington, on the grounds of the New Ocean House, on the opening day of the session, at 4:30 o'clock. She also announces that Dr. Albert Bushnell Hart, the official historian of the National George Washington Bicentennial Commission, and chairman of the Massachusetts Commission, will address the convention on the opening day.

Next year brings the Two Hundredth Anniversary of George Washington's birth. The Bicentennial Commission, with headquarters at Washington, is giving and seeking suggestions that will embrace every form of honor that can be paid the achievements and character of this man, but for whom this republic would not have been. Perhaps the chief value of this honoring of a great man will be the awakening of all people today to the importance of emphasizing those qualities in George Washington's character that made his great achievements possible, thereby honoring and consecrating themselves to a type of citizenship such as Washington visioned for this country.

The Women's Clubs, in planning their meetings and activities for next year, may well bear in mind the truly valuable opportunities for including in their programs, for meetings and study, some of the suggestions that the Commission will gladly give to them, if asked.

General Federation

BIENNIAL COUNCIL MEETING.

—A few of the plans and names of speakers for the Biennial Council Meeting have been announced. National and international problems viewed in the light of present-day trends will be discussed by qualified women and men at this meeting of the General Federation of Women's Clubs, in Phoenix, Arizona, taking place from April 27 to May 2, the president, Mrs. John F. Sippel, presiding.

"Life's Enrichment Through United Effort" is the keynote of the Council, which will attract women from every state in the Union, will be reflected in the addresses and discussions.

Conspicuous among the speakers will be Miss Henni Forchhammer, of Denmark. Miss Forchhammer, who has been president of the Danish National Council of Women since 1913, and vice-president of the International Council of Women since 1914, has just received from the King of Denmark the highest decoration which can be bestowed upon a woman in her country. This honor was given in recognition of her many years' service for education, suffrage, peace and the protection of women, particularly those unhappy women and girls who were deported from Europe during the war and held in Moslem harems.

Miss Forchhammer, who is sent by the Danish Government regularly to the League of Nations Assembly, is in this country on a lecture tour under the auspices of the League. She will speak on "The International Women's Movement."

Cornelius Vanderbilt, author, newspaper publisher, and globe trotter, will discuss "Modern Phases of Publicity."

Dr. Homer LeRoy Shantz, president of the University of Arizona, will speak on "International Relations."

Dr. Harvey L. Taylor, president of Gila College, Thatcher, Arizona, will speak on "What Price Leisure?"

"An Important Factor in Education" will be discussed by Professor C. C. Case, superintendent of Public Instruction for Arizona.

Honorable Lewis W. Douglas, member of Congress from Arizona, will speak on "Life's Enrichment Through Legislation." Professor E. J. Brown, of the Department of Economics, University of Arizona, is announced for an address on "Rationalization in Industry." "Problems of Unemployment from the Viewpoint of Executive Office" is the subject of an address to be given by J. W. Strode, secretary to Governor George W. P. Hunt, of Arizona. Dr. R. J. Stroud, Arizona State Health officer, will speak on "County Health Units." The subject for the address of Dr. F. J. Crider, director of the Boyce Thomson Southwestern Arboretum, will be "Plants as a Factor of Conservation."

Mrs. Thomas G. Winter, a former president of the General Federation, and now associate director of Public Relations of the Motion Picture Producers and Distributors of America, Inc., will deliver two addresses, one on "Spanish Art in the Films" and the other on "Art and Everyday Living."

The motion picture, "Meet the World," secured through the courtesy of Mrs. Winter, will be shown Friday night.

Mrs. John D. Sherman, another past president of the General Federation, and now serving as one of the presidential commissioners for the George Washington Bicentennial Celebration in 1932, will speak on "The George Washington Bicentennial."

A "Bettie Sippel Tree" will be planted Friday afternoon, with Mrs. D. I. Craig, chairman of Conservation for Arizona, in charge. Mrs. Grady Gammie, of Teachers' College, Flagstaff, Arizona, announces the intriguing subject "Life Has Loveliness to Sell."

Judge Fannibelle Sutherland, president of the Kentucky Federation, will speak on "Legislation

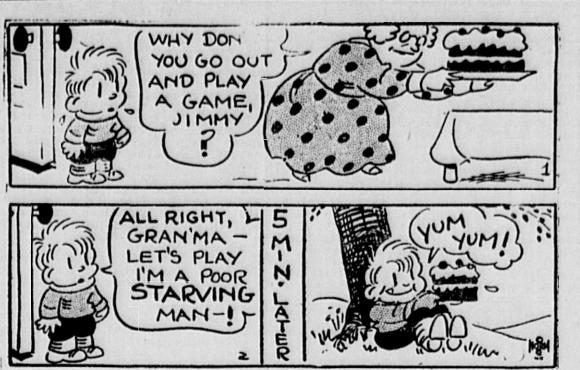

Through United Effort." Mrs. Mark E. Musgrave, of Arizona, will discuss "Arizona, Land of Contrasts." "Developing a Satisfying Child Welfare Program" will be discussed by Mrs. Mildred Weigley Woods of the Phoenix Union High School. Miss Alma L. Binzel, will speak on "Family Relations."

Tuesday, April 28, at 2 p.m., is the radio hour, at which time, through the courtesy of the National Broadcasting Company, a part of the program will be given, this to include addresses by the president, Mrs. John F. Sippel, and the first vice-president, Mrs. Grace Morrison Poole, of Massachusetts, with Mrs. Eugene B. Lawton, of Oklahoma, second vice-president, presiding.

In addition to these outstanding features, the program will include reports of past achievements and projected programs for the many activities of the Federation, heading up under the eight major departments as follows: American Citizenship, Mrs. J. C. Pearson, Oklahoma; American Home, Mrs. John D. Sherman, Washington, D. C.; Education, Mrs. Fred L. Pigeon, Massachusetts; Fine Arts, Mrs. William N. Harder, Ohio; International Relations, Mrs. Ben Hooper, Wisconsin; Legislation, Mrs. Clarence Fraim, Delaware; Press and Publicity, Mrs. William R. Alvord, Michigan; and Public Welfare, Mrs. Sadie Orr Dunbar, Oregon.

The sessions will be enlivened with music, both vocal and instrumental, by Arizona's best talent, coupled with some talent that will be brought up from Mexico City. Mrs. W. E. Minier, of Nebraska, is chairman of the Program committee for the Council. Mrs. Eugene B. Lawson is contact officer and Mrs. H. S. Godfrey chairman of Music. Mrs. E. G. Berryhill, of Phoenix, is chairman of the Local Bicentennial Board, and Mrs. Seth T. Arkills is president of the Arizona Federation.

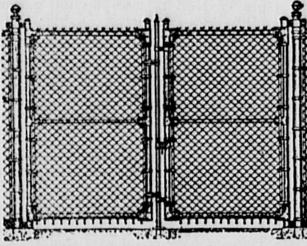

The formal opening of the Council, Monday evening, with addresses by local and State notables, as well as Federation officials, will be followed by a reception and garden party in the grounds of Hotel Westward Ho. Much of the picturesque and colorful background of the Southwest will be woven into the entertainment features of the Council. The Spanish note will be introduced into the music and into the decorations for the reception. The pageant, "The Masque of the Yellow Moon," in which more than 2,000 high school and college students will appear, is anticipated with great pleasure. One day has been set aside as Play

WHEN you build or repair, buy materials of recognized quality. Lumber prices are so low today that there is nothing saved by purchasing inferior quality. A new home is a lifetime investment, be sure that the best in material and labor goes into it.

vice-president—Frederick B. Eastman;

secretary-treasurer—Walter S. Brunton.

Y. M. C. A.

Weather permitting, the tennis courts will be ready for use on Saturday, April 18th.

Fellowship Club

Dr. Warren K. Lewis was the speaker at the Fellowship Club held last Monday evening, taking for his subject, "Why I am an Engineer." This meeting closed a very successful season, according to Mr. Joel Yohannan, Chairman of the Program Committee, who called attention to the variety of the programs presented. Mr. Yohannan also thanked the members for their willingness to take part in the forums and debates. He expressed his appreciation to all who addressed the club this winter and especially to Dr. Lewis for his very illuminating address on the part engineers have had in the development of modern industry.

On Monday, May 4th, members of the Fellowship Club will meet with other members of the Association for the Annual Meeting and Banquet.

Round Table Club

There was a fine attendance of the members of the Round Table Public Speaking Club at the Somerset Hotel last Monday evening. Those present were: Philip Gilfix, George White, Rupert C. Thompson, Jr., Carl A. P. Johnson, Orville W. Casley, Lawrence J. Winsten, John Chant, Vito Barreccio, J. Ernest Gibson, Roy Edwards, Dr. Alfred E. King, W. Lawrence Lodge, Dr. George N. Abbott, Dr. Horace Howe, V. B. Hitchins, Frederick B. Eastman, Walter S. Brunton, Alex C. Zinck, Dr. Leslie Russell, R. M. Patterson, and Edward M. Rowe.

The following officers were elected for the coming year:

President—Dr. George N. Abbott; vice-president—Frederick B. Eastman; secretary-treasurer—Walter S. Brunton.

AUTOMOBILE ACCIDENT

Automobiles operated by John Allen of East Weymouth and Charles Hoyle of Cliff road, Wellesley Hills, collided last Friday night at Walnut and Beacon streets, Newton Centre. Aiden and a young woman passenger in his car complained of slight injuries.

GIRL SCOUTS

Saturday, April 11, was a big day for the Girl Scouts on the north side of the city. It was the afternoon of the Spring Rally. A large number of Girl Scouts and officers marched into the gymnasium to the music of the Bugle and Drum Corps and, after an impressive opening ceremony, took part in the following competitive events: For the junior troops—a knot tying relay race in which a life line consisting of seven ropes which had to be securely tied together was made fast at one end with a clove hitch and was thrown to the rescue of a girl across the hall who put the loop made by a bowline over her head and was dragged to safety. This game was won by Troop 25 of West Newton, Troop 2 Newton came in second, and Troop 19 of Newton Lower Falls third.

The second event was a Compass game in which every junior troop made the spoke of a wheel and moved, stopping at a whistle signal, and each girl in turn told the point of the compass on which she stood. Troop 1 of Newtonville, Troop 2 of Newton, Troop 6 of Nonantum, and Troop 19 of Newton Lower Falls were tied for first place. Troop 8 of Auburndale and Troop 22 of Newton tied for second place. Troops 5 and 25 of West Newton tied for third place.

Carrying puffed rice on the end of a straw and placing it in a cup was the obstacle race for the junior troops, which proved very exciting. There were six girls on each team and it was played as a relay. Troop 8 of Auburndale won first place, and Troops 5 and 25 of West Newton won second and third respectively.

The senior troops had a signalling competition in which one girl of the team signalled a word and the others held up large letters showing the audience the word they received. Troop 10 of Newtonville won the event. Troop 15 of West Newton coming second and Troop 28 of Newtonville taking third place.

A novel feature of the afternoon was the lashing competition. The senior troops each had a team and erected a flag pole of five staves, each 5 feet high, lashing them securely together.

The number of poles erected, the most secure lashing, and team work were the points counted in this event. Troop 15 of West Newton made first place. Troops 10 and 28 of Newtonville coming in second and third respectively.

The obstacle race for the senior troops was very amusing. It was a game called "Foreign Shopping." One girl of the four in each team was given the name of an article she was supposed to purchase in some store and she was to act that out without speaking so that her team knew what she wanted. Each girl in the team was given a chance to act. The four articles to be purchased were as follows:

four yards of green and white woolen cloth, a ham sandwich, a pair of high black laced boots, and a red bicycle. Troop 15 of West Newton, was the only troop which finished this game in the allotted time.

The senior rally ribbon was won by Troop 15 of West Newton. The first place for the junior events was tied for by Troops 2 and 8. Mrs. Walton S. Redfield, Commissioner for Newton, awarded these ribbons and she also gave a ribbon to Betsy Warren of Troop 24 as the best bugler in the midget corps and honorable mention was given to Ada Merriam of Troop 26. Virginia Brown, Troop 26, was awarded the ribbon for the best drummer and Carolyn Hayden, Troop 5, was given honorable mention.

Both the Bugle and Drum Corps played. The major corps' demonstration was very inspiring, and the midget corps surprised everyone by playing two real marches. The drum section was particularly good.

The rally was much smaller than those of former years as only twelve of the twenty-five troops in Newton took part. It was a very enjoyable affair and the girls and audience were most enthusiastic. This rally was entirely planned by the Captains and run by them. The committee who had it in charge and to whom the credit of the success of the afternoon should go was composed of Captain Adelaide Ball of Troop 8 chairman, Captain Bigelow of Troop 15, and Lieutenant Lovejoy of Troop 10.

The rally for the south side will be held on May 16 at the Newton Centre playground.

On Monday of this week troops 2 and 20 of Newton had a special meeting at which time Merit Badges and five year Service Stripes were awarded. Mrs. Redfield also awarded a Letter of Commendation to Lillian Wright who has been a member of that troop for four years.

Mrs. Root, Chairman of the Troop Committee in Waban and also a member of the Court of Awards presented Merit Badges to Troop 14. At the meeting Margaret Durkee received a Community Service pin for having accomplished 150 hours of Community Service.

SIX CYLINDER SENTENCES

By DR. JOHN W. HOLLAND

O-O

Every honest try is an inner triumph.

The sure reward of good thinking is the ability to act more surely.

What is more pathetic than a man apathetic toward good?

The Paradise of Fools is a short, wavy land called "Tomorrow."

Self-culture is the rather slow process of mastering one's own selfishness.

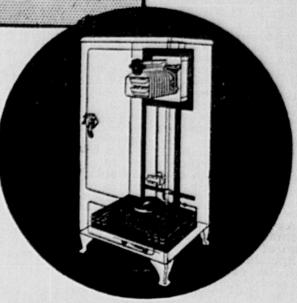

Life is a mirror. Try smiling at it, and see what it sends back to you.

\$165.00
f. o. b. factory

simplest
electric
refrigerator
ever produced

This phantom view shows the highly simplified, sealed working unit of the Servel Hermetic.

QUICK FACTS

Hermetically sealed refrigerating unit.
No kitchen repairs or intricate adjustments.
Fewer moving parts than other electric refrigerators.
Costs considerably less to operate.
Quietest ever produced, as shown by scientific test.
Handy temperature control for fast freezing.
More usable shelf space than others.
Flat, usable top (unit inside the base).
Beautiful, graceful, compact cabinets.
Startlingly low prices—generous terms.
Covered by sweeping factory guarantee.

LOCAL FRIGIDAIRE AGENTS DISPLAY LATEST MODELS

Announcement has been made that C. G. McMullin of 1170 Walnut street, Newton Highlands, and Brophy's of 1255 Washington street, West Newton, have become agents for Frigidaire Advanced Refrigeration—a product of General Motors. A beautiful display of the latest Frigidaires has already been located in each store, and is ready for inspection by the hundreds of people who are interested in equipping their homes with electric refrigeration this spring.

"In choosing Frigidaire, we had especially in mind the good-will of our customers," according to both Mr. McMullin and Mr. Brophy. "The management of your Community Stores thoroughly investigated the entire electric refrigeration industry, and they are convinced beyond any question of doubt that Frigidaire is the best electric refrigerator on the market."

C. G. McMullin of Newton Highlands, and Brophy's of West Newton will serve as direct agents of the Frigidaire factory headquarters, which has recently established its operations in the largest refrigeration centre in New England, occupying an

entire building on Blandford street, Boston.

In presenting the new 1931 models of Frigidaire Advanced Refrigeration, these dealers are calling particular attention to the gleaming, white porcelain surfaces used on both the exterior and interior of the household cabinets. The striking and lasting beauty of the snow-white porcelain-on-steel offers a new standard for permanent refrigeration satisfaction.

Other interesting features about the Advanced Refrigeration models are as follows,—a new acid-resisting porcelain used in the cabinet lining to prevent stain from acids and fruit juices; the flat, service-shelf top designed for the convenience of housewives; larger capacities for the Frigidaire compressors to afford faster freezing directed by the famous Frigidaire Cold Control; a choice of cabinet or cabinet legs; elevated food shelves conveniently spaced; the patented Quicubie ice tray from which ice cubes can be readily removed by a flip of the finger; Frigidaire Hydrator of acid-resisting porcelain for keeping vegetables firm and crisp for days; twin-cylinder compressors on all models; heavy chromium plated hardware of satin-sheen finish; and other attractive features, truly "Advanced."

In outlining their refrigeration plans for 1931, Mr. McMullin made the following statement. "More than two million five hundred thousand electric refrigerators are in use in American homes today," and Mr. Brophy added that, "Household economists who have closely watched the modernization and beautification of the kitchen have forecasted that one million new electric refrigerators will be added this year."

The final mixed bridge party of the season at the Hunnewell Club was held Wednesday evening with sixteen tables in play. Mrs. Harry M. Weber was the hostess. Ladies prizes were won by Mrs. W. A. Somerby and Mrs. R. C. Emery and the men's prizes by Mr. J. W. McKay and Mr. Charles Durant. The season championship prize a pewter pitcher for the pair making the highest total at any three of the season's six parties went to Mrs. R. Jones and Mr. R. C. Emery with 14,699 points.

FOUR AUTOS COLLIDE

Four automobiles collided late Tuesday night at Commonwealth Avenue, Lake street, Chestnut Hill. To begin with a car driven by Joseph Fowler of Wintrop road, Brookline, collided with a car driven by Paul Linsky of Thorndike street, Brookline, which was crossing the avenue from Lake street. Then the Fowler car crashed head-on with a car driven by Wilfred Paine of Kimball terrace, Newtonville, and about the same instant a car driven by Peter Watson of Malden crashed into Fowler's car from the rear. In addition to the four cars being damaged, Fowler's wife received a broken nose and was taken to the Newton Hospital. Eunice McGill, who was riding in the Paine car, had a wrist broken and was treated by Dr. Howard Moore of 2022 Commonwealth avenue, Brighton.

"This is another spot in our city which has 'gone modern,' which is right and proper, and forty years from now, or perhaps in less time, some youngster of the present day, may recall a pleasant past as the writer is now doing in connection with this obsolete school building."

Firemen are not infrequently overcome by smoke. I wonder if sometimes it is not impatience. It strikes me that it might well be, considering the things they have to put up with at fires. The ancient tale of a house-owner carrying a feather-bed out of a burning house and tossing a mirror to the ground from a second story window is nothing, firemen tell me, compared with what actually happens.

Persons whose property is afire, or threatened by spreading flames, have all sorts of weird things, or would if permitted. Firemen have to be pretty emphatic and not allow their good-nature to interfere with business. You can't blame a man for losing his head.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Why do we celebrate Patriots' Day?

Reads as if this was an attempt to learn how much or how little you know of your country's history. It isn't anything of the kind. The question is put that I may place before you an answer that is as about as complete and concise as one could desire. It tells why April 19 is a holiday and furthermore what that holiday means.

Recently I gazed at the original of the first Patriots' Day proclamation, issued April 11th, 1894, by Governor Frederich T. Greenhalge. It so inspired me that I copied it for this column and here it is:

"By an act of the Legislature, duly passed, the Nineteenth Day of April has been made a legal holiday.

"This is a day rich with historical and significant events which are precious in the eyes of patriots. It may well be called Patriots' Day. On this day in 1775, at Lexington and Concord, was begun the great War of the Revolution; on this day in 1783, just eight years afterwards, the cessation of the war and the triumph of independence was formally proclaimed; and on this day in 1861 the first blood was shed in the war for the Union.

"Thus the day is grand with the memories of the mighty struggles which in one instance brought liberty and in the other Union to the country.

"It is fitting therefore, that the day should be celebrated as the anniversary of the birth of Liberty and Union.

"Let the day be dedicated then to solemn, religious and patriotic services, which may adequately express our deep sense of the trials and tribulations of the patriots of the earlier days and of the latter days, and especially our gratitude to Almighty God, who crowned the heroic struggles of the founders and preservers of our country with victory and peace."

To one who has lived long in the same community there is the treasury of happy memories, stored day by day, to which we turn now and then when something occurs to call back old times. A West Newton reader of this column gives us a delightful glimpse of the past in the accompanying article written for this column. She says, "various items regarding the new construction in West Newton, have failed to notice any reference to the earlier useful years of the old Court House." Then she proceeds with what she calls "a few notes of personal recollection." To me they are exceedingly interesting and I am sure all readers will say the same. West Newton residents, especially, will recall "the golden age" as they read the following:

"With the removal of the 'Old Court House' in West Newton Square to an adjoining lot, and with the prospect of its complete removal in the near future, a West Newton girl of some years ago, cannot but 'remember.'

"The building which has served as the Court House for thirty odd years has always meant Peirce School to the contributors and that Peirce School cannot be recalled without also a recollection of the beloved master, Levi F. Warren, whose name was given the fine new Junior High School building which now serves the district.

"To those living in West Newton in the eighties and nineties, the familiar figure of Mr. Warren, friend and schoolmaster, was always a welcome sight. A tall, well-built man with a sturdy stride, carrying a big covered basket on his arm, as he walked to and from his home, or between the four schools which were in his charge, he always had a smile, a pleasant word and a twinkle in his eye.

"The fifth to ninth grades were included in this old building, and there was also the 'side room,' which served as a storage room for supplies and as the consulting room when discussions required privacy.

"Mr. Warren taught some of the classes himself and frequently elucidated trouble-some points which seemed to become clear with his help. Many exploits in history were easy incidents to understand when the 'ever roaring Cheesecake,' which flowed lazily behind the schoolhouse represented the Delaware which General Washington crossed, or any other river on bound-

"One cannot forget either the genial colored janitor, Mr. Johnson, who was the girls Missy, and who was always on the porch between the 'before school' gongs to prevent the pupils from loitering outside, and to hasten the late comers with a warning. No need then for a traffic officer, with a narrow Washington street and no automobiles.

"The new Peirce School, likewise named as a memorial to the Rev. Cyrus Peirce, who was connected with the old State Normal School located in West Newton, was ready for grammar school use about the beginning of 1898, having been first used to accommodate pupils attending High School grades, while the present Classical High building was being erected in Newtonville. Mr. Warren passed away about this time.

"This is another spot in our city which has 'gone modern,' which is right and proper, and forty years from now, or perhaps in less time, some youngster of the present day, may recall a pleasant past as the writer is now doing in connection with this obsolete school building."

Firemen are not infrequently overcome by smoke. I wonder if sometimes it is not impatience. It strikes me that it might well be, considering the things they have to put up with at fires. The ancient tale of a house-owner carrying a feather-bed out of a burning house and tossing a mirror to the ground from a second story window is nothing, firemen tell me, compared with what actually happens.

Persons whose property is afire, or threatened by spreading flames, have all sorts of weird things, or would if permitted. Firemen have to be pretty emphatic and not allow their good-nature to interfere with business. You can't blame a man for losing his head.

when it looks to him that he is going to lose everything else of value. No wonder he runs around, shouting and seeking to lead the fire-fighting.

It appears that a fire in a dwelling will cause a variety of emotions. People react differently. One man remains calm and placid and another goes cuckoo, while still another doesn't appear to care a hang one way or another. The first thought many have is that of saving this or that and demanding that firemen assist, or do the whole thing. There are all sorts of odd requests, I am informed, and articles which would ordinarily appear useless are suddenly found to possess remarkable value.

Firemen don't understand it and if they don't, who does.

Well, not so long ago a citizen arrived at his home to find the firemen and apparatus gathered in such numbers as are drawn to a one-alarm fire. Gazing at the various pieces of apparatus this man turned to the firemen and asked, "Is there a fire here?"

It was too much for the patient fireman. Forgetting himself, he snapped, "What do you think these are, sightseeing busses?"

Allusion to desks and cleaning out was made in this column recently. I had no idea it would provoke the writing:

Dear Brother Bentley:

You know as well as I that nobody ever cleans out his desk voluntarily. The only time such a thing ever happens is when you have a lot of junk you want to put away somewhere but can't because the old chest is full of rubbish already. I read you regularly when I am not giving lectures on the eighteen-day diet, but I must say if you wanted a real story about desks you should have consulted me first.

My grandfather was a seafaring man in the service of his thrice-blessed Britannic Majesty, Queen Victoria. In fact, he helped transport a large part of the troops who took part in the Crimean campaigns to Sebastopol, which is not an antiseptic but an important port on the Black Sea. He used to take great pride in telling me, as I ran at his knee, when a youngster, that among those he had shipped in the transport service between Liverpool and the Crimea, was Captain Nolan, who signalled "lights out" for the Light Brigade. Before I go any farther, let me explain that the reason I ran at his knee was because I didn't believe a word of it and was mad.

Occasionally, however, I attempted to call him bluff. One day I asked him why, if there were cannons to the right of them and cannons to the left of them, the czar's cannoneers, who were shooting not only at the Light Brigade, but directly at each other, were not embarrassed by volleys and thunder.

"An 'boy,'" he said, with a pat on my wooden stocking seat, "that is because you know little of the power of the Little White Father."

And this is where the desk comes in. It was a small mid-Victorian piece of furniture of solid black walnut, with a single row of drawers arranged on the side, instead of down the front like most modern desks. The top was covered with red felt and sloped down at a comfortable writing angle, being hinged to allow access to the space for writing materials and small pigeonholes beneath.

Grandfather said that on the way home from the Crimean War, he made a mental resolve that if he ever got back to dear old blighty alive again he would go to Mericky and get himself a job. So when the lights of Liverpool showed up on the horizon bow a couple of night later, he gave a whoop, tossed his bow's cap overboard and set out for shore in the jolly boat. Of course none of the ship's officers knew about this, but grandpa didn't care because he was going to ship on the Great Eastern the following Thursday.

It was the Great Eastern's maiden voyage and everything went well for a few days, barring a hot paddle box or two, but one morning someone woke my grandfather up by cutting down his hammock and told him that the old ark had lost her rudder. They were wallowing in the trough of the sea and the passengers were in terror. Even the captain was about to stagger down the stairs and give up hope. "We certainly are not getting anywhere without that rudder," he said.

So Grandfather Calories slipped over the stern in a swing and tumbled into the bay, which was only partly lost after all, using a two-inch hem rope for the purpose and biting the half-tether with his teeth. Back on deck, they showered him with applause, in fact they started showering him before he had been hoisted all the way up, so much so that he had to tell them to cut it out.

To show their gratitude they gave him the desk, and if this gets by yours to win a new blotter for mine from the wife.

Yours with a punch,
Fuller Calories.

Newtonville.

WANT MATERIALS FOR USE ON PLAYGROUNDS

Odds and ends and left overs from the dressmaker, worsted yarn, pieces of cotton and woolen cloth, bits of silk ribbon, velvet, lace, beads and dress braid, denim for bean bags, knitting cotton, railroad canvas, scrim, raffia and reed, straw matting, tops of old kid gloves for pen wipers and purses, cambric for scrap books, dolls, games, old stockings and tennis rackets and balls.

The gift of such articles will be much appreciated by the Playground Department. They may be sent to the Superintendent of Playgrounds, City Hall, West Newton, Mass., or desired will be called for by the department truck. Telephone West Newton 0103.

D.A.R.—D.R.

LUCY JACKSON CHAPTER D. A. R.

The chapter met on Monday afternoon at half past two in the Chapter House, the regent, Mrs. Liverus H. Howe, presided and the meeting was opened by the chaplain, Mrs. A. D. Salinger who recited selections appropriate to the season and led in the Lord's Prayer. This was followed by the singing of the Hymn, the recitation of the American Creed and the singing of America. Miss Emily Jordan accompanying on the piano. Reports were given by the recording secretary, Mrs. W. D. Thompson, the treasurer Miss N. J. Pearson, and the corresponding secretary, Mrs. J. W. Byers. A letter was read from the Hillside School in Marlboro, expressing thanks for a contribution from the chapter. A letter had also been received from the Red Cross in acknowledgment of an afghan which was greatly appreciated. Mrs. Bakenen promises that one of these afghans will be on exhibition at the next meeting. Mrs. A. P. Friend gave the report of the Chapter House Committee and stated that the recent rummage sale had netted \$341.00. She spoke of needed repairs on roof and chimney. Willing and enthusiastic members of the Chapter have plans for earning money for house expenses. Candy making, selling of recipes, and card parties are some of the methods employed. Mrs. E. B. Parker and Miss Emily Jordan announced another bridge party which will give in May. Mrs. J. P. Holmes plans an original entertainment and sale at her home in Walpole, with the slogan "Make it yourself." Mrs. A. L. Tucker reported that the trees had been examined by an expert who advised pruning of the rock maples. Mrs. Salinger brought an account of the State Conference at Hotel Statler and said that the State Regent Mrs. Hurd had given as objectives, work toward peace, law and order, and patriotic education of children. Mrs. Russell Scott Magna was endorsed at the conference as Massachusetts candidate for National President of the D. A. R. The delegates and alternates attending the Continental Congress are Mrs. Liverus H. Howe, Miss Nella J. Pearson, Mrs. Henry H. Haskell, Mrs. C. H. Vee. They will be joined by Mrs. W. C. Jones, now residing at Washington.

The chapter will go from New York to Funchal, Madeira, thence to Spain where excursions will be made to Cadiz, Seville and Gibraltar. A cruise along the Mediterranean to Algiers, Naples, Pompeii, Rome, Genoa, Monte Carlo and Nice comes next. Then a six-day cruise along European shores to Holland and through the Kiel Canal to Copenhagen. From there the tourists will proceed to Gothenberg and Oslo in Sweden and Norway followed by a trip to Bergen. The voyage will proceed to the Sogne Fjord and across to Edinburgh, Scotland. Next the LANCASTRIA will sail to Antwerp from which port a trip to Brussels and Paris will be enjoyed. The tourists will board the LANCASTRIA at either Havre or Southampton for the return voyage. Illustrated lectures will be given on the boat concerning the places to be visited. Excellent reservations for this tour may be obtained from the Newton Steamship Agency, 11 Centre Avenue, Newton, in the Newton Postoffice Building. Telephone Newton North 4354 and arrange for an appointment.

The White Star, Red Star and Atlantic Transport Lines, in conjunction with the American Express Company are conducting Travamex Tours in Europe, a new mode of individual travel costing less than \$10 per day. You can start at a date convenient to your plans, have 10 itineraries to choose from, have all your railroad tickets delivered to you in advance, hotel reservations made for you, uniformed interpreters available to serve you at ports and stations and reliable guides to show you places of interest. Round trip fares on the many boats of the three lines mentioned range (in the Tourist Third Class) from \$190 upwards, and cabin class round trip rates on these boats can be had from \$280 and up. The round trip ocean voyages will take from 14 to 18 days, depending on the boat and the port to which one goes in Great Britain or Europe.

The European trips, apart from the ocean crossings take from 15 to 35 days and cost from \$133 to \$322.50. The 15-day European tour for \$135 takes one from Liverpool to Leamington, through the lake and Shakespeare country, thence to London, Antwerp, Brussels and Paris. Another 15-day tour in Europe goes from London to Antwerp, Brussels, Cologne, Mayence, Heidelberg, Lucerne, Interlaken and Paris; this trip costs \$133. A 17 days' trip lands one at Queenstown and thence to Killarney, Limerick, Dublin, through England to London and five days in Paris. A 35-day trip in Europe costing \$322.50 includes five days in Paris, thence to Avignon, Nice, Genoa, Rome, Naples, Florence, Venice, Milan, Lugano, Lucerne, Interlaken, Montreux, Geneva, Paris and four days in London.

The European trips, apart from the ocean crossings take from 15 to 35 days and cost from \$133 to \$322.50. by ARTHUR BRISBANE

The Farmer Wonders.
A Nine Billion Drop.
Important to Parents.
A Useful "Don't."

The Government sues Bethlehem Steel for eleven millions in excessive profits on war contracts. Experts testify for Bethlehem that it made only twenty-one per cent profit against fifty per cent profit, made by United States Steel.

The gentle farmer will wonder why the price of his wheat was held down by law to \$2.50 per bushel in war, while local corporations could gather in tens of millions.

The simple answer is that local corporations, well organized, are run by a few men that smuggle close to the Government. Farming is done by millions of scattered men, not well organized, that smuggle up to nobody, except once in four years to one or other political party that soon forgets them.

Careful investigation shows that because of unemployment the wages earned by American workers in 1930 were nine thousand million dollars below the earnings of 1929.

Nine billions are a great many dollars, several times the value of the country's wheat and automobile output combined.

That drop in wages, which means a drop in spending power and consequently in prosperity, is what ails us, and those that advise a cut in wages should remember it. Wages are already being cut, only too widely and energetically, although without public announcement as a rule.

Cut earnings lower, by reductions publicly sanctioned, and you will have real trouble.

Another canal connecting the Atlantic with the Pacific is needed. The United States has bought the right and the territory to build the necessary canal through Nicaragua.

Those that for their own peculiar reasons oppose the new canal say, "It would be dangerous to build an expensive canal in a country where earthquakes are so frequent."

If there were anything in that, the Panama Canal should not have been built.

Since 1886 there have been sixteen earthquakes in Panama, only fourteen in Nicaragua. No earthquake has damaged the Panama Canal. And the new canal would be located sixty miles from Managua, centre of Nicaragua's earthquake disturbances.

The Nicaragua Canal should be built.

It is important for parents to know that the dreaded poliomyelitis, or infantile paralysis, attacks children mainly through the nose. The germ infects water, and can be taken through the nose passages by children swimming in unclean water. So says Dr. Weyer of the Willard Parker Laboratories.

The germ is probably introduced into the nose most often by the fingers. Children should be taught from infancy to keep their hands away from mouths and noses. Influenza, "colds," a dozen infections start after being planted on the mucous membrane.

A Chinese proverb forbids you to touch your nose or mouth, "except with your elbow."

Children and adults should remember that.

Dean Loomis of New York University offers, among "Don'ts" to parents, this excellent one:

"Don't urge your children to go to college because you went, or because you didn't, or because the youngster's chums are going, or because it is the avenue to a sorority or fraternity or to athletic success."

College life hurts as often as it helps, and often. Better for a young man to spend four years at work realizing his shortcomings than more or less at study acquiring an exaggerated idea of his own importance.

King George has a cold, but is getting better. Great Britain is delighted because he intends to interest himself more extensively in racing this year than hitherto. His royal colors, "purple with gold braid and scarlet sleeves and black velvet cap with gold fringe," will be seen frequently.

His trainers recently have taken to using actinic rays, artificial sunshine, on the King's race horses during the Winter, to offset fogs and darkness.

One horse so treated won the first big race that the King has won in several years.

Gradually, no doubt, the Labor and some other government will arrange to apply to children in the foggy London slums their share of the actinic rays.

Two convicts confess that they started a fire that killed 320 prisoners in the Ohio Penitentiary a year ago. They wanted to keep the warden from building a new cell block for fellow prisoners because they didn't want to work on it.

They may be convicted of murder in the first degree and in the language of the criminals, they may "burn" in the electric chair. In prison or out, the safety of many often depends on the moral character of one or two.

LASELL SEMINARY

The outdoor sport season is in full swing at Lasell with the crew out for practise for River Day and the Golf Course in good condition.

On Tuesday morning, Mr. Alan W. Furber, Director of the Chandler School in Boston, spoke to the students in Chapel.

Miss Bertha Allen, Superintendent of Nurses at the Newton Hospital, was the morning Chapel speaker on Wednesday.

On Thursday morning, Rev. Percy

F. Rex, Rector of the Episcopal Church in Tariffville, Connecticut spoke to the students.

The Seniors were the guests of Dr. and Mrs. Winslow at a tea at their home on Friday afternoon.

Rev. Arthur Kinsolving, Rector of Trinity Church in Boston, will be the speaker at Vespers on Sunday evening at 6:15.

Miss Virginia Cleasby of Orleans, Vt.; Miss Betty Condit of Beardstown, Ill.; Miss Karin Elsasser of Ellsworth, Me.; Miss Virginia Hinshaw of Kansas City, Mo.; Miss Jane Hupman

of Toledo, Ohio; Miss Ruth Libby of Plymouth, Mass.; Miss Lorraine Lombard of Old Orchard, Me.; and Miss Lenna Lyon of Merion, Pa., will usher at the concert given by the Community Child Welfare Association for the benefit of the Fresh-air Camp, at the Hotel Vendome on Monday, April 20.

INSTALLATION OF OFFICERS OF NEWTON EMBLEM CLUB

The Supreme President, Mrs. Joseph F. Farrell of Providence and her official suite installed the following offi-

cers of the Newton Emblem Club No. 8, in the Elks' Hall on Centre street, Newton, on Monday evening, April 13, 1931: President, Miss Florence Geegan; Past President, Mrs. Christina A. Bryson; Vice President, Mrs. Marjorie Brophy; Recording Secretary, Miss Gertrude McCruden; Financial Secretary, Miss Teresa Carson; Treasurer, Mrs. Fannie Bernard; Chaplain, Mrs. Edith Gillies; Marshall, Mrs. Ruth Brady; Guards, Miss Katherine Greelish; Miss Eleanor Mulcahy; Trustee for 5 years, Mrs. Margaret Bresnahan; Trustee for 1 year, Mrs. Blanche Mac-

Gowan; Pianist, Miss Lutia Bernard; Press Correspondent, Mrs. Kathleen Grant.

Dr. Fred M. Lowe, exalted ruler of Newton Lodge of Elks, was present and gave a very interesting address.

A delightful entertainment was furnished by selections from D. Walter Kerr's esteemed leading knight, Newton Lodge of Elks, with Mrs. Margaret Flood at the piano; William O'Mara of Medford, and Miss Katherine Donahue of West Newton, with Miss Margaret Burke at the piano.

Miss Florence Geegan, the newly

elected president received many beautiful baskets of flowers from her many friends.

Members from various Emblem Clubs were present.

After the installation ceremonies a buffet supper was served.

CITY EMPLOYEE RETIRED

William Welch of 22 Cummings road, Newton Centre, who has been employed as a teamster by the Street Department, was retired this week on a pension because of disability. He is 61 years of age.

Your community store now brings you FRIGIDAIRE

A GENERAL MOTORS VALUE

In sponsoring any merchandise for use in your home, your Community Store has its reputation at stake. And since your good will is your Community Store's greatest asset, every product offered must be proved dependable and must represent outstanding value in its field. • • • This being true, it is particularly significant that your Community Store now displays and sells Frigidaire . . . a product of General Motors. • • • Frigidaire has been chosen as the result of a thorough investigation of the products offered by the entire electric refrigeration industry . . . because the management of your Community Store has been convinced beyond any question of doubt that Frigidaire is a refrigerator that can be recommended as a highly attractive investment.

In gleaming white Porcelain Frigidaire offers a new standard of Advanced Refrigeration

With new and striking beauty in a cabinet of snow-white Porcelain-on-Steel . . . with dozens of refinements which set it apart from all other refrigerators . . . Frigidaire presents a new idea in modern refrigeration.

Ice Tray. Vegetables leave the famous Hydrator as fresh as when you put them there.

And how quietly Frigidaire operates! You are scarcely aware that an extra-powerful unit is concealed in the bottom of the cabinet . . . a unit that uses current only a few minutes each hour at a cost of but a few cents a day.

Dishes slide smoothly in and out on bar-type, elevated shelves. Cleaning is made easy by the smooth porcelain exterior and by seamless, acid-resisting porcelain within. Water freezes with incredible speed when you set the exterior "Cold Control." Ice cubes tumble out, easily and quickly, with finger-tip pressure on the Quickube.

All these modern features combine to make Frigidaire the truly advanced refrigerator . . . and to effect savings which make it the truly economical refrigerator to own. Let us give you a complete demonstration.

Terms will be
arranged to suit
the purchaser

WE ENDORSE AND SELL FRIGIDAIRE EXCLUSIVELY

We heartily endorse Frigidaire and recommend it to our customers as the best electric refrigerator on the market. Frigidaire will soon pay for itself in your home and will then save money for years to come. We urge you to inspect the Advanced Refrigeration cabinets now on display in our store. Call at your first opportunity.

THE NEW ALL WHITE PORCELAIN-ON-STEEL FRIGIDAIRE ARE SOLD WITH

8:30 Benefit, Newton Welfare Bureau, "Review of the Dance," Newton High School Auditorium.

Saturday, May 2

P. M. Unitarian Church, Newton Centre, May Festival, Parish House.

THE VILLAGE PLAYERS

The Village Players presented three very successful performances of Rachel Crothers drama "He and She" on

the evenings of April 22, 23, and 24, in the Unitarian Parish Playhouse in Newton Centre. The cast was a very talented, experienced one. Mr. and Mrs. Wesley Dynes in the title roles gave a splendid interpretation of modern father and mother difficulties, particularly in the last act where age-old laws triumphed. Mrs. Ralph E. Stuart was particularly convincing as the sixteen-year-old daughter and did the part charmingly. Others in the cast included Mr. Ralph E. Stuart, Mrs. Montague Ford, Mrs. L. Sumner Pruyne, Mr. Harry E. Moore, and Mrs. Robert L. Rutherford.

COMPLAINS AGAINST BARKING DOGS

On Tuesday Mrs. George Bailey of 10 Bernard terrace, Newton Highlands, and Peter Nyren of 21 Bernard terrace were notified to restrain their dogs. A resident of Goddard street, nearby, had complained to the police that the barking of dogs owned by the two Bernard terrace residents had kept him and his family from sleeping nights.

Long-Time Resident Of Newton Passes Away

Thomas P. Curtis Was Resident Here Over Forty Years

Thomas Phipps Curtis of 347 Lake avenue, Newton Highlands, a prominent resident of this city for 40 years died on Wednesday, April 22 at his home. He was born at Quincy, May 16, 1850, the son of Lewis and Elmeline (Phipps) Curtis. He was a great grandson of Mehitable Adams, second president of the United States, and a second cousin of John Quincy Adams.

Mr. Curtis received his education in Boston and at a private school in Northboro. He became engaged in the woolen business and textile manufacturing and for 55 years was prominently identified with this industry. During this long period he was associated with the firm of Deering, Milliken & Co. of New York, of which he was vice-president. He was president of the Mayo Woolen Company of Millbury, president of the Cascade Woolen Company of Oakland, Maine, and of the Madison Woolen Company of Madison, Maine.

In 1890 he married Ellen Foster Hobbs and she survives him. He also survived by one son, Lewis Foster Curtis of Chestnut Hill. In 1873 he became a Mason in Rabboni Lodge and he was a Knight Templar. In 1927 he received a medal from the Grand Lodge for being a member in good standing for over 50 years. He was a member of the Grafton Club, Merchants Club of New York, Middlesex Club of Boston and the Boston Chamber of Commerce.

His funeral services will be held this afternoon at 3 at his late home, Rev. Ben Roberts of the Newton Highlands Congregational Church will officiate and the Pilgrim Quartet will sing. Burial will be in Newton Cemetery.

JOHN Y. MAINLAND

John Y. Mainland of 21 Institution avenue, Newton Centre, died on Wednesday, April 22. He was born 80 years ago at Ery, Orkney, Scotland, and came to this country when a boy.

Before his retirement some years ago, he had been engaged in the contracting and building business. He is survived by his widow, Mrs. Christine Mainland. He was a member of the Masonic fraternity, the New England Evangelistic Association and First Congregational Church, Newton Centre. His funeral service will be held at First Church tomorrow afternoon at 2:30.

WEBSTER G. HAYWARD

Webster G. Hayward of 24 Pilgrim road, Waban, died on Thursday, April 23. He was born in Neponset 63 years ago and had been a resident of Waban for 9 years. Mr. Hayward, who had been engaged in the life insurance business, was a member of Union Lodge of Masons of Dorchester and of the Brae Burn Country Club. His funeral service will be held tomorrow afternoon at his late home at 2:30. Rev. Richard Loring will officiate. Burial will be in Cedar Grove Cemetery. He is survived by his widow, Mrs. Edna Cushing Hayward.

Appropriate \$62,705 To Furnish South Side Junior High School

LICENSES GRANTED FOR NUMEROUS BUSINESS ACTIVITIES—HEARINGS ON PERMITS FOR GAS AND FUEL OIL TANKS

Apart from the report of the License Committee on the annual granting of licenses to the numerous business activities in this city which require licenses or permits to operate, and the appropriation of \$62,705 for furnishing the John W. Weeks junior high school there was little of import at the regular meeting of the Board of Aldermen on Tuesday night.

The first matter on the docket was a hearing on the petition of L. A. Andrews for a permit to install two additional tanks and pumps at the gasoline station at 1124 Chestnut street, Upper Falls. No one appeared to oppose. F. H. Williams of the Purity Ice Company told the aldermen that his petition for a permit to install 8 tanks for the storage of fuel oil at the ice company building at the rear of 1130 Beacon street, Newton Highlands, is to merely conform with the law. These big tanks, which have a capacity of 49,000 gallons, were installed when the plant was built 15 years ago. At that time it was not necessary to obtain a permit for such tanks. Subsequently permits became necessary and the ice company, at the suggestion of Fire Chief Randlett, is asking for the permit.

In answer to a question by Alderman Ball, Mr. Williams stated that the fuel oil is used only in the operation of the ice plant and that about 225 gallons are used daily. Frank Ciccone of 1120 Beacon street inquired if the ice company intends to install additional tanks. Mr. Williams replied, "No."

There was no opposition to the petition of John Samuda for a permit to conduct a garage repair shop at 1 Jackson street, Thompsonville and to run a gasoline filling station in connection therewith.

John Mazzola, representing Antonio Mazzola, asked for a permit to build a 3-car garage at 230 Adams street, Newton. This garage will be used to house three trucks used in the Mazzola bakery business. No one opposed the petition.

Inquiring about the taking of land for a drain to carry Dresser Brook at Waban from the Boston & Albany railroad to Quineboogin road, R. H. Silverman asked if assessments will be levied on owners of abutting property. City Engineer Morse answered in the negative. Mr. Silverman then asked if the properties would be returned to their former condition and he was told "Yes."

L. E. Gilpin of 829 Chestnut street, Waban, objected to the plans of the proposed drain which will change the present course of the brook and carry the drain at a tangent through his property. City Engineer Morse explained that this proposed change will not injure Mr. Gilpin's property as it will carry the drain along the lot lines and will not interfere with the

application of Joseph Leyvensky to sell second-hand articles at 62 Ash street, Auburndale, was held up because this location is in a residence zone. A licensee to run a lodging house at 3 Vernon street, Newton, was refused. Helena Hardy because this location is in a private residence zone. Applications for new taxi licenses from James Ewing, Thomas Carney, and James F. O'Brien were held in committee. The pool room license of Benny Romano at 212 Adams street, and the common victualer license of Antonio Clofli at 214 Adams street were granted on the condition that these two places close at 11 each night.

The application of Joseph Sala for a common victualer license at 140-A Adams street was denied and the application of the Checker Taxi Company for 2 first-class taxi licenses at 106 Harvard street, which is in a residence zone, was held up. On the recommendation of the License Committee the Board refused to renew the taxi licenses of the Garden City Taxi Company at 233 Washington street, Newton.

Two members of the Licenses Committee voted against renewing the license of the Norumbega Park Company to conduct an amusement park

(Continued on Page 3)

Rebuilt Water Dept. Building Opened—Has Modern Facilities

Visitors Invited To Inspect Plant Altered At Cost of About Fifty Thousand Dollars

Tuesday morning the rebuilt service building of the Water Department at Watertown and Edinboro streets, Newtonville was formally turned over to Water Commissioner Ellis by Mayor Weeks. The alterations and additions on the building, together with the equipment placed in it have cost about \$50,000 and provide Commissioner Ellis with the facilities he has desired to modernize Newton's Water Department. In the basement of the old building a machine shop is located and an oil-burning heating plant installed. The basement also contains a modern hydraulic laboratory which will be used to test the larger meters and other equipment.

The first floor of the building has been altered and modernized to provide an office for the foremen of the department, a stock room for meters, meter parts and smaller fittings and a large room for meter testing and repairing. The latest devices for testing and repairing meters have been installed and are expected to guarantee accurate meters to water users in the city, as well as save considerable money in repair work costs. Charles Chaisson of Faxon St., Nonantum, has been placed in charge of the testing and repair room. Citizens of Newton are invited to visit the plant and see what measures are being taken to assure the accuracy of water meters in use in this city. Employees at the plant, under the direction of Foreman Jeremiah Herlihy will be pleased to give information to visitors.

William Hannon, the veteran clerk at the Water Department, is preparing a card-index system which will provide concise information of all meters in use in the city. Commissioner Ellis plans to have every water meter in the Newtons tested within the next five years. There are hundreds of old meters which have not been registering and these are being repaired as rapidly as possible.

Citizens who will visit the plant will have explained to them the mechanism of water-meters, if they so desire. Water is measured in a meter by a vulcanized rubber disc which oscillates with the flow of the water passing through and works a series of cog-wheels which operate the hands on the face of the meter. The gyrations of this disc are determined by the volume of water passing through and are not varied by the amount of pressure. Commissioner Ellis explained that while a considerable number of meters may measure less water than is actually used, comparatively few meters register too much.

The accumulation of sediment in the disc chamber in a meter will cause it to stick and register too little. Less frequently a coating of vegetable matter on the disc itself will cause a diminution in the amount of water which passes through the discs. But, so small a coating can gather on a

water meter.

The young women from Damon Hall were simply captivated by the gracious reception accorded them by her Imperial Highness, the Princess Kikuko, who was as delightful as the flower for which she was named, Chrysanthemum.

KNIGHTS OF COLUMBUS HOLD "SCOTCH NIGHT"

A large number of ladies were guests of Newton Council, Knights of Columbus at Elks' Hall on Tuesday night. A program of Scottish music and dances was presented, after which dancing was enjoyed. The program consisted of the following—Medley of Scotch Airs by Caledonian Club Pipers, John Carson and George Smith; song, Richard Wilson; Dances of Scotland by Rita Tighe, Charlotte McCabe, Dorothy McCabe, Florence Vernon; song, Marion Whitmore. Helen Crucikshank was accompanist.

BONFIRE BURNS TRUCK

A truck owned by William Fessenden of Avon place, Newton, caught fire from a pile of burning leaves on Chestnut street, West Newton, last Friday. The body of the truck was damaged.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

**SEVEN RUNS AGAIN
FOR THIRD STRAIGHT**

Newton high defeated Rindge Technical High School last Saturday in the opening game of the Suburban league season 7 to 4. Incidentally it was Newton's third straight victory and the third time the orange and black had tallied seven runs for its winning quota. Newton opened the season with a 7 to 5 win over Wakefield and followed with a 7 to 2 win from Wakefield. Saturday's Suburban league encounter was scheduled for Russell Field, Cambridge but the grounds were in poor condition and the scene of the encounter shifted to the Harvard junior varsity diamond at Soldiers' field.

Tommy Rhodes of Newton and Dick Dinjan of Rindge were the starting pitchers and as the game wore on the Rindge lad was having all the better of the encounter. Rhodes was in trouble in every inning until he was replaced by George Kraber at the start of the sixth. When Rhodes left the mound to go to left field the score was 2 to 1 in Rindge's favor. In the sixth Kraber's teammates got him in trouble and the 1930 league champions tallied twice to make it 4 to 1 but a timely run in Newton's seventh tied it up at four all. The Newton team settled down behind Kraber in the last three frames and in the first of the ninth Newton sewed it up with another three run surge in which Warren Huston's single was the potent punch.

In other league games on the holiday, St. John's of Cambridge won from Immaculate Conception of Revere, 8 to 5 with a three run rally in the ninth, to stay in a tie for the league lead with Our Lady.

Mission High of Roxbury squeezed out a 10 to 9 win over St. Clement's high of Medford in the 13th inning, and St. Charles won its first inter-city series game with St. Mary's, 9 to 5 with Bob Duffy, St. Charles pitcher, fanning 19 St. Mary's batters.

The game in detail: Huston grounded out to Dinjan and Antonelli drew a pass to open Newton's first. Reddick, Rindge negro catcher, picked Antonelli off trying to steal. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the second with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the second. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw Burbul out at first and fanned Corbin to leave DeLuise on third.

It was one, two, three for Newton again in the fourth although Antonelli's single came with one down.

The Newton second baseman took a little too long a lead off first and Reddick nipped him with a rifle like throw to DeLuise. Rhodes passed Lyons with one down in Rindge half of the frame. Burgess hit to Colby and with a double play in sight the latter threw low to second and both men were safe. Antonelli tossed out Reddick and Huston threw Dinjan out to nip the rally in the bid.

Colby opened Newton's fifth with a roller to Lyons at third base but DeLuise dropped the throw to give Colby life. Butler sacrificed him to second but neither Hildreth fanned and Mullen was thrown out by Lyons. With one down DeLuise singled for his third hit in three times up in Rindge's turn at bat. Hildreth took care of Burbul's foul fly and Mullen made a pretty running catch of Corbin's low line to centrefield to rob him of a hit.

Sharpe singled to left to open Newton's sixth and took second on Dyer's sacrifice. Huston drew a pass. Antonelli fouled out to Reddick but Rhodes came through with a single to left after having fanned on both of his other times at bat to score Sharpe and putting Huston on third. Dinjan threw out Colby to stop any further scoring. Kraber took the mound for Newton in the last of the sixth, Rhodes going to left, Sharpe to right and Dyer coming out. With one down Lyons got in the way of Kraber's fast one and went to first. Burgess singled to right and Lyons went to third. Burgess stole second. Reddick hit to Huston and the latter threw wide to home letting Lyons score. Hildreth pegged the ball to Antonelli at second and the latter booted it into centrefield giving Burgess the chance to score. Reddick stole second but Dinjan popped to Colby and Huston made a leaping catch of Paglieri's smash to end the inning.

Butler drew a pass to start the seventh. Hildreth fled to centre. Mullen singled to left for his first hit of the season. Kraber singled to left bringing in Butler from second base. Mullen took third and Kraber second on the throw home and were both in position to score when Huston singled to left. Antonelli fanned to end the seventh. Kraber set Rindge back in order in the last of the frame with the aid of Rhodes and Huston in a spectacular play. Two were down when Corbin plammed a triple to the fence in left. Rhodes scooped up the ball on the run and threw to Huston. The Newton shortstop threw to home plate with Kraber cutting off the ball in time to tag Corbin about eight feet from the plate as he attempted to turn to score.

Hildreth got a hit on a grounder that Lyons at third knocked down and the Newton catcher went to second on Lyons' poor throw to first. Mullen bunted and was safe as Hildreth took third. Mullen stole second as Maloney took Diniyan's job over. Lansd batted for Sharpe and singled to left. Mullen chased Hildreth home and just made it with Lansd taking second. Kraber bunted and Maloney threw the ball wide to first letting Lansd score. Kraber headed for second but DeLuise's throw to Paglieri nipped him. Huston singled to left. Antonelli popped to short and Rhodes fanned. Kraber baffled Rindge in the ninth fanning the side although Paglieri's single with one down gave the home team hope for a time.

**OUR LADY HIGH
SETS FAST PACE**

Edited by WARREN K. BRIMBLECOM

**MILTON ACADEMY
TOPS H. S. NET TEAM**

The Our Lady High School baseball team, local representative in the Greater Boston Catholic High School league, took a firmer hold on first place on Monday by shutting out Cathedral High of South Boston on Victory Field, Nonanum, 8 to 0. Jimmy Murphy, star twirler, held the visitors to two hits, both made by Daley, Cathedral high rightfielder.

Our Lady's high picked up four single runs in the first, second, fourth and fifth innings and topped it off with two-run clusters in the sixth and eighth. Leo Cannon, Our Lady high first baseman led the local attack with a home run, a double and a single in five times at bat. Lombardi, rightfielder, also hit for the circuit and added two singles for three hits in five attempts.

In other league games on the holiday, St. John's of Cambridge won from Immaculate Conception of Revere, 8 to 5 with a three run rally in the ninth, to stay in a tie for the league lead with Our Lady.

Mission High of Roxbury squeezed out a 10 to 9 win over St. Clement's high of Medford in the 13th inning, and St. Charles won its first inter-city series game with St. Mary's, 9 to 5 with Bob Duffy, St. Charles pitcher, fanning 19 St. Mary's batters.

The game in detail: Huston grounded out to Dinjan and Antonelli drew a pass to open Newton's first. Reddick, Rindge negro catcher, picked Antonelli off trying to steal. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the second with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the second. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the third with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the third. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the fourth with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the fourth. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the fifth with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the fifth. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the sixth with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the sixth. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

Mullen, Sharpe and Dyer, Newton outfield trio and tall end of the batting order were out in order. Rindge tallied again in its half on Paglieri's roller past Colby and a smashing triple to the fence in left field by DeLuise. Rhodes threw in Rindge's half of the inning. Rhodes threw but four balls each of the first four men up hitting the first ball pitched. DeLuise, Rindge first sacker and second batsmen, singled to left but the other three were easy outs.

Newton went out in order in the seventh with Corbin, Rindge leftfielder racing over to his left to snare a liner off Butler's bat that looked good for a triple. Rindge opened the scoring in the last of the seventh. Maloney singled over Colby's head, took second on a passed ball, third on Lyons' sacrifice bunt and crossed the plate on Burgess' long fly to Dyer in Newton's right field. Reddick popped to Colby.

SPORT NOTES

Spain Hits Homer

The Dartmouth freshman baseball team opened its season Tuesday with two local youths in its line-up. Frank Spain at shortstop and Bob Bennett catching. Clark school was drubbed 19 to 3 with Spain getting two hits out of three times up and Bennett two out of two. One of Spain's singles was a home run. He also made a sacrifice hit on another trip to the plate. Spain was charged with one error.

McCradden on Team

Jimmy McCradden, Newtonville youth, will run on the Northeastern University mile relay team which left yesterday for the Penn Relays at Philadelphia today and Saturday.

Wilson's Triple Timely

Tufts defeated Boston University Wednesday, 13 to 8, with the Pioneers getting but one hit in seven innings with Andrewskelecz in the box. With a 10 to 0 lead a reserve pitcher

was given an opportunity and the Pioneers staged two four-run rallies in the eighth and ninth to throw a scare into the Jumbos. Art Wilson's triple, his only hit of the day, featured the ninth inning rally.

Yale Trims Wesleyan

Yale defeated Wesleyan on Wednesday 9 to 0 with Allie Fletcher and Edgar Warren, local youths in the line-up, playing their usual good game around the keystone sack. Fletcher had four assists and Warren had three putouts and four assists. Warren made two singles in five times at bat while Fletcher went hitless.

McCradden Wins Half

Jimmy McCradden, Newtonville youth on the Northeastern University track team, won the half mile in last Friday's dual meet with Springfield on the latter's track. The gymnasts won the meet 76 1/2 to 58 5/6.

Harvard Makes it 34 Straight

The Harvard tennis team opened its home season Wednesday with a 9 to 0 victory over the Holy Cross racquet wielders. It made the 34th

straight victory for the Crimson in three years as a match has not been lost since the latter part of the 1928 season. Captain Malcolm Hill came through as usual in both singles and doubles when teamed with Ingraham.

Whirlwinds Defeated

In a quarter-final round match in the Boys' Club of Boston basketball tournament Tuesday night the Newton Whirlwinds were eliminated by the Cambridge Maroons, 29 to 13. Clark and Gallagher, with four and three points respectively, led for the locals with Patterson, Lansen and Glamson each caging a basket for the remaining six points.

Kollmyer to Run

Hamilton Kollmyer, former Newton high and Exeter academy runner, will run the quarter-mile leg of the medley sprint relay for Harvard at the Penn relays today and one of the legs on the mile-relay tomorrow. Jim Fox of Nonantum will be the reserve for Dave Cobb, former Country Day school runner, in the two-mile relay on Saturday should the latter feel

the strain of two races on Friday, a half mile in the sprint medley and the three-quarter mile in the distance medley.

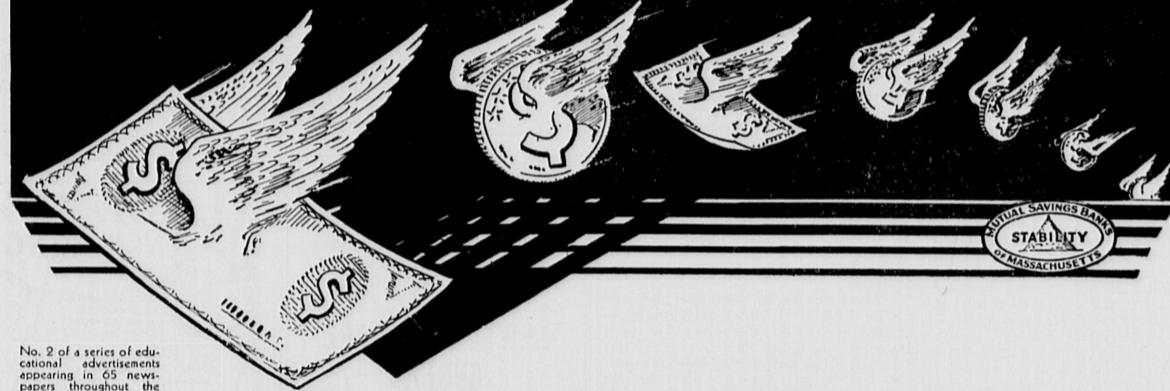

Rally Beats Country Day

Wellesley High staged a three-run ninth inning rally to top Country Day school at Wellesley last Friday by a 5 to 4 score. Two singles, two passes and another single off White turned the trick. The Country Day pitcher turned eleven Wellesley batters back by the strikeout route. The local school scored twice in the second to take the lead and two more in the eighth to go in front again after Wellesley had tied it up in the last of the second.

Arlington Tops Country Day

Arlington high defeated the Country Day nine at Arlington Wednesday, 7 to 1. Arlington scored all its runs in two innings making four in the first and three in the seventh and the Newton private school saved a shutout with a run in the third although they were held to one hit, a double by Labouchere.

dermen to accede to all of the demands of the School Committee for certain furnishings and equipment at the new school. For additional land damages due to the widening of Washington street between Commonwealth avenue and Woodland road, \$2423 was appropriated.

SPORT NOTES

Whitmore Earns Place

Holmes Whitmore of Newton Highlands, former Newton High athlete, now a senior at Boston University, has won a place on the Pioneer varsity tennis team which will open the season Saturday against M. I. T. at Nickerson Field, Riverside.

Terriers Shut Out

Herman, Boston College pitcher, shut out Boston University 3 to 0 last Saturday at University Heights as the Eagles won their first home game of the season. The B. U. team only got three hits up to the ninth inning and five in all with only one Terrier reaching third base. Art Wilson, former Newton star, helped himself to two of his team's five hits, one an infield hit he beat out, and Captain Jack McCullough, another former Newton star, made one. Wilson reached second twice, stealing once and being advanced in the ninth on a single but his mates could not bring him in.

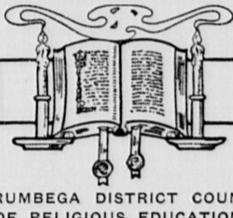

NONANTUM MAN HAS NARROW ESCAPE

Nicolo Battista of 11 Faxon street, Nonantum, narrowly escaped death last Saturday morning when a large truck he was driving backed down the steep bank of an old clay pit on Concord avenue, Belmont and sank in several feet of water. The truck is owned by Otto Theurer of Watertown. Battista was backing it to the edge of the pit to dump a load of refuse. As the truck started down the bank, Battista jumped and escaped being carried down with the big vehicle.

ELIOT CHURCH WOMAN'S ASSOCIATION

"Will the Church Enlist in Another War?" will be the subject of a discussion by Mr. James H. Sheldon at the meeting of the Woman's Association of Eliot Church on Tuesday, April 28th at 3 o'clock. Mr. Sheldon, an international lawyer and an author and lecturer on international relations, is Executive Secretary for New England of the Fellowship of Reconciliation, an international organization for the promotion of peace between nations, classes and races. He is one of our young men who has been an enthusiastic leader in such organizations as the National Student Federation of America and the Fellowship of Youth for Peace, and as delegate from various organizations to conferences both here and abroad has had unusual opportunities to study this question of Peace from many angles.

NORUMBEGA DISTRICT COUNCIL
OF RELIGIOUS EDUCATION

Religious Education and supervisor of field work in Yale University Divinity School, will be the speaker of the evening. His topic is "Dare Teachers be Christian?"

Supper will be served at 6:30 P. M., followed by toasts, a brief business session, and awarding of basketball trophies to the winning teams in the Girls' and Boys' Basketball Leagues for the past season.

There will be a special Young People's Section, promoted by the Y. P. Cabinet and Council of the District.

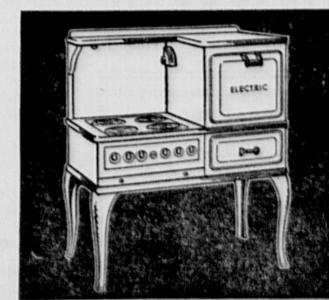

Plans for the usual Training School for Sunday School teachers and officers will be announced at the Convention. Credits earned during the past season at this Training School will be awarded.

"BON VOYAGE"

We wish Mayor Weeks "bon voyage" on his trip abroad early next month. We would suggest that before going aboard boat that he ride down Washington street, Newton, from City Hall to Newton Corner. This "voyage" might prepare him for any "rough" weather encountered on the ocean. With Newton's main thoroughfare rapidly getting worse some temporary relief should be given until it is possible to make the contemplated permanent resurfacing.

BOYS WILL BE BOYS

Hundreds of communities throughout the country have made plans for the observance of Boys' Week from April 25th to May 2. Each of the seven days will be devoted to constructive elements in citizenship training under the direction of sponsoring civic organizations. The old idea of making boys into good men was to force right doing by rigid discipline. The modern idea is to fill the hours with adventurous activities which make for wholesome citizenship. As Cameron Beck said before the local Rotary Club last week—"the youth of today is the leader of tomorrow." Nowadays such organizations as the Boy Scouts, Sea Scouts, the Y. M. C. A. are of great aid in such work if one will but recognize their worth.

Do not forget to set your clock ahead an hour before retiring tomorrow night or you will be an hour late Sunday. Daylight Saving begins officially at 2 A.M. Sunday.

UNDER THE GILDED DOME

The holiday and two afternoons for opening baseball games have cut into the sessions and progress has not been as marked as it might have been. At that, a quantity of business has been disposed of, although the most important measures are among those yet to be finally acted upon. It still looks as if this was likely to be a record session for length.

One of the bills to have become law through the signature of Governor Ely is that permitting the playing of golf on Sundays. No doubt many had understood that golf was one of the games that was not to be stopped by the police on the Lord's Day. However, there seems to have been doubt about it and the Legislature this year thought it just as well to have things made clear on this point. The Sunday sports law, which is operative in cities and towns which have accepted it on referendum (Newton is one), provides for the playing of competitive sports. Some figured that golf is not a competitive sport and others that it is. As long as there was a difference of opinion it was thought better that it should be settled by some enacted measure. Then, too, there was the question of miniature golf which is an amusement and comes under the Sunday amusement law. In order to straighten the matter out an act has gone through with the Governor's approval, which provides that golf, other than miniature golf, is legal on Sundays.

The Governor this week signed a bill requiring that State departments, in the purchase of supplies, etc., give preference to goods manufactured and sold within the commonwealth. The bill, as finally passed, permits the exercise of discretion on the part of State department heads for it specifies that "other considerations being equal" this plan shall be pursued.

The result of the long investigation made last Fall by a special commission created to study the boxing and wrestling conditions in this State has been a bill reported by the Committee on Public Safety for 15-round bouts. The committee declined to follow the special commission's recommendation and abolish the State Boxing Commission altogether. The outcome is looked upon as a victory for the State Boxing Commission, which is made up of the Commissioners of Public Safety and two members appointed by the Governor. The special commission, in its findings, harshly criticized the State Boxing Commission and favored its abolition. However, the Committee on Public Safety has decided, with one member dissenting that the existing law is satisfactory, barring several amendments which it submits. The committee comes out flatly against boxing in boys' clubs.

This Week

by ARTHUR BRISBANE

Shorter Days and Weeks.
Capone for President?
Fear, Rage, Diminish Fat.
More Airplanes.

William Green, head of the Federation of Labor, says the working week should be reduced to five days, thus ending unemployment.

There is no doubt that machinery produces faster than consumers can use its products, under our social system. There is no doubt that in ordinary times machinery, with men working six days, produces too much, making men idle. And there is no doubt that men have got to live; no nation could exist half starved and half fed.

If all the human beings on earth from Peking to Paris and from Paris to Rome had all they need, food, clothes, automobiles, radios, washing machines, there would be no overproduction, in fact not nearly enough. But, while consumption slowly increases, some plan must be found to keep workers fed and contented in this nation which has "too much of everything," except, perhaps, intelligence.

The shorter day, shorter week and perhaps, as Mr. Ford suggests, a shorter year of ten working months, in many lines, will be necessary. Certainly, human beings would be none the worse for a little leisure to study the earth on which they live.

And business which has survived the eight-hour day, although some said it could not be done, could also survive the five-day week.

The New York fish dealers pay one set of racketeers for protection from thieves and various gangsters and say they like the system. They pay for racketeer protection and they get it. They are better off than they were before only paying taxes for Government protection.

This opens many possibilities, even "Capone for President" possibility. We might have our modern racketeer condottiere, as Venice had her Colleoni. Instead of public officials that accept places on the racketeers' and bootleggers' payrolls, why not hire the racketeers direct, and do the best we can under our new kind of civilization?

Rage and fear eat up fat. Yale scientists prove it by experiments on animals. Fat ladies of the future, wishing to reduce, may be locked up in cages and filled with fury, by cruel allusions to their shape, or terrified by roaring lions, or mice, coming through the iron bars. Drs. Hinrich and Fulton, of Yale, say that when we are frightened or angry, our blood takes up fat from the body. A small cat was put in a cage with a big dog in a cage, adjoining. The dog barked, growled, raged, infuriated when he found he could not reach the cat. The cat became more and more terrified as the dog's fury increased. Both lost weight rapidly.

This scientific discovery may explain the great number of thin married women, alternately frightened and enraged by their husbands' foolishness, also the number of thin spinsters, afraid that weakening will power might lead to marriage.

R. M. Jones, of Tulsa, Okla., hears about a British anti-aircraft gun that "throws a shell five and a half miles, vertical range" into the air." Mr. Jones adds: "Few planes fly higher, and he thinks battleships can defy airplanes.

But, suppose the gun doesn't hit the plane. It is hard to shoot accurately up into the air, and easy, as practice has proved, to drop a bomb accurately.

It is harder to hit a small airplane, going 150 miles an hour, than to hit a big battleship, going twenty-five miles an hour. An airplane that can drop enough TNT to sink battleship costs \$75,000. A big battleship costs \$50,000.

If anti-aircraft guns bring down a bombing plane, that means three men killed. If a TNT shell explodes on the deck of a battleship, or in water near it, and sinks the ship, it may kill a thousand.

If we must have battleships, to provide broad decks for old naval officers, and profits for builders, well and good. But, in addition to furnishing targets for airplanes, we ought to have airplanes of our own, to attend to enemy ships. We need airplanes.

Captain Rickenbacker, our best flying flyer, will tell Mr. Jones that when he was fighting in Germany, bringing down more than two dozen German planes, he paid no attention to anti-aircraft guns.

General Mitchell, head of our air forces in France, will tell Mr. Jones that, with half a dozen planes, he can sink any battleship afloat. Those interested take good care not to let him prove it.

RECENT ENGAGEMENTS

At a tea at her home on Saturday afternoon Mrs. Rufus Estabrook announced the engagement of her daughter Dorothy to Mr. Ernest Nelson of Washington. The house was tastefully decorated with many cut flowers, and Mrs. Minnie F. Colegrove, Mrs. Estabrook's mother, poured. The wedding will probably take place in October and the young people will make their home in Pittsfield, Mass.

The bills for the abolition of capital punishment have been rejected. There is, however, a resolve for a commission to study the advisability of such abolition. This resolve is before Senate Ways and Means.

CHRISTIAN SCIENCE

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 26, 1931.

The Golden Text is: "The Lord knoweth the days of the upright; and their inheritance shall be for ever" (Psalms 37:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, I shew you a mystery: We shall not all sleep, but we shall all be changed, in a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed. For this corruptible must put on incorruption, and this mortal must put on immortality" (I Corinthians 15:51-53).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In the place where the tree falleth, there it shall be." So we read in Ecclesiastes. This text has been transformed into the popular proverb, "As the tree falls, so it must lie." As man falleth asleep, so shall he awake. As death findeth mortal man, so shall he be after death, until probation and growth shall effect the needed change" (p. 291).

GREATEST COUNTY C. E. CONVENTION IN YEARS

The largest annual convention ever held in recent years by the Christian Endeavor Societies of Middlesex County took place Monday in Waltham, 1,254 registered delegates attended it, with approximately 350 visitors including the International President, Dr. Daniel A. Poling, and "Mother" Clark, of Newton, widow of the famous founder of the world-wide movement.

The morning parade was in two divisions, the senior societies led by the American Legion band, and the intermediates and entertaining Union of Watertown Girl Scouts' Drum Corps.

Mrs. Clark spoke briefly at the morning session at the Waltham Congregational Church, leading the Endeavorers in their pledge. The principal address of the morning session was by Dr. Poling, who gave the members of the organization a new slogan, one which he found in use by the societies in New Zealand. "Greater things than these," Alexander Smith, president of the Waltham City Council, welcomed the young people to the city. Other speakers were Edward M. Simpson, president of Norumbega Union, Harold Woodman, bringing greetings from the Intermediates, Mrs. Arthur Gordon, with greetings from the Juniors, and Rev. W. H. Commons of Waltham in charge of the devotional.

Following an hour of conference, the remainder of the afternoon was spent in recreation at Cedar Hill and Prospect Hill, on the Charles River, in nearby bowling alleys for the county eliminations with Everett-Malden Union as the winner, and in a baseball game between Norumbega and Sagamore Unions. This game was called at the end of the eighth inning with a score of 5-5.

The evening session started at 6:30 with a song and pep period. Resolutions were passed condemning Sunday baseball, upholding the national prohibition laws, and a vote of thanks accorded "Mother" Clark.

KEM-TAW-MAH CLUB DANCE

The second informal dancing party of the Kem-Taw-Mah Club will be held at the Brightelmstone Club in Allston on Tuesday evening, April 28th.

Music will be furnished by Joe Rines Orchestra. The dance committee consists of Anne L. Igoe, chairman, Ebba C. Cullen, Margaret A. Curley, Kathleen A. Donnelly, Theresa A. Goddard, Mary Regis Ryan, Anne E. Donnelly, Helen P. Vachon.

The Club is composed of Newton and Brighton girls who are planning to make this year's party as enjoyable as last year's.

USHERS ANNOUNCED FOR WELFARE BENEFIT

The following ushers have been announced for the Review of the Dance to be given by the pupils of Kathryn Pope under presentation of Jessie Woods Gilbert at the High School Auditorium on the evening of May first for the benefit of the Newton Welfare Bureau: John Hendrick, head usher, Donald Whitehill, Elwood Campbell, Frank Farwell, Harry Hatchell, Douglas Sloane, Jr., Gordon Yarlotte, Leighton Harris, John Giles and William Giles.

Captain Rickenbacker, our best flying flyer, will tell Mr. Jones that when he was fighting in Germany, bringing down more than two dozen German planes, he paid no attention to anti-aircraft guns.

General Mitchell, head of our air forces in France, will tell Mr. Jones that, with half a dozen planes, he can sink any battleship afloat. Those interested take good care not to let him prove it.

WILL CELEBRATE GOLDEN WEDDING

Captain and Mrs. Edward B. Wadsworth of Washington Park, Newtonville, will celebrate their golden wedding on April 30 by a family dinner in the evening. Mr. and Mrs. Wadsworth have been prominent in military and fraternal organizations for many years, and for the past fifteen years Captain Wadsworth has been President of the Governor John A. Andrew Soldiers' Home in Newtonville.

YOUR FURS FOR STORAGE RECEIVE PERSONAL CARE

Our Mr. E. A. Parker, a furrier of sound experience (photograph to the right) has been placed in our fur plant at Newton to give his personal attention to every fur storage or fur cleaning order. You are invited to call and see your furs cleaned and stored.

We apply the usual air-blowing process for cleaning, without extra charge. Of course this is not thorough cleaning.

We use the furrier method of cleaning furs. We do not submerge in gasoline.

Order a thorough cleaning.

SAFETY — SERVICE — CONVENIENCE
SATISFACTION

Wherever super-ability is required women turn to Howes. In each phase of garment care—preservation—storage—cleaning, there is a Howes expert in supervision. Protect your original investment by trusting to Howes.

OLIVER H. BROWN

Oliver H. Brown of 93 Waban park, Newton died on Tuesday, April 21. He was born in Jericho, Vermont 80 years ago and was employed as a letter carrier in that town. Since his retirement 12 years ago he has made his home in this city. He is survived by four sons, Lynn A., Rollo W. and Bailey E. of Newton, and Park Brown of New York, and a daughter, Phyllis Brown of Newton. Services were held Wednesday afternoon at his late home, Rev. Boynton Merrill of West Newton officiated. The body was taken to Jericho Wednesday evening and the funeral service was held Thursday afternoon in the Congregational Church there.

JOSEPH H. WILLEY

Joseph H. Willey of 21 Turner street, Newtonville, a resident of this city for 80 years, died on Friday, April 17th in his 83rd year. He was born in New Bedford, the son of Ephraim and Hannah Estes Estes. For many years he was the head of Moore Smith Company, wholesale hat and cap dealers in Boston. He is survived by his widow, who was Julianna Burgess of Boston; a daughter, Mrs. Harriet W. Davidson of Newtonville, and three sons, Raymond of Pittsburg, Norman W. and Clinton B. of Newtonville.

His funeral services were held Sunday afternoon, Rev. John Spiers of the Church of the New Jerusalem officiated. Burial was in Newton Cemetery.

FORMER NEWTON MAN DIES

Conover Fitch of Cohasset, a former resident of Newton, died on Sunday at his home in Cohasset in his 52nd year. He was born in New York, the son of Mr. and Mrs. Ezra Fitch, and came to Newton when a small child. He was formerly an official in the Waltham Watch Company and latterly had conducted a jewelry business on Newbury street, Boston. He graduated from Harvard in 1901. He is survived by his widow, two sons and two daughters.

Money Measures Desirability

To measure desirability in terms of money is merely to measure a cause by its effect; for all money valuations depend on desirabilities. Desirability is what indicates demand, and demand is what indicates price.

Recent Deaths

JOHN A. DUANE

John A. Duane of 216 River street, West Newton, died suddenly of heart failure at his home on Saturday night, April 18. He was born in Bridgeport, Connecticut, 53 years ago, the son of Michael and Joanna Ellard Duane and resided in West Newton for 54 years. He had conducted a grocery and provision store on River street for many years. He was a member of Newton Council, K of C, Newton Lodge of Elks, Royal Arcanum and the Newton Catholic Club. His funeral service was held Tuesday morning at St. Bernard's Church and burial was in Calvary Cemetery, Waltham. He is survived by his widow, Ella Koniff Duane, four sons, John, Francis, William and George Duane; three daughters, Louise, Dorothy and Mary Duane, all of West Newton; three brothers, William of Cincinnati, George of Mattoon, Illinois and David of Newton, and one sister, Mrs. Mary Duane Cody of West Newton.

ELLEN WARD

Ellen Ward of 102 Highland street, West Newton, died on April 22. She was born in Sheffield, England, the daughter of the late Edgar T. and Margaret Ward and had been a resident of this city for 30 years. Her funeral service will be held Saturday afternoon in the Newton Cemetery Chapel at 2. Rev. Raymond Lang of Newtonville will officiate. She is survived by four sisters, Misses Edith and Sybil Ward of West Newton, Mrs. R. B. Adams of Newton Highlands and Mrs. William H. Fernside of Wellesley, and three brothers, Edgar Ward of West Newton, Asline Ward of Bristol, Connecticut and John Ward of Lynnfield Centre.

POLICE NEWS

Charles R. Barker of 88 Winter St., Weston, was fined \$20 in the Newton court last Friday for operating an automobile with defective brakes. A charge of reckless driving made against him was placed on file. Barker was the driver of a car which collided with a motorcycle operated by Patrolman John Murphy at the corner of Pearl and Peabody streets, Newton, on December 10, 1930. Murphy was badly injured and was confined to the Newton Hospital for 8 weeks. His right foot was so badly crushed that he is still unable to walk properly.

William H. Hastings, Jr., of 8 Pearl street, Watertown, was found not guilty in the Newton court last Friday of reckless driving.

Judge Charles Brown of East Boston fined two men \$50 each when he found them guilty in the Newton court last Friday of driving while under the influence of liquor. Walter McLellan of 36 Howard street, Watertown, was one of those fined. He appealed and was held in \$400 for the Superior Court. McLellan was arrested on the night of April 10th at Newton by Patrolman Elliot. He was also fined \$10 for drunkenness.

Maurice J. Kiley, 58, of 43 Harris road, West Newton, was fined \$50 for driving while under the influence of liquor and \$5 for drunkenness. He appealed and was held in \$350 bail. He was arrested on March 21.

John Schriro of Dracut, charged with taking radiators from a new house under construction had his case continued until April 23.

With the arrest a couple of weeks ago of three Waltham boys who confessed to looting church parlors and stealing pocketbooks, and their subsequent imprisonment in correctional institutions, it was believed that this form of thievery in Newton would cease. But, unless a number of absent minded persons attended the annual Ladies' Night of the West Newton Men's Club at the Second Church last Thursday night to listen to Governor Ely, churches in this city are not yet immune from burglars. After the meeting was over and those in attendance went to obtain their coats and hats several men were unable to find their property. Coats belonging to Henry B. Patrick of 64 Putnam St., West Newton, and W. F. Potter of Cambridge could not be found. And the following West Newton gentlemen had to go home without their hats—Maynard Hutchinson, 15 Temple street; James W. Gibson, Jr., 422 Chestnut street; Benjamin G. Rae, 333 Otis street; also these two residents of Newtonville—William B. Phelps, 480 Walnut street, George P. Buell, 257 Walnut street.

George French of Myrtle street, Everett, a solicitor for the Volunteers of America, was in the Newton court last Saturday charged with larceny of money he had collected for that organization. The specific charge names 25 cents as the amount taken. Judge Bacon gave French a suspended jail sentence of three months and ordered him to turn over to the Volunteers

\$3.25 he had in his possession, as well as his credentials. Officials of the organization complained that they had received no reports from French for several weeks, so the Newton police were on the lookout for him and he was arrested on West Newton hill last Friday by Special Officers Fecely and Mullen.

Arthur Bernard of Brookline complained to the police last Friday that some thief had stolen four arbor vitae bushes from his property at 208 Colins road, Waban.

Robert de Mulder of Strathmore rd., Brookline, was arrested Monday morning by Patrolmen Marden and Halloran charged with driving while under the influence of liquor. He was taken to St. Elizabeth's Hospital and from there to the Boston City Hospital.

Newton police arrested Mary O'Keefe of Cambridge at 12:10 a. m. Sunday at the home of Ralph Cohen, 529 Commonwealth avenue, Newton Centre.

The girl had been employed there as a maid and was charged with having stolen \$70. In the Newton court on Tuesday she was given a suspended sentence to Sherborn Prison.

Judge Charles Brown of East Boston fined two men \$50 each when he found them guilty in the Newton court last Friday of driving while under the influence of liquor. Walter McLellan of 36 Howard street, Watertown, was one of those fined. He appealed and was held in \$400 for the Superior Court. McLellan was arrested on the night of April 10th at Newton by Patrolman Elliot. He was also fined \$10 for drunkenness.

Maurice J. Kiley, 58, of 43 Harris road, West Newton, was fined \$50 for driving while under the influence of liquor and \$5 for drunkenness. He appealed and was held in \$350 bail. He was arrested on March 21.

John Schriro of Dracut, charged with taking radiators from a new house under construction had his case continued until April 23.

With the arrest a couple of weeks ago of three Waltham boys who confessed to looting church parlors and stealing pocketbooks, and their subsequent imprisonment in correctional institutions, it was believed that this form of thievery in Newton would cease. But, unless a number of absent minded persons attended the annual Ladies' Night of the West Newton Men's Club at the Second Church last Thursday night to listen to Governor Ely, churches in this city are not yet immune from burglars. After the meeting was over and those in attendance went to obtain their coats and hats several men were unable to find their property. Coats belonging to Henry B. Patrick of 64 Putnam St., West Newton, and W. F. Potter of Cambridge could not be found. Rae, 333 Otis street; also these two residents of Newtonville—William B. Phelps, 480 Walnut street, George P. Buell, 257 Walnut street.

George French of Myrtle street, Everett, a solicitor for the Volunteers of America, was in the Newton court last Saturday charged with larceny of money he had collected for that organization. The specific charge names 25 cents as the amount taken. Judge Bacon gave French a suspended jail sentence of three months and ordered him to turn over to the Volunteers

police charged with drunkenness, drunken driving and with going away after an accident without making himself known. He is alleged to be the driver of a car which hit John Grankis, 70, of Brookline street, Cambridge just before midnight last Monday as the aged man was crossing North Beacon street, Brighton, near the Boston & Albany railroad crossing. Grankis received fractures of the skull, pelvis and right wrist. He was taken to St. Elizabeth's Hospital and from there to the Boston City Hospital.

According to the police, Curry kept on going after the accident and was trailed by another motorist, Thomas Connors of Massachusetts avenue, Lexington. Connors chased Curry's car to Waltham and picked up Patrolman Doyle as he followed Curry to the Parmenter road address.

Thomas J. Quinn of 29 Kensington street, West Newton was fined \$100 by Judge Bacon in the Newton court.

The girl had been employed there as a maid and was charged with having stolen \$70. In the Newton court on Tuesday she was given a suspended sentence to Sherborn Prison.

Arthur Yingling of Parmenter avenue, Boston, was arrested at 3:30 Saturday morning by Patrolman McCormick charged with driving while under the influence of liquor. He was also fined \$10 for drunkenness. He appealed both fines. Quinn was arrested on April 10th after the car he was driving had collided with a pole on Lake avenue.

Reserve Officer Philip Purcell of Lincoln place, West Newton has been appointed a regular patrolman to fill the vacancy caused by the retirement of Patrolman John McNeil. He is a son of the late John Purcell, for many years a member of the Newton Police Department.

"Rounded" Performance!

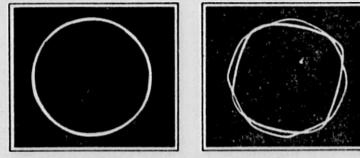

Amazing Torsiograph tests prove The Dictator engine the smoothest Eight within hundreds of dollars of its price!

NO car in its price class matches the velvet smoothness of The Dictator's 81 horsepower engine. Its Torsiograph record is smoothly "rounded" in striking contrast to the roughness common to ordinary eights, sixes and fours.

No car in its price class has the effective carburetor silencing and the full-power engine muffling that combine to give The Dictator Eight quiet and smoothness equalled only in high priced cars.

Studebaker goes to extremes not approached by any maker in this price class to remove vibration. The crankshaft of The Dictator engine has nine (9) bearings and is balanced not only statically but dynamically on machines that are marvels of precision.

What remains of vibration is further minimized by a crankshaft vibration damper. Dual carburetion and manifolding, feeds exact amounts of fuel to each cylinder, avoiding "starving" of end cylinders and assuring even power impulses.

The Torsiograph, one of the most nearly infallible of automotive laboratory instruments, records accurately the vibration of any rotating shaft. The closer the record chart approaches a circle, the more nearly perfect the balance of the shaft. Above are shown the Torsiographic records of The Dictator Eight, nine (9) bearing crankshaft and those of two other eights of *double* The Dictator's price. Notice the smooth roundness of The Dictator graph contrasted with the irregularity, or "humpiness" of the other two.

And plus all this, plus the fact that The Dictator Eight has only 38.2 pounds of weight per horsepower, you also get Free Wheeling, greatest engineering advance since the electric starter. You get Free Wheeling's unique travel-smoothness, its freedom from clutch pushing, its 15% to 20% gas and oil savings, its officially approved increased safety.

STUDEBAKER—BUILDER OF CHAMPIONS

A scene in Chevrolet's great drop forge plant. A front axle is being forged from a bar of fine alloy steel.

Soundly built to serve you long and well

If you could see the new Chevrolet Six being built, you would understand why it performs so well, lasts so long and brings so much satisfaction and pleasure to its owners. The quality of raw materials is held to standards unsurpassed anywhere in the automotive industry. In the manufacture of the engine alone there are hundreds of separate inspections. Pistons are matched in sets to within one-half ounce. Piston pins must be within 1½ tenths of one one-thousandth of their specified size. Connecting rods are matched

to within one-quarter ounce and are individually fitted by hand. The special alloy-steel crankshaft is the subject of truly amazing care and precision in manufacture and cannot vary from perfection in balance more than ½ inch-ounce!

These few examples of Chevrolet standards indicate the care used in the manufacture of every part of the car. Soundly built to serve you long and well! No compromise with quality in manufacture means no compromise with satisfaction in ownership.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

West Newton Woman's Educational Club

The Travel Class of the West Newton Woman's Educational Club will hold its last meeting of the season on April 27, at the home of Mrs. A. L. Day, Pine Ridge road, Wellesley Farms. She will be assisted by Mrs. Arthur D. Batson.

Auburndale Review Club

The Review Club of Auburndale, at its Annual Meeting on Tuesday, April 28, will celebrate its fortieth birthday. In accordance with a request from the Bicentennial Commission for celebrating the birth of George Washington, of which Commission Mrs. Mary Sherman, former president of the General Federation of Women's Clubs, is a director, and also at the suggestion of the Conservation Department of the State Federation of Women's Clubs, a tree will be planted on Nye Park, Auburndale. The president, Mrs. Ernest F. Drew, will give a few words of explanation, after which two of the Club's charter members will assist. Mrs. William H. Blood will place a list of the present membership of the Club at the base of the tree, and Miss Ellen C. Williams will throw on the first shovel of earth. It is expected that Mr. George B. Rogers, superintendent of the Forestry Department of the City of Newton, will be present, and accept the tree for the city.

After these exercises, the Club members will go to Winthrop, where the Annual Meeting will be held at the Winthrop Arms, followed by a luncheon and program, the latter being in charge of the Program committee. Mrs. Eugene Ufford, Mrs. Susan F. Tuttle and Miss Margaret Haskell.

Woman's Club of Newton Highlands

The Annual Meeting and Luncheon of the Woman's Club of Newton Highlands will be held in the Congregational Church Parish House on Tuesday, April 28. Luncheon will be served at 12:30 o'clock, after which there will be an opportunity for members to pay their dues for the coming year, before the regular business meeting at 2 o'clock. Reports of committee chairmen will be read in the afternoon, and officers will be elected. A delightful entertainment has been planned in the presentation of a play, coached by Mrs. Bertha Miller, entitled "To Be Dealt with Accordingly." Non-members and any of the young people who want to attend the play will be welcome at the end of the business meeting.

The last meeting of the Drama Class will be held in the Workshop at 9:30 on April 27. Susan Glaspell's "Allison House" will be read, with Mrs. Raymond R. Collins leading. All Club members who are interested are invited to attend as guests of the Dramatic committee.

Newtonville Woman's Club

The Newtonville Woman's Club celebrates its Annual Meeting and Luncheon on Tuesday, April 28, at one o'clock at the Central Congregational Church. Reservations should be made with Mrs. A. William Krause, N. N. 1297, the tickets being \$1.00.

The Committee chairman and officers will give reports, limited to three minutes each, after which the officers for the coming year will be elected. The members of the Glee Club will sing. It is hoped that all Club members will show their interest in what the Club is doing by coming to this final meeting of the Club year, to hear of the work of the past season briefly summarized, and to elect the new executive board.

For the May meeting of the Garden Club, the members are to be the guests of one of their number on Beacon Hill. Luncheon will be served. The date will be May 18, the day the Beacon Hill Garden Club opens its gardens to the public. If the day should be stormy then the date will be May 25. This promises to be a most enjoyable affair.

State Federation

RADIO. Mr. Horace B. Gale, chairman of the Massachusetts Billboard Law Defense Committee, guest speaker for the Twelfth District, will broadcast on the topic, "American Landscape Beauty a Valuable National Asset," from station WBZ, next Thursday afternoon, April 30, at 2:30 o'clock. Aidan Redmond, Baritone, accompanist.

The tables for the luncheon were most attractively decorated by Mrs. John G. Waddell and her committee who planned and supervised the serving of a delicious luncheon.

The Club is indebted to Mrs. W. S. Rallsback, under whose direction two delightful one-act plays were given, following the luncheon and annual meeting.

The first play, "The Beau of Bath," was quaint in the costumes of 1750, and the "Lady of the Portrait" beautifully portrayed and posed by Mrs. Edwin Newdick. The part of Beau Nash, in whose dream the lady of the portrait steps from the portrait to life, was very well taken by Mrs. Rallsback, and that of Jepson, his servant, by Mrs. Courtney Bird.

The second play, "For Distinguished Service" was in contrast, being modern in date, costume and theme, the lines humorous and entertaining, and the parts charmingly done by Mrs. Newdick, Mrs. Rallsback, and Mrs. Frank Kumer. Both of the plays were received with well-deserved enthusiasm by an appreciative audience.

During the intermission Miss Elizabeth Cushman gave a varied and delightful program of songs, with general response, in encores, all of which were much enjoyed.

The president, Mrs. Thomas Weston, has presided at each of the club meetings during the year, and has stressed friendliness and neighborliness, and an interest in community undertakings as by the special aims of the Club.

A card party, held at the Neighborhood Club on April 6, for the benefit of the Charity Fund, helped materially towards the philanthropic gifts the Club has made, principally to local needs.

led by the string ensemble, is to sing a group of garden songs. Mrs. Fred B. Cross, chairman of Community Service, will broadcast at 2:50 the winning essay sponsored by the General Federation "Right Use of Leisure," which was written by Edith Shedd Spaulding.

Newton Federation

The April meeting of the Executive Board of the Newton Federation of Women's Clubs will be held on Tuesday, April 28, at 2:30 p.m., in the Library of the Technical High School, with the president, Mrs. Samuel N. Braman, presiding.

Mrs. Albion H. Brown, chairman of the American Home committee will have charge of the meeting.

During the business session Mrs. Braman will present the amendment to the by-laws voted upon at the March 30 meeting of the Federation.

The American Home chairman of the affiliated Clubs will each give a two-minute talk, reviewing the work of the past year, and making suggestions for the future.

Mrs. Lauren L. McMaster, State Federation chairman of the American Home division, is to be the speaker of the afternoon.

All Clubwomen of Newton are cordially invited to attend the meeting and to avail themselves of the opportunity to hear Mrs. McMaster.

Newton Centre Woman's Club

The Newton Centre Woman's Choral Club will entertain the members of the Newton Centre Woman's Club and friends with an evening of music on Wednesday, April 29, at 8:10 o'clock. Arrangements are in the hands of Mrs. Moses H. Gulesham, chairman of the Music committee and Mrs. H. Archibald Nissen, vice-chairman. Mme. Apoline Blair is the conductor for the Choral Club and has brought it to a very successful point. Pearl Bates Morton, soprano, and Ralph Tailby, Bartone, are the assisting guest artists.

A luncheon at the Clubhouse will precede the Annual Meeting on Friday, May 1, at one o'clock. The business meeting will take place at 2:30 p.m., when officers for the coming year will be elected and short committee reports will be read.

The Junior Woman's Club will be hostesses at a tea dance to be given on Thursday, April 30, from 4 until 7 o'clock. Miss Ellen Paul has charge of the arrangements, and Miss Marjorie Wight is in charge of the tickets.

Newton Upper Falls Woman's Club

On Monday evening, April 27, the Annual Meeting and banquet of the Newton Upper Falls Woman's Club will be held in the Kindergarten Room of the Emerson School at 6:30 o'clock.

RECENT EVENTS

Newtonville Woman's Club

A very delightful luncheon and social afternoon was enjoyed on Wednesday, April 15, by the members of this year and of last year's Executive Boards, given by the retiring president, Mrs. Albert D. Auryansen.

About forty made the trip by automobile to the "Old House," a quaint old tavern near Lexington, where luncheon was served.

After lunch, the president presided for the last time before the Board, but this time the meeting took the form of a "Mock Board meeting."

Committee chairmen gave their reports in such a manner that they provided much laughter. Every poem and art had their planks, and the president took home their planks, and the president took home their planks.

The Board presented Mrs. Auryansen with a beautiful silver bowl, a token of the high regard and esteem in which she is held by all her co-workers. It was an event long to be remembered by those who enjoyed Mrs. Auryansen's hospitality.

Community Service Club of West Newton

The Community Service Club of West Newton brought to a close on Wednesday, April 15, one of its most enjoyable and interesting seasons, with the Annual Luncheon held in the Second Church, followed by the Annual Meeting and election of officers.

The tables for the luncheon were most attractively decorated by Mrs. John G. Waddell and her committee who planned and supervised the serving of a delicious luncheon.

The Club is indebted to Mrs. W. S. Rallsback, under whose direction two delightful one-act plays were given, following the luncheon and annual meeting.

The first play, "The Beau of Bath," was quaint in the costumes of 1750, and the "Lady of the Portrait" beautifully portrayed and posed by Mrs. Edwin Newdick. The part of Beau Nash, in whose dream the lady of the portrait steps from the portrait to life, was very well taken by Mrs. Rallsback, and that of Jepson, his servant, by Mrs. Courtney Bird.

The second play, "For Distinguished Service" was in contrast, being modern in date, costume and theme, the lines humorous and entertaining, and the parts charmingly done by Mrs. Newdick, Mrs. Rallsback, and Mrs. Frank Kumer. Both of the plays were received with well-deserved enthusiasm by an appreciative audience.

During the intermission Miss Elizabeth Cushman gave a varied and delightful program of songs, with general response, in encores, all of which were much enjoyed.

The president, Mrs. Thomas Weston, has presided at each of the club meetings during the year, and has stressed friendliness and neighborliness, and an interest in community undertakings as by the special aims of the Club.

A card party, held at the Neighborhood Club on April 6, for the benefit of the Charity Fund, helped materially towards the philanthropic gifts the Club has made, principally to local needs.

The Club is looking forward confidently to the year to come as one of equal success and interest and takes pleasure in announcing that Mrs. Weston is again to be its president.

Auburndale Woman's Club

The Auburndale Woman's Club closed its year's program on Thursday, April 16, with a luncheon at the Auburndale Club House, served by the Hospitality Committee, of which Mrs. J. Warren Buckingham has been chairman for the past year. A clever impersonator entertained the Club for half-hour with his character sketches.

At 2:30 o'clock the retiring president, Mrs. C. Carter Willson, with her entire Board behind her on the platform, conducted the business of the Annual Meeting. This included reports from each of the Club's activities including the Business and Professional Group and the Juniors. The report of the tellers on the election of new officers was then read, and Mrs. Willson, in her usual charming and gracious manner, after thanking the Club for its support during her administration, handed the gavel to the new president, Mrs. Walter Van Pattensteger, who accepted it with the request that each member share with her the responsibility for the coming year.

A huge bunch of sweet peas was presented to Miss Anne Bunker who has served the Club most faithfully as treasurer for ten years.

The new officers for the coming year are as follows: President, Mrs. Walter Van Pattensteger; first vice-president, Mrs. Arthur Shaw; second vice-president, Mrs. J. Warren Buckingham; recording secretary, Mrs. Edward B. Gray; corresponding secretary, Mrs. Elbridge Minard; treasurer, Miss Anne Bunker; and directors, Mrs. James Dunlop and Mrs. George W. St. Amant.

On the afternoon previous, Mrs. Willson entertained her entire Board at a Bridge Tea in the Club Lounge, at which time she was presented with a vanity bag from them.

Shakespeare Club

Mrs. Helen H. Severance and Mrs. C. O. Bassett were the hostesses for the Shakespeare Club at its last

WOMEN'S CLUBS

(Continued from Page 10)

tion has assembled forty exhibitions, and these are in constant circulation to all parts of the country, and are exhibited in schools, clubs and colleges. The exhibitions include slides of art of the various periods, and the division also owns a fine collection of original etchings by American artists. There are five lectures, with slides, on art in home and garden; two exhibits of pottery, and an exhibit of original wood blocks; and several lectures, with slides, on the various branches of American painting. That these exhibits are extremely popular is attested by the fact that during the past year 400 Women's Clubs in 48 states have availed themselves of this service.

Of the several prize contests offered by the Art Division, the most unusual is the Penny Art Fund plan in which Clubwomen are asked to contribute one penny a year. The money thus collected is used to purchase a painting, awarded to the state doing the best work in raising the standard of beauty in the community.

Newton Chapter, American Red Cross, has announced the lists of those who have won distinction in the Home Hygiene and Care of the Sick classes.

The following girls at the Sacred Heart School, Newton Centre, have completed the Home Hygiene course and will receive certificates: Eleanor Doherty, Peggy Joyce, Eleanor McDonald, Sarah Burke, Mary MacDonald, Mary M. Rooney, Eleanor Clifford, Pauline Kirby, Helen McCarthy, Mary McAdams, Margaret Clifford, Alice Waters, Margaret Hickman, Mary Bentecourt, Margaret Grimes, Mary Grant, Geraldine Pickard.

The following Girl Scouts from West Newton and Newtonville have completed the Home Hygiene and Care of the Sick course and will receive certificates: Margaret Caswell, Virginia Clark, Barbara Collins, Marjorie Collins, Barbara Dales, Jean Eddy, Yvonne M. Goethal, Julia B. Harvey, Mary B. Hill, Frances M. Jennings, Charlotte Klein, Betty Krock, Antoinette H. Meyers, Betty I. Rowe, Adelaine Seeley, Audrey Seeley, Helen Shepard, Charlotte Stearns, Cynthia A. Steltz, Miriam Suvalle.

MIDDLESEX COURT M. C. O. F.

Middlesex Court, M. C. O. F., will hold its annual Roll Call and Identification exercises on Tuesday evening, April 28, at Elks' Hall, Newton. A very entertaining and interesting program has been arranged under the direction of Chief Ranger James McDonald, assisted by the following officers of the Court—Katherine Hannon, Thomas Fitzgerald, Malsie Shea, Thomas F. Bryson, Marion Goode and Mary Kinchla.

AUTO HITS BOY

Charles Maloney, 8, of 36 Rockledge street, Newton Highlands, was struck last Friday afternoon by an automobile operated by Cornelius McCarthy of Clary street, Cambridge. The boy received a cut on the back of his head and was taken to the Newton Hospital for treatment. The accident happened at the corner of Centre and Clark streets, Newton Centre and McCarthy said the boy ran in front of the car.

NEWTON EMBLEM CLUB

The Newton Emblem Club will hold a meeting on Monday evening, April 27th, after which there will be a whist and bridge for the members.

AMERICAN WAR MOTHERS

On Saturday, April 25th, a Memorial Tree is to be planted on Boston Common, in honor of Mrs. Bessie R. Edwards, the wife of Major General Clarence R. Edwards, deceased. Mrs. Edwards was a member of the American Legion Auxiliary of Newton Post No. 48, in addition to her identification and official service with all the patriotic groups growing out of the World War. It is a devoted mother that this tribute is to be paid to, perpetuating in natural beauty of an enduring tree her beloved memory, that the American war mothers are to plant this first tree in memory of a Massachusetts mother. The place appointed to meet is at the Parkman Band Stand on Boston Common at 10:45 a. m., Saturday, April 25th, to which the public are invited. Among the guests invited are His Excellency Governor Joseph B. Ely, Lieutenant-Governor Wm. S. Youngman, His Honor Mayor James M. Curley.

The members of the committee of American War Mothers of Greater Boston Chapter making arrangements for this occasion are Mrs. Mary V. Kane of Somerville, Mrs. Mary E. Gibboney, West Somerville; Mrs. Lucy Robbins, Somerville, Nahant; Mrs. Cora Belle G. Francis, Newton.

The regular monthly meeting of the Boston Chapter will be held at Fenway Hall, Boston, on Tuesday, April 28th, 2 p. m.

A number of the Massachusetts Gold Star Mothers who are to make a trip to France this summer, the pilgrimage to the final resting place of their heroes, will sail on May 20th. With this group the State Corresponding Secretary, Mrs. Mabel E. Luke of Dedham is sailing.

If any mothers or widows of service men who are eligible for this Pilgrimage to France, which is provided by our national government, wish advice or assistance to prepare their plans it will be a great happiness for the State President of American War Mothers to be of service if they will communicate with Mrs. Cora Belle G. Francis, 49 Pembroke street, Newton, Massachusetts.

LASELL SEMINARY

Tuesday morning, April 21, Mrs. Blanche C. Martin, for many years the Head of the Expression Department at Lasell Seminary, gave the students one of her inspiring talks.

The students, faculty and friends will be the guests of Principal and Mrs. Winslow at a Musical to be held at Bragdon Hall on Friday evening, the 24th. The assisting artists will be Henry Jackson, Warren, Baritone; Alessandro Niccoli, Violinist; and Harold Schwab, Accompanist.

Dr. Raymond Calkins will be the speaker at Vespers on Sunday evening, April 26.

On Wednesday evening, April 29, the Lasell Chorus of one hundred and fifty-five voices will give their annual concert under the direction of George Sawyer Dunham. The soloists will be Walter Kidder, Baritone; Bernadette Beaudry, Soprano and Harold Schwab, Accompanist.

EXPLODING SHELL MANGLES YOUTH

Andrew Marchion, 20, of 281 Nevada street, Newtonville, was critically injured last Thursday afternoon at the pit of the Woodland Sand & Gravel Company on Washington street, Newton Lower Falls, near the Newton Hospital. Young Marchion's father is one of the owners of the gravel pit and while at work there the youth found a one-pound shell. He started to tamper with it and it exploded, blowing off his right hand and maiming his right leg. He was placed in an automobile by his brother and other workers to the Newton Hospital where his name was placed on the danger list. It is not known how the shell came to be in the pit.

SMOKING CAUSES FIRE

Engine 3 responded to a still alarm Monday morning at 8:47 for a fire in the house of Edward Hodgkins at 204 Pleasant street, Newton Centre. The fire was in a bedroom at that address and the cause was given as someone smoking in bed.

Sunday evening at 6:02 Box 93 was pulled a grass fire on land off Winchester street, Oak Hill, on the grounds of the Working Boys' Home. Shortly before midnight on Monday Engine 1 went to Watertown to help fight a fire in the Strand Theatre on Galen street. Two alarms were pulled and the damage was estimated at \$8000. The fire appeared to be of suspicious origin and is being investigated by the State Fire Marshal's department.

Charles Maloney, 8, of 36 Rockledge street, Newton Highlands, was struck last Friday afternoon by an automobile operated by Cornelius McCarthy of Clary street, Cambridge. The boy received a cut on the back of his head and was taken to the Newton Hospital for treatment. The accident happened at the corner of Centre and Clark streets, Newton Centre and McCarthy said the boy ran in front of the car.

NEWTON EMBLEM CLUB

The Newton Emblem Club will hold a meeting on Monday evening, April 27th, after which there will be a whist and bridge for the members.

RECEIVER FOR NONANTUM BANK MISSING

The disappearance of Guy L. Vaughan, receiver for the Nonantum Bankers Company and A. Pescosolido, Inc., insolvent Nonantum financial institution to people in that district who had money invested and deposited in those two concerns. Vaughan was removed as receiver several days ago by Judge Pierce of the Supreme Court.

The total amount involved in the defunct Nonantum banking concerns was about \$150,000 and the depositors had been informed sometime ago that the receiver had available about \$60,000 to pay to them, which would have been about a 40% dividend. When they did not receive any of this money appeals were made to the District Attorney's office at Cambridge and Asst. District Attorney Volpe was assigned to investigate the case.

On one and two-family houses preferred. Owner and occupant preferred. Applications now being taken for loans—not over \$8000 to one borrower. Money advanced to build. Call personally with Deed.

ZONTA CLUB

The members of the Newton Zonta Club will conduct an evening party in the Parish House of St. John's Episcopal Church, corner of Otis street and Lowell avenue, Newtonville, Wednesday, April 29, at eight o'clock. There will be tables for cards as well as backgammon, checkers and chess.

Every one interested in meeting the members of this new Newton organization and enjoying with them, a social evening is requested to communicate with Miss Ethel T. Gammons, chairman of the affair. Telephone day times W. N. 1530, evenings W. N. 1113-W.

MYSTERY LAYMAN TO PREACH AT WEST NEWTON

An interesting service is planned for the West Newton Community evening religious meeting in the Lincoln Park Baptist Church next Sunday evening, April 26th at 7:45 o'clock. A prominent Boston attorney, whose name is withheld, will preach the sermon. An exceptionally appropriate musical program will be given by the chorus choir of the Centenary Methodist Episcopal Church of Auburndale under the direction of Mrs. Franklin Ireland.

Among the special guests to be welcomed will be the Rev. R. W. Parsley of the Federated Church of Stow, Mass., and members of his church, the Rev. William E. Austill of the Cline Memorial Methodist Church of Newton Highlands and members of his church and the officers and members of various Newton organizations.

At the morning service in the Lincoln Park Baptist Church at 10:45 a. m. Rev. John S. Shad Franklin, the pastor, will preach on "Happiness Dust." The boys and girls of the Junior Church will present a worship program with song, prayer and Scripture lesson. Miss Lillian Chandler will sing Gaul's "Jerusalem" and the Vested Junior Choir will sing Prothe's "Sing Unto the Lord."

W. C. T. U. NATIONAL DRIVE

"Say it with Members" is the slogan appealing to every Union of every County of these United States.

A group from the Newton W. C. T. U., after a meeting for prayer at the home of the President, Mrs. Goddard, on April 16, joined in this "Membership Drive"—a drive which gained one state, California, 9000 new members, instead of the 5000 aimed at.

While the "Newton Mothers" were striving to "Newton the truth," the "Marys" were at home asking a blessing on the effort.

At noon the former group gathered at the home of Mrs. Campbell, on Jackson street, to discuss the subject and congratulate each other while delicious luncheon was served by their hostess.

Recent Engagements

Mr. and Mrs. Daniel Sullivan of 23 Kenwood avenue, Newton Centre, have announced the engagement of their daughter, Miss Eleanor Barbara Sullivan, to Leo Joseph O'Neill of Ashland, Pa. Miss Sullivan is a graduate of the Boston University College of Liberal Arts and also studied at the University of Grenoble in France. She is now travelling throughout the country, visiting various chapters of Theta Phi Alpha, as national inspector of that organization. Mr. O'Neill studied at St. John's Preparatory School in Danvers and is a graduate of the mining engineering department of the Massachusetts Institute of Technology. He is the son of Mrs. Stephen O'Neill of Brookline.

Mr. and Mrs. Ernest A. Hapgood of 4 Chestnut street, Newton Highlands, have announced the engagement of their daughter, Miss Virginia Hapgood to Malcolm Pray Gallagher, son of Mrs. Edwin Blakely Gallagher of Crafts street, Newtonville. Miss Hapgood is a graduate of the Boston School of Physical Education and for the past two years has been an instructor in the department of health education at Radcliffe College. Mr. Gallagher is a graduate of Dartmouth College, class of 1920, where he was a member of the Sigma Chi and Green Key fraternities.

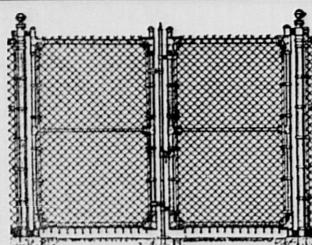

Mr. and Mrs. G. Horace Williams of 944 Centre street, Newton Centre, have announced the engagement of their

AUBURNDALE CO-OPERATIVE BANK

The annual meeting of the shareholders of the Auburndale Co-operative Bank will be held at the office of the bank at 295 Auburn St., Auburndale, on Wednesday, May 6, 1931, at 7 P. M. to elect seven directors for a term of three years and to transact any other business which may properly come before the meeting.

NATIONALLY KNOWN REALTOR TO SPEAK

The Newton Board of the Boston Real Estate Exchange is to hold its next meeting Thursday evening, April 30 in Hunnewell Club house. Chairman James W. Gibson will preside. Belmont and Brookline realtors have been invited as guests of the Board for the evening.

The guest speaker will be Guy Ellis, Detroit realtor and nationally known authority on real estate brokerage practices. Mr. Ellis conducted a sales conference for the Massachusetts Association of Real Estate Boards in Boston a short time ago and proved himself an amazingly effective speaker. Newton Board is very fortunate to be able to obtain his services for this meeting.

TO PRESENT THREE PLAYS

The Newton Dramatic Club, for its final program of the year, will present three one-act plays on Monday evening, April 27, at 8:00 P. M. at the Playground House in Newton Center. Mrs. W. S. Railback will coach the first play, "When Two is Not Company," the cast of which is composed of Robert Pieper, and Robert Foote. The second play, "M. Pierre Patelein," coached by Sumner Smith, will include Philip Hunter, Van Crews, Elsie Wilkie, Edgar King, and Donald Yager. This play is a sixteenth century comedy from the French. The third play is coached by Mrs. L. E. Dadman. Its title is "The Last Man In," and the cast includes Martha Swail, John Haughey, Sewall Logan, John Allen, and Kemp Lambert.

Light refreshments will be served following the plays.

KIWANIS CLUB

If Massachusetts men will replace pessimism with optimism and make boasting of themselves, our state will have no cause to worry about loss of Bay State industries, according to Leon M. Lamb, Executive Secretary of the Massachusetts Industrial Commission, who was the principal speaker yesterday at the weekly meeting of the Newton Kiwanis Club.

The Kiwanis session was one of the most interesting, and active in months. There was a large attendance and numerous guests present, including M. Joseph McCarron of Northampton, District Secretary, who introduced the principal speaker of the day. Mr. Lamb cited the efforts which other states are making to attract new industries and declared that the market for goods, transportation facilities, educational opportunities, finances, low factory rentals and recreational facilities, which are the factors ordinarily inducing manufacturers to relocate their men and machines, are in most instances better than those of any other section of the country and in every other instance just as good.

Subscribe to the Graphic

Maine, which began the work of state publicity four years ago, today shows an increase, he said, of more than \$24,000,000 in non-resident real estate values alone. Massachusetts men should follow the example of their ancestors, the speaker declared, for when the discovery of oil in Pennsylvania wiped out New Bedford's whaling industry, the capital released from that business was used in the establishment of the cotton industry. When the clipper ships and their commerce were driven from the seas by steamships, the hardy folks of the northern Massachusetts coast utilized the released capital to found numerous other industries. "When we lose some industry," he concluded, "we are just as able as our ancestors to replace it with another so that there is nothing to fear about the future of industrial Massachusetts."

Entertainment at this session was furnished by C. J. Hutchings a member of the Kiwanis Club, who entertained his fellow Kiwanians by playing a group of popular musical numbers on the xylophone. He was accompanied by Miss Evelyn Weller, pianist. Announcement was made by Frank Avantaggio that a bridge party and dance, open to the public, will take place in Temple Hall, Newtonville, next Wednesday evening, April 29, beginning at 8 p. m. Refreshments will be served and there will be music for dancing furnished by Gately's orchestra.

The club voted to hold its regular weekly meetings in the restaurant at Normbega Park throughout the summer months, beginning in May, as has been the club custom for several seasons.
